

TO, AID CHESSMAN—A. L. Wirin, lawyer in Los Angeles who represents the American Civil Liberties union, announced Wednesday that he would argue Caryl Chessman's case before the U.S. Supreme court. Wirin said the high tribunal's action in granting Chessman a new execution stay would give the one-time "Red Light Bandit" a full opportunity to file a new appeal. —(UPI Telephoto)

Augusta, Ga.—President Eisenhower, stating that he invoked the Taft-Hartley law reluctantly in the steel strike and doesn't believe it is the way to settle labor disputes:
"If we can't settle our economic differences by truly free economic bargaining without damaging seriously and threatening to damage seriously the United States, then we have come to a pretty pass."
Havana, Cuba—Fidel Castro, claiming in a marathon television speech that Cuba had been bombed three times in the past 10 days by planes from the United States:
"Remember Pearl Harbor! What a difference between what happened in Havana yesterday and the reaction of the United States to the bombing attack at Pearl Harbor!"

San Antonio, Tex.—Mrs. Charles G. Hannan, 27, mother of the quintuplet girls who died within 18 hours after their birth, describing her feelings:
"I am happy to have brought five daughters into the world. I understand God's will, not his way."

Geneva—Hossein Davoudi, assistant Iranian consul general in Geneva, apparently confirming reports that the Shah of Iran will marry 24-year-old beauty Farah Diba:

HAIR SPECIALIST HERE SATURDAY

Will Show How To Save Hair and Prevent Baldness
Phoenix, Ariz. — New home treatment methods for saving hair and improving its growth will be demonstrated in Medford on Saturday, one day only.
Trichologist T. Donlon will be in charge, representing the dynamic KELLY HAIR EXPERTS organization. He will personally examine hair-worried men and women from 2:00 p.m. to 9 p.m. Saturday at the Medford Hotel.
This new treatment is neither "mail order" nor "cure-all." It is adapted to the individual after a personal examination and progress is checked personally at regular intervals by a Kelly expert.
WHO CAN BE HELPED?
For many years now KELLY HAIR EXPERTS have been checking the hair of thousands of people across the country. They have encountered and dealt with hundreds of cases of every kind of hair trouble. From this experience has grown the body of scientific knowledge leading to the development of the new Kelly Home treatment.
Will the new Kelly treatment cure baldness? "No." For we cannot help men and women who are sickly bald after years of gradual hair-loss. But if you still have fuzz and your scalp is still creating hair you can at least save and thicken what you have. Some conditions, such as "spot baldness," usually have complete coverage if caught in time!
Other conditions that usually bring an excessive hair loss—dandruff, itching, over-illness or dryness, follicle clogged with sebum or seborrhea—can be corrected by the Kelly home treatment if caught before the "hair factories" are destroyed.
Evidence of the success of the Kelly method is that the organization has quickly expanded to serve hundreds of cities in 32 states and Canada.
The most important thing is: "DON'T WAIT UNTIL IT'S TOO LATE." Surveys among men and women in all walks of life show that the worst enemies of your hair are (1) skepticism and (2) procrastination. The average balding person justifies his condition with one or the other of these two statements:
"I don't think anybody can stop hair loss"—or "Oh, I'm going to see an expert when I get around to it."
Baldness won't wait for doubters to be convinced or for procrastinators to take action later. You're going to keep right on losing hair until you're bald . . . unless you get your scalp in healthy, hair-growing condition again.
SATISFY 95%
"Actually, our biggest problem is not in doing what we claim," says Kelly, "for we satisfy at least 95% of our clients which, when you consider that almost every person is a 'doubter' or a 'putter-offer' where hair is concerned, is an excellent showing. Getting these doubters and putter-offers to come in for an examination is really the problem."
EXAMINE YOU FREE
We want to make it clear to you that you incur absolutely no charge or obligation by coming in for an examination.
Your only obligation is to yourself to ease your mind or hair worries by learning how to save and thicken your hair at home. We will tell you frankly and sincerely whether or not you can be helped, how long it will take, and how much it will cost. We do not accept cases that will not respond.
GUARANTEED SATISFACTION
The KELLY HAIR EXPERTS will give you a written guarantee that you must be satisfied within 30 days or it costs you nothing.
For a free examination and discussion of your hair problems, ask the desk clerk at the Medford Hotel, Saturday only, between 2:00 p.m. and 9 p.m., for Mr. Donlon's room number. He does not make appointments so come in at your convenience.
You won't be obligated or embarrassed in any way. Examinations are given in private.

HORN BROOK Activity Plans Changed

By KATHERINE CHAPMAN
Hornbrook — The perversity of an oil heater has caused a change in plans for some of the activities of the Hornbrook Methodist church. Because of smoke damage to the interior of the building, the bazaar originally scheduled for Oct. 22 has been postponed until Nov. 12.
It is hoped by that time that the work of redecorating will be completed. In addition to the paint job, all venetian blinds, drapes, flags, choir robes and oil paintings must be cleaned, and all dishes, silverware, cookware, linens and furniture washed before activities may be resumed.
The damage occurred on Saturday, Oct. 10, and worship services had to be suspended the following day. However, the sanctuary section of the building was cleaned sufficiently during the week for services to be held Oct. 18. The cost of repairing the building was covered by insurance.
Instead of the bazaar as planned for next Thursday, a regular business meeting of the Women's Society will be held at the home of Mrs. Ernest Adams.
Identical jeep accidents on successive weekends have brought injury to three men well-known in Hornbrook.
Still confined to Siskiyou General hospital in Yreka is Bill Greive, who sustained major injuries on Oct. 4 when a jeep tipped over backward on a steep uphill grade on a hunting trip near Callahan.
The following weekend, Bob Smith of Roseburg and his brother-in-law, Al Newton Jr., of Yreka, district attorney for Siskiyou county, received minor injuries when the jeep they were in also took an end-over flip on a on a hunting trip up Moffitt creek.
Greive, a native of Hornbrook, now makes his home in Yreka. Smith, also born here, is a son of Mr. and Mrs. Ed Smith, and Newton is their son-in-law.
Also on the injured list this week is Miss Shirley Lemos, younger daughter of Mr. and Mrs. Lawrence Lemos. Shirley suffered a broken leg and a severe bump on her head about 3:30 p.m. Saturday when the horse she was riding slipped on the pavement on old Highway 99 and fell on her. Neighbors called her mother, who took her to the hospital in Yreka, where she was examined by a Yreka physician, and her leg placed in a cast. She is at home now, but must remain quiet for a few days.

On Sept. 30, Mrs. Fred Cavin, her sister, Mrs. Myrtle Applegate, and Mrs. James Marlow drove to Dunsmuir where they were luncheon guests of Mrs. Shiloh Hill. Guests were Mrs. Ward Foster, Mrs. Dean Campbell, Mrs. Mervin Lane, Mrs. John Jones, Mrs. Ed Jones and two daughters, Mrs. Katherine Cavin and daughter, all of Montague, and Mrs. Myrtle Applegate.

Mr. and Mrs. Rob Cummins returned home Oct. 14 from a two weeks' trip to Riverside, Calif., where they visited their son-in-law and daughter, and her family, Mr. and Mrs. Jer-

spend the day with her sister and mother. Thursday afternoon visitors at Mrs. Bloomington's home were Mrs. Robert Ferguson and two children, and Mrs. M. F. Cavin and daughter, Janet, all of Hills.

Another old-timer calling on the Chapmans last week was Bill Williams, of Oakland, who was the Southern Pacific operator here at the time the late Mike Walsh was agent. Williams' wife is the former Harriet Hobson of Hornbrook. Her mother, Mrs. Jennie Hobson, who will be 90 years old in November, has been confined in a nursing home in Oakland for the past four months, since breaking her hip in a fall.
Williams was on a week's vacation in this area, locating and acquiring outdated railroad equipment which he plans to use in pursuing his hobby when he retires in three years. Boy with backing

A boy needs the strong hand of a Dad to protect him and guide him and help him get off to a good start in life.

Education, for example. Today at least one college degree is a requirement in all of the professions. And by the time this youngster has grown up, college will be a "must" for hundreds of jobs that once only required a high school diploma.

How can you be sure your children will get the education they need—the education they depend on you to make possible? One good way is to start buying U.S. Savings Bonds—and keep buying them.

Because, for most of us, the only way to be sure of the things we want for the future is to save for them. And there's no easier, safer, more satisfying way to save than with U.S. Savings Bonds.

You can buy them automatically, through the Payroll Savings Plan where you work. Or you can buy them where you bank. Either way, Bonds make regular savings painless—and they mount up fast, too.
Of course, Bonds give you a good return: \$4

for every \$3 you invest, at maturity. But you get another dividend that's just as important. Every Bond you buy helps America keep the peace. Your country needs your backing, too. So buy Bonds—as many as you can.
