

**SPACE CAPSULE MOCKUP**—First view of the McDonnell space capsule mockup shows a pilot preparing to climb through the entrance hatch of the manned satellite being built for NASA. The picture was taken at the McDonnell Aircraft plant at St. Louis, Mo. At lower left are the retro-rockets, while above the pilot are the flotation bags which give the capsule buoyancy and stability in the water. (UPI Telephoto)

## Red China Parades Military Might; Joins in 'Peaceful Existence' Plea

### Liberation of Formosa, Matsu, Quemoy Promised

Tokyo—(UPI)—Red China, which boasts the largest standing army in the world, paraded its military might in Peiping today but joined other leaders of the Communist world in denouncing war in favor of "peaceful existence."

The 40-minute parade through Peiping's Gate of Heavenly Peace Square was part of mammoth celebrations marking the 10th anniversary of the establishment of the Peiping regime. It was followed by a "peace demonstration" of 700,000 working people.

**Liberation Promised**

Marshal Lin Pao, newly appointed defense minister who some believe may be the future leader of Red China, issued an order of the day in which he "definitely" promised to "liberate" Formosa and the Nationalist offshore islands of Matsu and Quemoy.

Peiping Radio noted that the military parade was larger than in any of the past years. It included 144 artillery pieces and 90 tanks. Scores of jet fighters and bombers roared low over the square in tribute to Mao Tse-tung.

**Forces Modernized**

"Communist Chinese armed forces have been modernized," Lin told the cheering crowds, "these forces have accomplished their duty satisfactorily during the past 10 years. They are a strong force for defending peace. We cannot attack others, but we cannot allow the others to attack us."

"We will definitely liberate Taiwan and other islands," No U.S. Correspondents

Reports on the Peiping festivities were carried by Peiping Radio and the Soviet Tass news agency. No American correspondents were granted visas to cover the celebrations and the meetings between Premier Nikita Khrushchev and Chinese

**HURRICANE'S FORCE**—Gale force winds lash away at the metropolitan area of Savannah, Ga., as Hurricane Gracie moves inland to the Charleston, S. C., area. This is a typical scene in Savannah as power is out, communications down and traffic blocked by fallen trees and limbs. Many businesses have lost signs and awnings as the 60-mile-an-hour winds continue to strike.

### Respecting Adlai's Wishes Urged

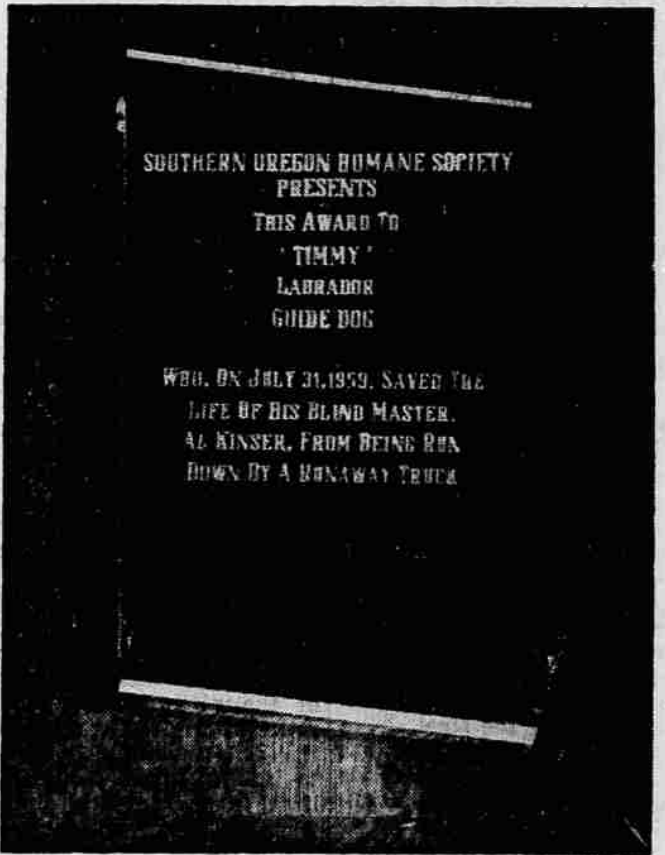

Portland—(UPI)—State Sen. Alfred M. Corbett (D-Portland), co-chairman in 1956 of the Stevenson-for-President Committee in Oregon, said today he hoped Adlai Stevenson's name would not be on next year's state primary ballot.

"While I share the opinion that Adlai Stevenson is best qualified for president, I hope the Oregon Draft Stevenson Committee will reconsider and respect Governor Stevenson's request as I am, that his name not be entered in the Oregon primary," Corbett said.

A local committee has announced plans to obtain 1,000 signatures to place the twice-beaten Democrat's name on the 1960 ballot.

Communist Party Boss Mao Tse-tung.

Before today's celebrations Khrushchev told a gala banquet in Peiping the Communist world must never "test the stability of the capitalist system by force." To do this, he said, would lose world support for the Communist cause.

**DOG REWARDED**—"Timmy," a Labrador guide dog belonging to Al Kinsey, Talent, will receive a bronze plaque on the "Jeff's Collie" television program between 6:30 and 7 p.m. Tuesday. The Southern Oregon Humane society will make the award recognizing the act of courage by Timmy when he protected his master from a runaway truck. "What love and devotion to duty it must take for this dog to ignore his instincts and turn his thoughts to pressing the blind human so dependent on him, safely out of the path," the society declared.

### Stock List Moves Ahead With DuPont

New York—(UPI)—Stocks rallied today after another drop had brought industrial issues down more than 4 points in their average at mid-session.

The list moved with DuPont. That issue was heavily sold for a time and it fell 8 points on top of a 6 1/2 point loss Wednesday. Near closing it had recovered nearly all the loss. DuPont's 63-million share holdings of General Motors stock will make news Friday when a court decision will say how the shares are to be distributed.

### Music Patrons Reminded of Drive

Jackson county music patrons who are former members of Jackson County Civic Music association were today urged to renew their memberships at once.

Mrs. John Dellenback, chairman of the 1959 membership enrollment, said that almost every year the board has "too late" requests from persons who neglect to renew their memberships during the week-long campaign.

The 1959 campaign opened Monday and will close Saturday, Oct. 3, after which no memberships will be available. Mrs. Dellenback pointed out that one outstanding group of performers, the Norway Festival company, has been booked and that the remaining concerts will be announced the first of next week.

She reminded the workers, numbering about 175 in all parts of the county, to check in at headquarters at Purucker Music house, Friday or Saturday. Headquarters telephones are Spring 3-1728, or Spring 3-1788.

New York—(UPI)—The rare phenomenon of a solar eclipse will occur at dawn Friday when the moon passes between the sun and earth, casting a shadow from New England to the Indian Ocean.

### Three Pistols Are Taken from Store

Three pistols valued at more than \$200 were taken Wednesday night from Century Sporting Goods, Inc., at 36 South Riverside ave., Medford police reported.

Police said someone broke a plate glass window and took the three guns from the showcase behind the window.

The manager, Mill G. Barnes, 2447 Happy Valley dr., Medford, said the window was not broken when he was at the store at 10:30 p.m.

Alabama ranks second in the U. S. in the production of coke.

### Salem Mother, 31, Victim of Polio

Salem—(UPI)—Polio Wednesday struck a 31-year-old Salem mother of three, according to Salem Memorial hospital officials.

Hospital attendants said she was paralyzed from the waist down. Her general condition was described as satisfactory.

A spokesman said the victim's three children had polio vaccine shots but she did not.

Salem—(UPI)—The Inland Empire Bank of Umatilla has filed an appeal to the State Banking Board following an unsuccessful attempt to obtain a Pendleton franchise.

PRESENTING AMERICA'S MOST CAREFULLY BUILT CAR

# THE IMPERIAL OF 1960

Tomorrow, at showrooms across America, we introduce the totally new . . . totally wonderful Imperial.

It is built more carefully, tested more thoroughly, than any other car which has been or will be introduced this year. It requires more individual hand-crafting than other cars. It takes longer to build . . . because the skills which build it are the kind that can't be hurried. It has brought automotive craftsmanship back to America.

The new instrument panel has bold, readable calibrations . . . logically placed controls . . . and a remarkable new Panelcint lighting which aids vision and depth perception at night by eliminating glare and reflection.

New swivel seats turn automatically as the door is opened. An exclusive, improved Auto-Pilot tends the

accelerator on long trips (two very practical options) . . . the engine has more wheel-turning power than any other passenger car engine in the world.

When you drive our Imperial of 1960, we think you will agree it proves one satisfying point . . . that a fine car can be almost awesomely impressive, and still be a vivid, engaging personality . . . a good companion as well as an obedient servant.

Compare Imperial's riding quality, space and comfort . . . ease of entry and exit, front and rear . . . driving liveliness . . . and learn that it is, in luxurious fact, the finest car America has yet produced.
