The Medical Roundup

by Walter Alvarez

Emeritus Consultant in Medicine
Mayo Clinic
Emeritus Professor of Medicine
Mayo Clinic

Hysterical Blindness

One of the most remarkable phenomena I've ever seen is hysterical blindness. I remember a neurotic who, right after the birth of a child, said she was stone blind. A careful study of her eyes, and their behavior as light was thrown into them, showed no sign of disease and hence I strongly suspected that the cause was a hysterical one. I told her husband I thought she soon would be well, and sure enough, in two weeks, after I had been encouraging her, and she had gotten a local "wise woman" to come and do a little hocus pocus, she suddenly saw again; and that was the end of her blindness.

As Dr. Vail says in his fine book, "The Truth About Your Eyes," during the last war, many soldiers when suffering from combat fatigue and great anxiety, would, for a time lose their vision. Usually, they got it back the day they were invalided home. Sometimes a woman will go blind, perhaps in order to get more sympathy and attention. Usually an expert can tell in a few minutes if the woman is deceiving herself or trying to deceive others. Usually, I find that a person who has some form of hysteria inherited an unstable nervous system from some odd and peculiar ancestors.

Sight 'Restored'

I'll never forget once seeing a prominent man who was supposed to be stone-blind.

Idaho Boy, 17, Hurt in Auto Wreck

Fruitland, Idaho—(UPI)—A 17-year-old Payette boy was in critical condition at an Ontario, Ore., hospital today from injuries suffered in a single car accident near here.

Four other teen-agers also were seriously injured when the car went out of control on a curve just west of Fruitland Saturday night and crashed into the Highway Assembly Church.

In critical condition was the driver, Kenneth Padgett.

Four out of five Americans who visited foreign countries last year got there by air, compared with only two out of three in 1954.

Blind Girl Off On Honeymoon

South Pasadena, Calif.—(UPI)—A blind "Navy sweetheart" honeymooned today with her Marine husband and seeing-eye dog.

Jolene Gaither, 21, and Cpl. Sterling Ellison, 22, were married Sunday in simple Latter Day Saint ceremonies at the home of his sister, Mrs. Margo Trimbath.

About 35 friends and members of the families attended the ceremonies officiated by Bishop William M. Raddatz of the Pasadena Ward.

Asked where they were going on their honeymoon, Jolene said:

"We're going to try to keep it a secret." They did.

Jolene was accompanied down the aisle Sunday by her stepfather, Richard Tate, and Barry—her two-year-old German shepherd seeing eye dog.

Actress Ida Lupino and her actor-husband, Howard Duff, attended the ceremony as members of the Eye Dog Foundation's advisory council. They planned the reception.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Big-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H.®

Under the name Preparation H.® at your druggist. Money back guarantee.
