Lively Bidding For BLM Timber

There was heavy competition for three tracts of timber offered for oral auction sale by the Medford district of the bureau of land management. The bidding brought the selling price of the 13,828,000 board feet of timber to \$510,037.40.

Chiloquin Timber company of Klamath Falls was high bidder for two tracts located near Buck lake in western Klamath county. The total bid for the 8,236,000 board feet included in the two tracts was \$342,651.75, an average of \$41.60 per thousand board feet for Douglas-fir, \$65 per thousand for ponderosa pine, \$61.25 per thousand for sugar pine and \$23.05 per thousand for white fir. Five other operators qualified to bid on each tract.

K. and C. Timber company of Wolf Creek made the highest offer of the three bidders competing for a tract containing 5,592,000 board feet in Elk Valley creek in southwestern Douglas county. They bid \$33 per thousand board feet for the Douglas-fir and \$167,385.65 for the tract.

The next sale by the Medford district of the bureau will feature small salvage sales, according to John Carnegie, district sales officer. The sale will consist of one green sale of 4,266,000 board feet, located near Lincoln and

six salvage sales with a total volume of 597,000 board feet. One of these small sales is located near Prospect in northeast Jackson county and the other five are in Wolf Creek-Cow Creek area of northern Josephine and southern Douglas counties.

Additional information regarding these proposed sales may be secured at the district office of the bureau in Medford.

Doctors Keep Vigil Over Twins

Portland, Ore. — (UPI) — Doctors kept vigil Saturday at the bedside of Siamese twins separated Tuesday by surgery hopeful that five days of survival indicated recovery.

One of the three-month-old twins — Jeanett Kim Stubblefield — had reached a critical condition with lung congestion twice since the operation and was kept alive by artificial respiration.

Her sister, Dennett Linn, has progressed more rapidly toward recovery. Both have been able to be bottle fed, but doctors at Oregon Medical School hospital say the babies need careful watching.

They are the daughters of Mr. and Mrs. James Stubblefield, of Parma, Idaho.
