The Medical Roundup

by Walter C. Alvarez

Emeritus Consultant in Medicine, Mayo Clinic
Emeritus Professor of Medicine, Mayo Clinic

Air-Conditioner Annoyance

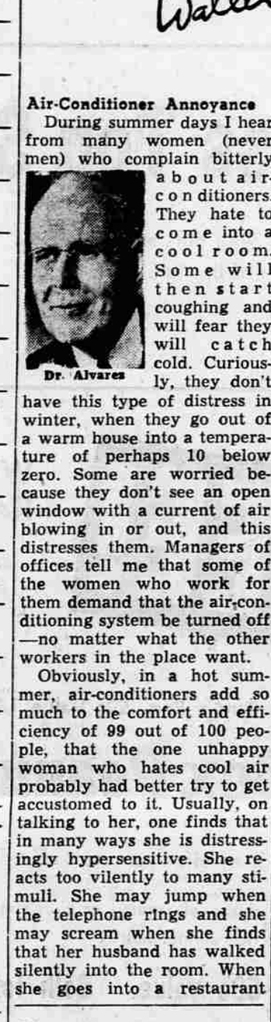
During summer days I hear from many women (never men) who complain bitterly about air-conditioners. They hate to come into a cool room. Some will then start coughing and will fear they will catch cold. Curiously, they don't have this type of distress in winter, when they go out of a warm house into a temperature of perhaps 10 below zero. Some are worried because they don't see an open window with a current of air blowing in or out, and this distresses them. Managers of offices tell me that some of the women who work for them demand that the air-conditioning system be turned off—no matter what the other workers in the place want.

Dr. Alvarez

Obviously, in a hot summer, air-conditioners add so much to the comfort and efficiency of 99 out of 100 people, that the one unhappy woman who hates cool air probably had better try to get accustomed to it. Usually, on talking to her, one finds that in many ways she is distressingly hypersensitive. She reacts too vilently to many stimuli. She may jump when the telephone rings and she may scream when she finds that her husband has walked silently into the room. When she goes into a restaurant with her husband, she no sooner sits down at a table than she gets upset by a draft on the back of her neck. The unhappy husband doesn't feel it—but he has to get up and move. At the next table, she may be distressed over smells from the kitchen. The husband doesn't notice them, but, again, he has to move. At the next table, she is bothered by the noisy talking of someone a couple of tables away. So, again, they have to move. Then, perhaps, the woman's joints begin to ache or she gets a migrainous sick headache or a stomach ache. Why? Because she feels a storm is approaching 100 miles away. In a dining-car such a woman cannot sit riding backward. Curiously, one practically never finds a man who complains of similar hypersensitivenesses. There are men who, I think, are sensitive enough to be distressed at times, but they do not say anything about it.

Incidentally, I think one of the finest things a man or woman can do in this world is never mention his or her discomforts of any kind—except to a physician. For years, I used to go on camping trips into the high mountains of the West. Often at high altitudes I was very cold; sometimes it was raining, and we were soaked through; sometimes, when the pack-train with our food was late in arriving, we were hungry, and all of us who had walked 20 miles that day were tired; but no one ever mentioned these things.

Cute Cuddlers



7032

by Alice Brooks

Tots love these animal toys—they're just the right size to cuddle! Stuffed plump with foam rubber, they can take a bath.

Easy-to-mage gifts — each just TWO pieces, plus ears and tail. Pattern 7032: transfer of four animal toys, directions.

Send Thirty-five cents for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Medford Mail Tribune, Household Arts Dept., P. O. Box 168, Old Chelsea Station, New York 11, N.Y. Print plainly NAME, ADDRESS, PATTERN NUMBER.

JUST OUT! Our New 1960 Alice Brooks Needlecraft Book contains THREE FREE Patterns. Plus ideas galore for home furnishings, fashions, gifts, toys, bazaar sellers—exciting, unusual designs to crochet, knit, sew, embroider, huck weave, quilt. Be first with the newest—send 25 cents now!

178 Permits Are Issued in City

During September the city building department issued 178 permits for a total valuation of $290,568. The amount is down slightly from the $296,657 valuation for new construction during the same period a year ago.

A total of $1,339.46 in fees was collected by the department during the month.

Sixteen permits for construction of single family dwellings accounted for $192,600 of the total valuation.

Among the other permits issued were 15 for remodeling of family residences, $15,370; 6 new garages, $15,370; 13 signs, $15,308, and miscellaneous other structures.

Man Fined for Illegal Possession

Carroll Dale Casey, 55, of 24 Portland ave., Medford, was fined $25 in district court Wednesday for illegal possession of a deer.

He and Willard Lloyd Casey, 50, same address, were stopped by state police Tuesday evening on Highway 66. Both were arrested for being drunk on a public highway. The two men pleaded guilty to this charge and were fined $25 each. Carroll Dale Casey also pleaded guilty to the illegal possession charge.

Dillon Warns Red Chinese on Formosa Attack

New York (UPI) – Undersecretary of State Douglas Dillon bluntly warned the Chinese Communists Wednesday that an attack on Formosa would "likely" start a world nuclear conflict.

Dillon issued the warning in a major speech in which he also read a message from President Eisenhower calling for "constant vigilance" in the Far East to preserve peace.

Dillon spoke before the Far East-American Council of Commerce and Industry.

No Agreement Move

In a bitter attack on Communist China, he said the Peiping regime has shown "absolutely no disposition to make the slightest move toward an agreement on a cease fire in the Formosa Straits or a renunciation of force."

Dillon noted Soviet Premier Nikita Khrushchev's pledge to settle international problems by peaceful means and warned that the Kremlin must "share responsibility for Peiping's actions."

"We firmly reject attempts by Communist leaders," the State Department official said, "to justify what they call 'just, revolutionary wars' or 'wars of liberation.' War is war, no matter where or why it may be fought."

HOLDING THE BAG

Hartford, Conn. – (UPI) – Clarence H. Barlow was convicted of breaking into a jewelry store, despite his explanation that he found the bag of 36 wedding rings in a trash can. Police pointed out it had been raining but the bag was dry.

Furniture Popular As Jet Aircraft

Miami Beach, Fla. – (UPI) – The furniture in Miami's new air terminal is as popular as its jet planes.

"Everyone who sees the furniture gets sort of goggle-eyed," said Frank Fitzgerald, chief engineer for the aluminum firm (Adams Engineering Co.) which produced it.

Travelers have ordered it for their homes, and the company plans to offer it to hotels, motels, doctors and other institutional buyers.

Chairs are gold anodized aluminum, couches are upholstered in turquoise, orange and "maple sugar" colored plastic. No welding joints are noticeable. The makers claim the furniture will last just as long as those old wooden benches travelers once sat on – and it won't show its age.
