Park Employees Get Commendations

Three employees of Crater Lake National park have received commendations and monetary awards from the national park service for suggestions effecting economy in operations at the park. Superintendent Thomas J. Williams recommended the awards, which were approved by Lawrence C. Merriam, regional director, national park service, San Francisco.

Fred C. Carlisle, carpenter, was awarded \$20 for his suggestion pertaining to a jack he devised for facilitating repair of roof rafters subject to heavy snow loads. Ben G. Pool, shop foreman, and Ellis W. Varnum, heavy duty mechanic, were given a joint award of \$50 for devising and perfecting a jack hammer punch for rapidly preparing holes for snow marker poles.

All received commendations for their interest in devising more economical operations and for personal initiative, resourcefulness and interest beyond normal job requirements.

Stadium Plans Shown To Group

Preliminary sketches of the proposed multi-purpose stadium, which it is hoped will be built at the site of the present baseball stands at the fairgrounds near the south city limits, were shown to a group known as the Stadium committee last night.

The sketches call for 3,000 seats in the first construction with additional seats to be added as growth of the community necessitates. Dressing rooms, offices, concession stand and rest rooms would be built beneath the seats.

The committee decided to seek an appointment with the Jackson county court as soon as possible to present the proposal.

Robert Haworth, city parks and recreation director, told the group of some of the pitfalls experienced in county-city construction of a baseball park in Spokane and offered advice on how to avoid similar experiences here.

Harry Chipman, who has been acting as temporary chairman of the Stadium committee, was elected as permanent chairman.

nia st., Central Point, Aug. 27, 1959, a boy, 7 1/2 lbs., in Rogue Valley hospital.
