

Stockade is Subject Of Magazine Article

The welcome stockade on Siskiyou summit is the subject of an article in this month's issue of the Pacific Telephone Magazine.

The page story includes two pictures of the stockade. The article states that it is the first stockade built by the Army in more than 60 years. Members of the 417th Engineer Brigade, U. S. Army reserve, Medford, constructed the structure earlier this year. During the Centennial year it has served as an information center for Oregon visitors.
