## Rock 'n Roll Records Buried

Portland—(UP)—An unusual funeral procession plied its way through damp Portland streets Wednesday afternoon as four radio announcers buried Rock 'n Roll records in a somewhat less than solemn deep-six ceremony in the Wilamette river.

The services—more celebration than ceremonial—were conducted by KPOJ record spinners Larry Kilburn, Chuck Bernard, Mark Allen and Bob Blackburn.

The four announcers, dressed in black, carried a huge coffin filled with about 7,000 records through downtown streets to the riverfront at Washington st. for the final rites.

One dissenter, rock-jockey Dick Novak, refused to take part, and the happy pallbearers assumed he will continue his nightly show along the Rock 'n Roll theme.

## Truckers Discuss New GMC Trucks

Details of the 1960 line of GMC trucks were discussed with southern Oregon loggers and truckers at a meeting at the Rogue Valley Country club recently.

Sponsored by Dean and Taylor Pontiac company, newly appointed GMC dealer in the Medford area, the meeting was highlighted by a film that described the features and performance of GMC truck division's new V-6 engines.

Bob Taylor described the plans and policies the firm is undertaking with its new truck line. Representing GMC was Hugh M. Surratt, zone manager, and Robert Don, who conducted a question and answer period to explain engineering features to the 29 truckers present.
