

Wynn, Jones Chosen Major League Chuckers of Year

By FRED DOWN
United Press International

New York—Early Wynn and Sam Jones, two "pleasingly wild" right-handers, were named the major league pitchers of the year today by the United Press International.

Wynn, a 22-game winner for the Chicago White Sox, won the American League award with 23 of a possible 24 votes from the committee of experts representing every city in the league. The other vote went to Camille Pascual who won 17 games for the Washington Senators.

Jones, who appeared in 50 games and had a 21-15 record for the San Francisco Giants, received 16 votes from the National League committee. Elroy Face, the amazingly successful relief ace of the Pittsburgh Pirates, got six votes and Johnny Antonelli of the Giants and Lew Burdette of the Milwaukee Braves got one each.

under the pressure of a pennant race.

Wynn, 39, of Hartford, Ala., was the steady hand of the White Sox staff all season. He had a 22-10 record and a 3.13 earned run average. With 271 victories he now is the biggest winner among active major league pitchers and seems to have a good chance to make the 300-club. Yet he started the season as a definite question mark after 14-7 and 14-16 seasons that seem-

ed to indicate he was on the way down.

Jones, 34, a native of Stewartsville, Ohio, doubled as a starter and reliever for the pitcher-thin Giants and wound up with a 2.89 earned run average. Down the stretch, the 6-foot, 4-inch, 215-pound right-hander turned out to be the clutch pitcher of the San Francisco staff and on the final Saturday of the season pitched a seven-inning no-hitter that kept the Giants' hopes alive for a few more hours.

Housewife Tells Of Role With FBI

Los Angeles—UPI—A 42-year-old housewife told a congressional investigating subcommittee Tuesday she spent 15 years as an FBI undercover agent spying on Communist members employed in the southern California aircraft industry.

Mrs. Moisselle Clinger made her disclosure at the opening of a three-day hearing by the House Un-American Activities subcommittee.

Mrs. Clinger said her principal job as a Communist Party member was to infiltrate the Douglas Aircraft plant in Santa Monica, Calif., and get as many members there as she could.

"I was asked to supply the names of engineers and technicians whom I considered to be 'liberal,'" she said.

In turn, she reported to the FBI at least once a week to report on her activities as a Communist, she said.

Hedrick Junior High

The National Rifle association is sponsoring the Hunter's Safety course at Hedrick again this year.

The class is held after school for anyone who wishes to participate and teaches the care and use of a rifle. Lewis Thanos is the instructor.

Hedrick students were transported to the K.P. hall and Groceteria parking lot Thursday for the smorgasbord sponsored by Merford merchants and businessmen for the High School Band fund. Tickets were sold Thursday morning in the classrooms. The buses left at the regular noon hour. Students were returned by 1 p.m.

Appreciation was expressed by all students participating and also the hope that this would become an annual affair.

Highlight of the week was the performance of the Marine band Friday. Many Hedrick students and students from other schools were able to attend the matinee.

Jacksonville Driver Involved in Crash

A car operated by Henry Carlton Vessell, 18, of route 1, box 80A, Jacksonville, was damaged Tuesday afternoon in a one-vehicle accident three miles west of Jacksonville on Highway 238.

According to state police, Vessell attempted to pass two westbound automobiles on a straight stretch of highway, when the vehicle immediately in front of him also pulled out to pass.

Vessell swerved to avoid hitting the car and went over the embankment and hit two trees. The left side of the sedan was badly damaged, police said, and had to be towed from the scene.

Neither Vessell nor his passengers were injured. No citations were issued, police said.
