

Boeing 707 Hit by Hydraulic Failure

New York (UPI)—Hydraulic failure hit another Boeing 707 jet early Friday, but the American airliner landed safely here with 119 persons aboard, after the wheels had been cranked down by hand.

The plane was on the last leg of a San Francisco to New York flight when the trouble was discovered after a takeoff from a stop in Chicago, an American Airlines spokesman said.

Cause of the malfunction had not yet been discovered, the spokesman said.

Emergency equipment stood by as the plane came in at Idlewild Airport, but the big jetliner made a routine approach and smooth landing and taxied to the passenger gate under its own power, the spokesman said.

First 4-H Fair Awards Dinner Draws Crowd

Almost all the expected 800 adults and 400 4-H club members attended the first annual 4-H fair awards banquet and dress revue Friday night in the new National Guard armory on the county fair grounds.

Onlookers also filled one side of the upstairs balcony overlooking the main floor. Theme of the program was Catalina Holiday. Banquet-goers were lined up long past 8 p.m. as Young Farmers and their wives hurriedly dished up rapidly diminishing supplies of ham or fish and vegetables. The fire at the Morton Milling company on East Jackson st. delayed some of the businessmen, who had detoured en route to the banquet to check on the safety of their business properties.

The banquet was jointly sponsored by the Jackson County Young Farmers club and the fair board. Other music was provided by The Strollers, singing group composed of Keith Berg, John Frohnmeyer, Dave Johnson, Paul Moore and Ray Konopasek.

Allen Harris, of the Jackson County 4-H Leaders association, started the awards presentations by giving Miss Marilou Garner, county 4-H agent for home economics, a gift from the association. Miss Garner has resigned effective Sept. 1, Tuesday, to become a girls' group worker on the staff of the La Casa de San Gabriel, a Presbyterian community center in San Gabriel, Calif.
