WHICH WASH-n-WEAR Will Fall APART?

Select Wash-n-Wear Clothes for Children Carefully

if you choose to buy them. One brand may launder satisfactorily. Another may turn dirty yellow or fall apart. This may happen to dress or sport shirts, blouses, work or play clothes, or other wash-n-wear fabrics and garments, white or colored, normally bleached for stain removal and retention of original whiteness.

According to AMERICAN INSTITUTE of LAUNDERING, inferior wash-n-wear garments may be made with certain resin finishes that absorb chlorine from hypochlorite bleach, commonly used. This can't rinse out and heat from ironing creates an acid which yellows or destroys the fabric.

If you buy wash-n-wear or other washables, be sure they carry the CERTIFIED WASHABLE SEAL of American Institute of Laundering. It certifies we can launder them to perfection.
