Lazy-Aged 4-H Beef

LAZY-AGED BEEF... It's the way BIG 'Y' ages mature beef that makes it so much better. For 18 to 25 days, Big Y mature beef is kept in aging rooms at a constant temperature of 33 degrees to 35 degrees. This is nature's way of producing tempting tenderness with full flavor! That's why there is no question about where to shop if you are particular about beef.
