

### Phoenix Teachers Hold Training

Phoenix - New techniques and approaches in the fields of science, language arts, mathematics and social studies were emphasized in the in-service meetings held by Phoenix district teachers Tuesday and Wednesday.

Stressing the coordination of subject offerings from the primary through the high school grades, teachers of the system examined test results and discussed progress reports based on similar meetings held in the past year. Speakers included Dr. Alvin Fellers, professor of English at Southern Oregon college; Mary Ann Athanas, girl's physical education director, Hedrick Junior High School, Medford; Robert Lawrence and Jim McDonald of the county school superintendent's office, who explained the science materials available at the county office, and several Phoenix staff members, who attended institutes and summer schools.

Plans were adopted for periodic meetings during the school years of English, math, and science teachers of the system to discuss pupil progress in the fields.

### Savings Bond Sales Show Decline in Area

Savings bond sales during August in Jackson county showed a decline from the value sold in August, 1958, George W. Mimmough, state director, has announced.

Value of bonds sold in the county last month was \$48,669, compared to \$79,327 in August, 1958. For the year, a total of \$628,818 has been sold here, compared to \$611,166 during the year 1958.

## Revisions in Medford School Bus Routes Are Announced

The Medford school bus schedule has been revised somewhat, Russ Acheson, assistant superintendent in charge of transportation, building and maintenance, has announced.

The revision was necessary to provide service to the Barnett rd. area transferred to the Medford district by the boundary board recently, to improve service in the Jacksonville area, and to provide service to Jackson school from Ross lane.

**Ruch-Jacksonville**  
Bus No. 12, originally scheduled to leave Poorman-Sterling Creek turn around at 7:14 a.m. will begin its morning trip to McLoughlin Junior High from Jacksonville at 7:30 a.m., following West Main as originally announced.

Bus No. 14 will begin its morning pickup for Ruch area students at the old Ruch turn around point on Poorman-Sterling Creek rd. at 7:45 a.m., following the schedule originally announced.

In the Jacksonville area, an additional small bus, No. 19, will be put in service leaving the turn around point on Poorman-Sterling Creek rd. at 8:14 a.m., and going to Jacksonville with pupils for Medford High, McLoughlin Junior High, and Jacksonville grade school. In Jacksonville students going to Medford will be transferred to another bus at 8:35.

Bus No. 14 from the Ruch area boundary will start at 8:30 a.m. to pick up pupils for Jacksonville grade school and Medford High who live on Highway 238 southwest of Jacksonville.

In the afternoon Bus No. 14 will pick up Jacksonville primary pupils at 2:55 p.m., transporting them to points on Highway 238 en route to Ruch. Those who live on the Poorman-Sterling Creek rd. will be taken to Ruch on this bus and returned to their homes with Ruch pupils who live on the road. All primary pupils from Jacksonville should be home by 3:45 p.m.

Bus No. 16 will not be used to transport primary pupils to the Poorman-Sterling Creek area.

For junior high pupils in the Barnett rd. area, the route of Bus No. 7 will be extended west on Crestbrook, leaving Crestbrook, leaving Murphy rd. at 7:25 a.m., making a turn around on Crestbrook, leaving Crestbrook and returning to Murphy rd. and Country Club Manor to Hedrick Junior High.

Junior high pupils living west of Crestbrook will catch the bus at Crestbrook and Barnett rd. Starting time on this bus will be advanced from 7:15 to 7:10 a.m. to allow time for the addition to the route. In the afternoon the bus will make the same turn around loop.

**Barnett Road-Senior High**  
For senior high pupils from the Barnett rd. area, Bus No. 7 will begin picking up at Barnett rd. and Murphy rd. at 8 a.m., going east on Barnett rd. to North Phoenix rd., north on North Phoenix rd. to Cherry lane, follow Cherry lane to Hillcrest rd. and Hillcrest to Foothill. From this point the originally announced schedule will be followed.

Bus No. 3 will transport pupils from Murphy rd. east beginning at Murphy rd. and Barnett rd. at 8:45 a.m. as originally scheduled.

In the afternoon, Bus No. 3 will pick up all Barnett rd. pupils at the high school and will transport them to the Country Club Manor area, where those living on Barnett rd. east of Murphy rd. and North Phoenix rd. will be transferred to Bus No. 1. Bus No. 3 will complete the return trip for those living west of Murphy rd.

**Ross Lane-Jackson School**  
Bus No. 17 will pick up pupils on Ross lane going to Jackson school. It will begin picking up at Ross lane and McAndrews at 8:10 a.m., and will go north and east on Ross lane to Sage rd. and follow Sage rd. and Summit to Jackson school. Pupils will arrive at school at 8:20 a.m.

**Redesigned Dams May Result from Delay in Hearing**  
Grants Pass - Fay Bristol, state representative from Josephine county, told Grants Pass Rotarians last week that the 60-day postponement of the hearing on the Rogue basin survey was called in an attempt to get dams which would supply colder summer water to the Rogue river.

He said that such dams are not proposed in the engineers' report which was to be presented this month, because Army Engineers scaled down their plans when the fish and wildlife service objected to main stem high dams.

Plans were scaled down to eliminate any deep storage of winter water, he said, leaving only shallow dams which would contain only late spring runoff to supply irrigation and power needs.

**Redesign Structures**  
Bristol said if additional time and appropriations can be authorized, the corps can redesign proposed structures to contain cooler water in deeper storage pools.

The cooler water should be released during the hottest part of the season to improve the fish life conditions and recreation depending upon it.

He said he sees hope that the fish and wildlife service will approve colder summer water for the Rogue. New federal laws now permit inclusion of the money value of recreational facilities created by water storage projects in the cost package of such projects, along with power, irrigation, and flood control money value.

The current marked change in southern Oregon opinion toward deeper pools for colder water, speeded by this summer's extreme dry weather, was a shock to wildlife agencies at the recent Medford hearings. He said he felt the opposition that has limited the Rogue project study to shallow dams may be due for a change.

**Dr. Labby to Appear On Local Television**  
Dr. Daniel H. Labby, professor of medicine at the University of Oregon medical school, Portland, will appear as a guest on the Jackson County Tuberculosis and Health association's television program at 6 o'clock this evening on KBES-TV.

Dr. Ray L. Casterline and Dr. Martin L. Vorheis, Medford, specialists in diagnosis and internal medicine, will participate in a panel discussion, "What's Going On in Medical Research in the State of Oregon?"

**T'Vault Honored At Park Ceremony**  
Gold Hill - Jack Sutton told a group attending dedication of a plaque at the Danelle Park here last week that William Green T'Vault was "outstanding even among the most courageous of the early pioneers."

Sutton spoke at ceremonies dedicating the roadside park to T'Vault, pioneer southern Oregonian.

Others participating in the ceremony included Dr. Frank Haines of Southern Oregon college and president of the Siskiyou Pioneer Sites Foundation; Miss Claire Hanley, president of the Southern Oregon Historical Society; and Chris Kenney of Jacksonville, grandson of T'Vault.

Sutton outlined the career of T'Vault from the time he led a wagon into southern Oregon in 1845 until the time of his death in a smallpox epidemic in 1869.

T'Vault was admitted to the Oregon bar in 1846, was the first editor of the west's first newspaper, the "Spectator," and was president of the Oregon Printing association. He also was first postmaster general of the Oregon Territory.

### Duncan Named to Advisory Board

Portland - Robert B. Duncan, speaker of the house of representatives, has been named to the board of advisors of a new national insurance company with home offices in Salem.

The Insurance Company of America was organized recently by a group of leading Oregon businessmen with H. A. Buerner of Portland as chairman of the board. Hugh Earle, former state insurance commissioner, is president.

The company will sell life, health and accident coverage, Buerner said. In addition to the Salem office, principal sales headquarters will be located in Portland.

Stock in the new company is being offered by Oregon Underwriters, Inc., through representatives throughout the state. There are 500,000 shares to be issued at \$4 per share, according to Lincoln Hanks, president of the underwriting firm.

### Hallock Opens New Office in Portland

Portland - Ted Hallock, former state coordinator for Oregon's Centennial commission, opened offices here last week as a public relations consultant.

Hallock is offering services throughout the state and the Pacific northwest.

The 37-year-old former radioman, prior to joining the Centennial commission in March, 1958, was public relations director for an Oregon investment firm for five years. Previously, he was assistant editor of a national music magazine in Chicago.

In 1952 and 1956, Hallock traveled throughout the United Kingdom and Russia recording special radio interviews which were broadcast on all-Oregon networks. For his various radio broadcasts, Hallock was awarded the George Foster Peabody medal, and citations from Freedoms Foundation, the English speaking Union, and Ohio State university. He is a graduate of the University of Oregon in journalism.
