

Corrupt Union Leaders Rapped

Spokane, Wash. — (UP) — The president of the U. S. Chamber of Commerce said today right to work laws would help clean up corrupt unions.

Edwin D. Canham said cor-

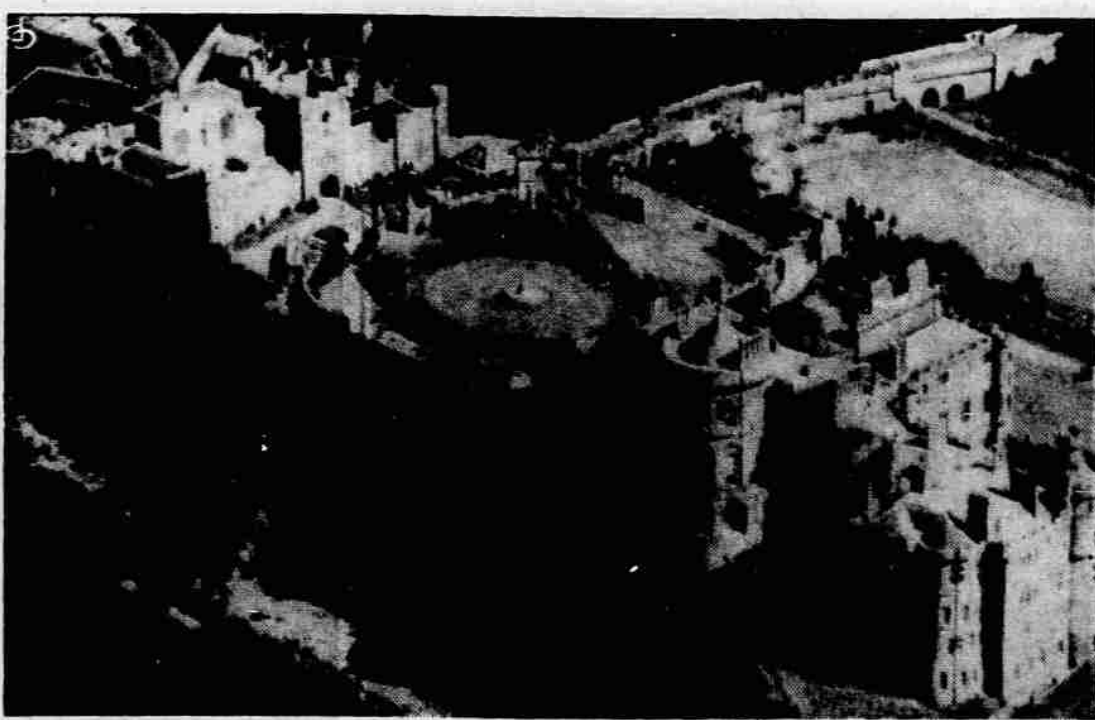

ruption would be "self-liquidating" if workers could withdraw from unions whose officials were stealing union funds or engaging in partisan politics.

Without the union shop, union officials would be "forced to earn the loyalty of members," Canham told the Spokane Chamber of Commerce.

He said abuse of union power "could destroy or seriously cripple the ability of our economic system to spread its benefits among everyone."

Corrupt labor leaders were "asking for trouble," Canham said. "And they are liable to find it." He said labor misdeeds might cause the public to crack down on unions with "explosive anger."

The chamber strongly supported the labor reform bill approved by Congress last week.

Neuberger Plans Addition To Bill

Florence, Ore. — (UP) — A statement by Sen. Richard L. Neuberger (D-Ore.) that he was considering an addition to his bill for an Oregon Dunes National Seashore park brought reaction here today.

Neuberger said he was considering an amendment which would allow residential property owners to retain all rights to their homes.

John M. Hayes, chairman of the Western Lane Taxpayers association which opposes the proposed 25,000-acre park, said: "We are pleased that Senator Neuberger has recognized that there are private homes and lands around them that should be protected. We are sure that what appeared to be an unjust attitude was his unwillingness to make concessions until he became more familiar with local problems."

A Senate interior subcommittee, with Neuberger as chairman, is scheduled to hold hearings on the proposal in Eugene and Reedsport next month.

Meat Packers Resume Talks

Chicago — (UP) — Negotiations resumed today at two of the country's major meat packers, one of them idled by a nationwide strike.

Federal mediators planned to sit down with Swift & Co. and two unions that went on strike last week in a walkout that idled 17,000 workers in 34 cities.

Talks were also continuing between Wilson and Co., and the unions, the United Packing house Workers of America and the Amalgamated Meat Cutters and Butcher Workmen.

The Wilson contract, covering 6,500 workers in seven cities, was extended and a strike threatened for last Friday postponed.

The unions struck Swift at one minute after midnight Friday. They charged the company was seeking authority to cut wages drastically in some southern plants.

The unions had asked Wilson and Swift to match contracts negotiated first with Armour & Co. and later matched by other major meat packers, calling for increases of 22½ cents hourly in wages and benefits.
