

Don't be a victim of TRAVEL CONSTIPATION

*Irregularity due to lack of bulk
often strikes when you're away from home*

Millions swear by Kellogg's
All-Bran and milk for
gentle, safe relief

If you've ever done much traveling, you know that your eating habits are very likely to change when you're away from home. And this often leads to a lack of bulk in the diet, a common cause of constipation.

That's why so many experienced travelers enjoy a bowl of Kellogg's All-Bran every day—wherever they are. You see, they've come to rely on this delicious cereal food to give them all of the bulk they need to stay on schedule naturally.

And Kellogg's All-Bran can do just that because it is a whole bran cereal. And since bran is nature's best bulk-forming food, only a half-cup of Kellogg's All-Bran with milk gives you all of the good bulk food you need for consistent regularity.

So, next time you have trouble with irregularity caused by insufficient bulk in your diet—at home or on the road—remember to eat Kellogg's All-Bran. It's America's favorite whole bran cereal by 3 to 1!
