

# Ike Sends Letters Warning Congress To Act on Bills

Washington—UPI—President Eisenhower told his news conference today that he was sending letters to House Speaker Sam Rayburn and Vice President Richard M. Nixon, presiding officer of the Senate, warning of serious repercussions if Congress fails to act adequately before adjournment on legislation to permit raising the interest rate on long-term federal securities, on the requested gasoline tax increase to finance the interstate highway building program, and on authorization for the Federal Housing Administration.

## Calls For Labor Bill

—He also in his news conference called again for congressional approval of a labor bill close to the version adopted by the House and now in a House-Senate conference.

Eisenhower read a statement giving five major purposes of his trip to Germany, England and France:

1. To pledge this country's "devotion to peace with honor and justice" and to support "western unity in opposing, by force if necessary, any aggression and to preserve the

defensive strength required by our common security."

## Reiterate Readiness

2. To suggest to each of the key officials with whom he confers in Europe that they reiterate their readiness to negotiate "realistically" with Russia "on any reasonable and mutually enforceable plan" for disarmament, to make a real start towards solving the problems of the divided Germany and to help reduce world tension.

3. To discuss with each head of government problems common to that nation and the United States.

4. To rededicate the United States to the North Atlantic treaty.

## Aid For Needy Nations

5. To suggest to the heads of government that they explore together ways and means of cooperating in assistance to the underdeveloped nations. Eisenhower added after completing his statement this could be the most important item on his agenda.

He said that unless the civilized world was willing and ready to share in the burdens of making a better life possi-

ble for these nations, then the world was going to have a terrible time of it.

## Shall Never Retreat

As for readiness to negotiate with Russia, Eisenhower said the big allies should also "reiterate jointly that regardless of pressure or inducement we shall never retreat from our ideals or principles or weaken in our resolution to remain secure as we continue the search for peace."

The President said that as he prepared to wing over the Atlantic Wednesday he wished he could extend his visit to the capital of every nation dedicated to individual liberty and dignity; he would like to go to all the nations that want to live "only under a government established by the consent of the governed."

## SIGN AGREEMENT

Warsaw—UPI—Poland has signed a \$5 million dollar agreement to build four shipyards for Indonesia, it was announced today. The largest of the yards will be constructed in Java and will be capable of turning out 40 wooden fishing vessels annually.

# Steel President To Give Report

New York—UPI—David J. McDonald, president of the striking United Steelworkers Union, was to go before the nation's 33-man executive board today to report on the stalemated six-week old strike.

Union and industry negotiators were to continue their clause-by-clause examination of the expired contract but major issues were not expected to be discussed.

McDonald presumably would tell the executive board there was no immediate settlement in sight. Neither side apparently has budged from its pre-strike position and no serious steel shortage is expected before the middle of next month at the earliest.

The American Steel Warehouse Association reported Monday night in Cleveland that steel service centers have higher inventories now than they had at the start of the 1956 strike, which lasted 36 days.

The association said inventories stand at 3,125,000 tons, compared with 3,700,000 tons when the strike started.

The Aero Mayflower Transit Co. estimates that 35 million Americans moved from one home to another in 1957.

# Home Ransacking Solved by Police

The mysterious ransacking Sunday of the Jack Edson residence, 108 Geneva st., was solved Monday with the questioning of a 5-year-old neighborhood boy, Medford police reported.

Police said the boy admitted playing with toys, spilling fingernail polish, setting off flashbulbs, removing a total of \$1.73 and spilling turtle food in the dining room. But, police reported, he denied eating any cake.

# Father and Son Nabbed in Burglary

Portland—UPI—Multnomah county sheriff's officers Monday arrested Ernest Osborne, 40, Portland, on a charge of burglary not in a dwelling.

Osborne was arrested in connection with a Saturday night burglary of the Meadowland dairy and the Fairview farms in Portland. In both cases milk, butter and eggs were taken.

Police said Osborne was arrested after his 16-year-old son implicated him. The boy's wallet was found in the Meadowland plant after the Saturday burglary.

Osborne told Detective Clyde Lowery he and his son had entered the dairies to obtain food for his family.

# Search Intensified For Honor Escapee

Yacolt, Wash.—UPI—Police today intensified a search for Theodore Spradlin, 29, missing from a Washington state prison honor camp near Yacolt, after a handyman in the area reported the fugitive had visited his quarters.

Oscar Meyers, 50, employed at the Jack Witt home near Yacolt, north of Vancouver, said he had been out getting groceries, and when he returned he found a stranger eating in his cabin.

Meyers told police the stranger told him "he was the escaped prisoner from the honor camp, and then he asked if he could have another glass of milk."

Officials at the honor camp said the only escaped prisoner was Theodore Spradlin, who was serving time on a forgery count when he escaped Friday.

## NAMED FOR KHRUSH

Hope Mills, N. C.—UPI—Mr. and Mrs. Walter Street, trying to decide on a name for their 16th child, finally chose one they'd seen in the newspapers. They named the baby Nikita Khrushchev Street.

# Quotes From the News

By UNITED PRESS INTERNATIONAL

Toms River, N.J.—Ocean County Prosecutor Howard Ewart, tracing a prison fire that killed eight inmates to an inflammable tranquilizer solution and a cigarette slipped to a deranged prisoner by a trusty:

"It was an act of kindness, but he gave it to the wrong guy."

Washington—Senate Democratic Leader Lyndon Johnson (Tex.) on possible adjournment of Congress to avoid taking part in greeting Soviet Premier Nikita S. Khrushchev next month:

"I don't believe that the fact that the President has invited a visitor to this country and he has accepted is any reason for members of Congress to flee the capital."

Los Angeles—An unnamed detective, suggesting that pretty University of Southern California coed Linda Edna Martin was stabbed to death by a prowler as she stepped from a bath in her fiancé's apartment:

"I think myself it was a strange. Whoever was in there apparently was surprised by her and when she screamed, he stabbed her. There wasn't much of a fight."
