CURAD[®] New "mercy" bandage

won't pull the scab off

Unlike gauze bandages, new CURAD with non-sticking Telfa[®] pad won't hurt when you take it off... won't reopen healing wounds

No more crying when the bandage has to come off. New Curad "mercy bandage" has a pad of Telfa (like the Telfa Dressings used in hospitals). Gauze is covered with a plastic surface which never sticks to the wound, won't pull the scab off.

Flesh color or transparent for adults, Battle Ribbon colors and designs for the kids. Medicated. Waterproof.
