Oregon Week End Highway Crashes Take Seven Lives

Banfield Freeway Scene of Fatality

By United Press International Oregon's week end highway death toll swelled to seven with the death of a Portland man Sunday on the Banfield expressway.

Wymond Henderson, 45, Portland, was killed when his car smashed into two overpass abutments near the Troutdale airport.

Ray Roy Hudson, 50, Days Creek, was killed in a two-car collision about three and one-half miles east of Canyonville on highway 230 Saturday.

Ward Williamson Robson, 48, Vida, was killed about 5:30 a.m. today when his motorcycle was struck by a logging truck on Highway 126 about one mile east of Vida. State police said a logging truck driven by Sylvain Peterson, Springfield, started to pass Robson's motorcycle at the same time that Robson began a left turn into a private driveway.

Brakes of Car Slip
A Klamath Falls insurance adjuster, Fred Grom, 59, was injured fatally in an accident in the Hart mountain area east of Klamath Falls Saturday. He was crushed when the brakes of his car slipped as he was beneath the vehicle.

Lee Edward Boatman, 17, Culver, was killed Saturday when a freight train struck a car in which he was riding south of Culver.

Early morning Saturday crashes claimed two lives. Geri R. West, 20, Vancouver, Wash., was killed when his car plunged off a fill on Union ave., north of the Portland city limits.

Maurice Robert Hawk, 19, Salem, died when his car careened into a ditch north of Salem.

Hatfield Invites Oregon Delegation

Salem—UPI—Gov. Mark Hatfield said today he had invited Oregon's congressional delegation to confer with him in his office during adjournment visits home.

Last year, immediately after his election, Hatfield attempted to arrange a similar session, but Sen. Wayne Morse did not attend.

"I am looking forward to these sessions with our senators and congressional representatives," Hatfield said. "I will be glad to arrange for any briefings they care to have on state government, the legislative sessions or matters coming before any agency," he added.

"If There Are 50 States Why Does Everybody Keep Saying He's From Missouri?"

WHITE HOUSE MEETING—President Eisenhower meets with Prime Minister Rashid Karama of Lebanon at the White House today. Karama, who is in this country to lead the Lebanese delegations to the U.N. General Assembly, said the conversation ranged over the entire international situation. (UPI Telephoto)

Wednesday Meeting To Consider Date For Consolidation

Phoenix and Talent school district boards and administrators are to meet Wednesday evening to consider whether the recently-voted consolidation of the two districts should become effective at once or next July 1.

The Jackson county school district board meeting this morning to canvass the votes, postponed its decision on the effective date

Lecture, Tea Attended by 100

Jacksonville—Nearly 100 persons attended the lecture and benefit tea here Sunday sponsored by the Siskiyou Pioneer Sites foundation.

Professor Marion Dean Ross of the school of architecture and allied arts, University of Oregon, spoke prior to the tea on the history of architecture. Illustrating his talk with slides, Professor Ross also spoke on architecture in Jacksonville and comparable communities.

He mentioned requirements that should be checked prior to deciding what buildings should be preserved. Points included good architecture, typical of the period and the type of building.

The tea was held at the McCully house, 204 California st., from 3 to 5 p.m. Pouring were Miss Claire Hanley and Mrs. John F. Kearney. In charge of the guest book were Mrs. Martha Gregory and Mrs. Charles Eden, both Medford. They wore clothing of the 19th century loaned for the occasion by Mrs. John Solis, Medford.

Proceeds from the tea will be added to the U.S. Hotel restoration fund.

Bohlen Named To Soviet Affairs Post

Washington—UPI—The State Department announced today that Charles E. Bohlen, an expert on Russia and presently ambassador to the Philippines, has been named special assistant to the secretary of state in the field of Soviet affairs.

Bohlen had been rumored for the new post for some time.

Department spokesman Lincoln White said no definite date has been set for Bohlen's return to Washington from

Manila, but he is expected to take up his new task before the end of October.

It had been speculated that Bohlen, former ambassador to Moscow, would be brought back to Washington in time to accompany President Eisenhower to Russia later this fall, probably in November.

White declined to comment on this aspect of the move but emphasized that Bohlen plans to get here before the end of October.

Gunnar Suggested As Neuberger Foe

Albany, Ore.—UPI—State Sen. Monroe Sweetland (D-Milwaukie) has suggested that State Republican Chairman Peter Gunnar oppose Sen. Richard L. Neuberger (D-Ore.) for the Senate next year.

Sweetland told a meeting of Young Democrats Saturday night.

Gunnar has been trying without success to find a Republican to oppose Senator Neuberger next year. He has vainly tried to whip up a case against Neuberger, so only one solution remains: Let Mr. Gunnar, now that he has passed his 30th birthday, as is required, make the filing himself.

Sweetland also told the Young Democrats they should not underestimate the strength of Vice President Richard Nixon in 1960.

He said "the Republican plan for 1960 is to put over by retreat, plastic surgery and camouflage an image very different from the old Nixon whom the American public long ago decided they did not want ever to be president."

Laborers Slain East of Chiloquin

Klamath Falls—UPI—A ranch hand, Mike Joseph, 52, Lone Pine, Ore., was charged with murder in connection with the death of two transient laborers on a ranch 10 miles east of Chiloquin Sunday.

Dead are Okey Eugene Richards, 34, Wilsonburg, W. Va., and Harry Deman, 56, Watertown, S. D.

Joseph was arrested Sunday night after he told sheriff's officers he shot the two men with a .30-30 rifle, according to the Klamath county sheriff's office.

The county office was called by Lou Jones, Chiloquin police chief, after an Indian told him there were two bodies lying in front of a cabin at the Lang ranch.

The sheriff's office said the men had apparently been drinking together and got into an argument.

Neuberger Plans To Seek Reelection

Portland—UPI—Sen. Richard L. Neuberger (D-Ore.) said today he probably will run for reelection next year and hoped the Republicans would oppose him with an "intelligent candidate" who can "debate the issues on a high level."

On a week end suggestion by State Sen. Monroe Sweetland (D-Milwaukie) that State Republican Chairman Peter Gunnar himself oppose him, Neuberger commented that he would welcome Gunnar but would prefer a candidate "with some respect for intelligence of the electorate."

He said he felt Gunnar had been trying to "capitalize on a know-nothing sentiment" in criticizing him for his free-lance writing.

San Francisco—UPI—The American labor movement charged today in a formal resolution that Soviet Premier Nikita Khrushchev is following tougher policies than Josef Stalin.

The resolution was adopted at the national convention of the AFL-CIO while Khrushchev was sightseeing in San Francisco.

"Khrushchev has been more truculent and demanding in his aggression than Stalin," the resolution said.

"The present Kremlin course towards the problem of German reunification and Berlin is far tougher than the harshest proposals put forward under Stalin."

TOURS BAY—Soviet Premier Nikita Khrushchev (light suit) is pictured on the bridge of Coast Guard Cutter Gresham during a sightseeing tour in San Francisco bay today. Khrushchev told reporters "Of all the cities I have seen in the United States, San Francisco is the most beautiful." (UPI Telephoto)

Russians Said Concentrating On Submarines

Soviet Leader Meets Bridges

San Francisco—UPI—Premier Nikita Khrushchev, took a sightseeing trip around San Francisco Bay in a Coast Guard cutter today and told its skipper in a friendly conversation that the Russian navy is concentrating on submarines.

The Communist leader embarked on a whirlwind day of rubbernecking, inspection of an electronic brain at an IBM plant and a visit to headquarters of the International Longshoremen and Warehousemen's Union.

At the ILWU hall, a memorial to workers killed in the San Francisco 1934 general strike, Khrushchev met Harry Bridges whom the United States long sought to deport as a Communist.

The Soviet leader looked over the sparkling city early this morning from Nob Hill and pronounced it the most beautiful of any he had seen and the place where he had got the warmest welcome.

His day started off with the boat tour and on the deck of the cutter Gresham Khrushchev got into a good-natured talk with Cmdr. B. P. Clark about navies.

Size of Navy Secret
"We are now concentrating on reconstructing our navy," Khrushchev told Clark. "We are largely growing to concentrate on submarines."

Asked about operations Soviet submarines are now engaged in, Khrushchev said: "We are now catching herring without submarines." Then he threw back his head and laughed heartily.

At another point, Khrushchev noted without comment the U. S. aircraft carrier "Ranger" getting up steam, Clark pointed out the Alcatraz island prison and the U. S. Army port of embarkation.

After the boat trip, Khrushchev went to the LWU hall. He had used to grocery officials by changing his schedule this morning. He had been scheduled to go to a supermarket but instead he insisted on the visit to the longshoremen's hall.

Bridges and other union officials greeted him outside the hall and Mrs. Bridges gave him a bouquet of pink roses.

With Eisenhower's representative, U.N. Ambassador Henry Cabot Lodge, beside him, Khrushchev went to a platform where a microphone had been installed and made a few remarks. Longshoremen pressed in to shake his hand.

"I will take back the greetings of American workers to the Soviet Union and I extend the greeting of the Soviet Union to the workers of America."

"Work and Good Wages"
"What is the main wish you want me to take back? Peace is not enough. I want there to be enough work and good wages."

There was applause several times and when Khrushchev asked "May I call you comrades," there was applause again.

The friendliness of the San Francisco reception, after the angry encounter with Mayor Norris Poulson in Los Angeles, was gratifying to Khrushchev's State Department escorts. The White House had issued a statement today that the Premier's forthcoming talks with President Eisenhower would not be helped by "personal discourtesy" on his coast to coast tour.

Youths Arrested For Burglaries In Medford Area

An alert off-duty policeman who stopped to help three youths with their stalled pickup truck led to the apprehension of the trio and the clearing up of six burglaries, three car thefts and two or three larcenies in the Medford area, city police said today.

Two of the youths, 13 and 15 years old, are being held in the Jackson county juvenile detention home and a 14-year-old boy is being held in the Jackson county jail, following interrogation by Medford police. The 14-year-old boy was committed to the Jackson county jail due to lack of room in the detention home, police said.

The off-duty officer was on his way home when he observed the stalled pickup truck on Buckshot Hill rd. As he approached to help the youths they jumped out and ran. Three Medford patrol cars responded to the officer's call and the trio was caught later.

The truck was found to be stolen from Austin King Trucking, 1200 Crater Lake ave. The youths confessed to police that they had taken a Jeep station wagon for a "joy ride" from the company's parking lot a week ago.

The youths also admitted to breaking into Patterson's bakery, 1242 North Central ave., about 7 p.m. Sunday and into the Schmidt Distributing company, 1213 Court st., at 9 p.m. Sunday. No report was available immediately on what was taken at the bakery. Beer and wine were taken at the distributing company, police said.

Other cases cleared included an attempted burglary on Sept. 7 at Cummings of Medford, 909 East McAndrews rd.; theft of several boxes of cornbread mix and men's hose from Consolidated Freightway's trucks at the company parking lot, 703 Central ave.; \$10 worth of pastries from Beck's Bakery trucks at the plant on 1414 North Riverside ave., Sept. 2; attempted burglary of the Seventh Day Adventist church, Aug. 28; theft of four cases of Pepsi-Cola syrup from the Rogue Drive-In theater, Crater Lake highway and Biddle rd., Aug. 24; and the theft of the Malcolm and Madeline Stine car Thursday. The car was run into a ditch at the intersection of Lone Pine and Brookdale rds.

Petrulli On Way Back as Citizen

Moscow—UPI—Nicholas Petrulli, 38, a sheet metal worker from Valley Stream, N.Y., who first renounced his American citizenship to become a Soviet citizen and then changed his mind, left for home today a wiser man who wants only a chance to start over again.

"All I want to do is go home, see my brother, Dominick, and I guess get a job somewhere and start over," Petrulli said at the airport.

Petrulli received his visa to leave the Soviet Union by special courier only 75 minutes before his plane was due to depart.

He was scheduled to arrive in New York Tuesday morning.

Petrulli would have been a stateless person if Washington had accepted his renunciation of American citizenship.

He received word late last week that Washington had set a side the renunciation he mailed in Sept. 3 and would accept him back as an American citizen.

Labor Charges Khrushchev Tough

San Francisco—UPI—The American labor movement charged today in a formal resolution that Soviet Premier Nikita Khrushchev is following tougher policies than Josef Stalin.

The resolution was adopted at the national convention of the AFL-CIO while Khrushchev was sightseeing in San Francisco.

"Khrushchev has been more truculent and demanding in his aggression than Stalin," the resolution said.

"The present Kremlin course towards the problem of German reunification and Berlin is far tougher than the harshest proposals put forward under Stalin."

Sen. Morse Sees Russian Premier Worried About War

Washington—UPI—Sen. Wayne Morse (D-Ore.) said today he thought Soviet Premier Nikita Khrushchev came to the United States "because he is worried about war."

Morse said he also felt Khrushchev might not be the "absolute dictator" which the free world pictures him as.

The Oregon Democrat made the statements in a copy-righted interview appearing in U.S. News & World Report.

He met Khrushchev when the Soviet leader held a closed meeting with the Senate Foreign Relations Committee last week. Morse is a member of the group.

The senator said he believed Khrushchev was "greatly concerned about war," and knew "that a nuclear war between the United States and Russia will mean—over the decades and decades to come—the end of both countries."

Said 'Realistic'
"He's realistic about that and we must be realistic about that too," Morse said.

"My feeling is he wants to work out some basis for peace," the senator said, "and I think we ought to try to negotiate on an honorable basis."

Morse said it should be done through the United Nations "because these problems can't be solved by agreements between the United States and Russia."

The senator said he listened to Khrushchev for an hour and a half and studied him carefully. He said the Russian leader stressed "peace, peace, peace, peace," throughout his whole talk.

At the same time, Morse noted that the way in which Khrushchev fielded "hot potato" questions showed he was an "audacious debater and 'very tough and very difficult'."

"But I also don't think that we serve the interests of our country by taking the position that we shouldn't try to negotiate with him," Morse said. "And negotiating with him doesn't mean the Chamberlain 'umbrella' approach. It doesn't mean... appeasement..."

Forests Safer After Week End Rain

Lookouts on eight of the 11 stations of the state department of forestry in Jackson county came down over the week end for a few days off their posts and the southwest district office said that weather conditions will determine when they go back on duty.

The office said that the spotty rainfall over the week end "probably made the forests safe for a few days."

Intermittent squalls showered the Medford vicinity with varied amounts of precipitation. Only .06 of an inch of rain was measured on Saturday and Sunday at the Medford station of the U. S. weather bureau. However, other areas of the vicinity obviously had heavier amounts of rain.

Tuesday Hearing Set On Reorganization

The Jackson county school reorganization committee will hold a public hearing Tuesday, Sept. 22, at 8 p.m. in the conference room on the first floor of the courthouse annex, on a petition to the boundary board to transfer land from District 6C to the Rogue River school district, it was announced.

Businessmen in the area from about Rock Point bridge to Fiddler's Green along both sides of the Rogue river recently submitted a petition to the reorganization committee to be included in the Rogue River district. Residents in the area had petitioned the board to remain in District 6C.

The hearing is being held so patrons of the districts may express their views concerning the proposal.

Phoenix School Has 792 Students

Phoenix—Current enrollment in the Phoenix school district shows an overall increase of 4.7 per cent, according to Ernest James, Phoenix school district superintendent.

This is a climb from 757 during the last school year to 792 this year, James said. About 25 to 30 high school students are still working in the fruit and are expected to return this week.

The grade school showed a 6.3 per cent increase in attendance, or a rise from 581 to 617, and the high school remained about the same, 176 pupils attending the first day last year and 175 this year.

Largest attendance in the grade school classes was 94 in the second grade. The high school 10th grade had the largest attendance, 49. Smallest attendance recorded for the grade school was 57 for the fifth grade. Smallest attendance in the high school was 39 for the freshman year, during the first day.

Other grade school grades and their attendance were: first grade 86, third grade, 83, fourth grade, 80, sixth grade 81, seventh grade 63 and eighth grade 73.

High school attendance in other grades was 42 for 11th grade and 45 for 12th grade.

Russia Requests Debate On Disarmament Plan

United Nations, N.Y.—UPI—Russia today asked the General Assembly for a full debate on Premier Nikita Khrushchev's outline for "general and complete disarmament."

Khrushchev, in the major speech of his U.S. tour, Friday proposed to the Assembly that all the world's armies, navies and air forces be abolished within four years, leaving forces only to maintain internal security.

Soviet Foreign Minister Andrei Gromyko, as chief of Russia's delegation to the Assembly, asked that the item "general and complete disarmament" be included in the agenda as "an important and urgent matter."

The Assembly's 21-nation Steering committee, which immediately schedule a meeting to take up the Russian request.
