Russians Told Of Khrushchev's 'Warm Welcome'

Moscow - (UPI) - The Moscow Radio Home Service told its listeners Monday that Premier Nikita Khrushchev was greeted at Glendale, Calif., by a group of people carrying "We Like Khrushchev" banners.

The broadcast report of Khrushchev's Los Angeles to San Francisco trip was in contrast to reports in Pravda of his Los Angeles visit. Pravda said Khrushchev's route through Los Angeles was concealed from the people.

"It seems as if someone in California was afraid of meetings between the head of the Soviet government and the plain people," Pravda said. The statement was almost the only sour note in the extensive press and radio coverage given his American tour.

The home radio service Monday, after reporting Khrushchev's "warm welcome" in Los Angeles, gave this version of his train ride to San Francisco:

"Everywhere there were groups of people who approached the railway to wave. At Glendale station the train was met by a large group of people carrying banners 'We Like Khrushchev.'"

"One group of young people displayed a banner with the word 'Peace.'"

"At Santa Barbara thousands of the town's inhabitants assembled in the railway yard and applause and greetings met Nikita Sergeyevich Khrushchev when he came out of the carriage to greet the public."

Moscow radio said crowds met him in San Francisco with "more than 40,000" near his hotel when he left his car. It said he "went straight to the people and warmly greeted the Americans and shook their hands." It said the gathering replied "with applause and cries of welcome."
