

Hay Fever Patients now open Nose-Sinus Zone with New 3-Layer Tablet

Clear, free breathing restored in minutes as congested nasal zone is decongested—stops sneezing, watery, itching eyes

Chicago, Ill. (Special) Observers here are hailing a remarkable new advance against the most unrelenting misery of hay fever—congestion in the nose-sinus zone.

A *why* has been found to decongest this congestion. This is the central fact which has aroused so much interest on the part of hay fever sufferers who have never found satisfactory relief from other medications.

Up to now, nose drops, eye drops, inhalers, sprays and antihistamines have given some measure of relief. But today you can expect much more complete comfort. This new compound reaches all the congested nasal areas from all sides, through the blood stream. It opens stuffed-up, blocked nasal passages. Free breathing is restored in minutes. Stops unpleasant sneezing; watery, itching eyes are cleared.

New Tablet Discovery

It took a new kind of tablet—made in three separate layers—

to combine the special ingredients which make this formula so amazingly effective. Among them is a new decongestant substance so effective it has become the single ingredient most prescribed by doctors for relief of congestion in the nose-sinus area.

Available without Prescription

Now available without prescription—this new 3-layer tablet is called *Dristan*. Its unique combination of ingredients—(1) opens up blocked breathing, (2) stops unpleasant sneezing, (3) clears red, watery, itching eyes. At the same time, *Dristan* helps the body meet the great demands put upon it by the stress and strain of hay fever, and bolsters the body's resistance to infection.

Hay fever sufferers who want faster, more complete relief than they have ever before obtained are advised to try *Dristan* Decongestant Tablets—satisfaction guaranteed, or money refunded.

Listerine stops bad breath 4 times better than tooth paste!

Tooth paste is for your teeth—Listerine is for your breath. Germs in the mouth cause most bad breath, and you need an antiseptic to kill germs.

Always reach for Listerine after you brush your teeth. No tooth paste is antiseptic, so no tooth paste kills germs the way Listerine Antiseptic does . . . on contact, by millions.

Listerine stops bad breath four times better than toothpaste—nothing stops bad breath as effectively as the Listerine way.

... your No. 1 protection against bad breath

NO ONE KNOWS MY HAIR IS GRAY!

because I use

CANUTE WATER

I can hardly believe my eyes as I comb this pure, colorless, crystal clear liquid into my hair. Amazingly, and at once, my gray hair begins to color and look young again—just like my own, original natural shade. It's simply thrilling!

I know my lovely new color does not wash off—and is guaranteed against sun-fading. Takes permanent waving, too. Canute Water is not prepared for beauty shop application. It is designed for easy home use only. A simple retouch about once a month keeps my hair young looking—always.

No skin test required because Canute Water is harmless. Not a single injury in more than 45 years. Only a few cents per application. For men, too. At all drug stores.
