**UN Calendar Includes Reception, UNICEF Plan**

Two major observances are on the calendar this week for Medford chapter, Oregon United Nations association.

This afternoon at three o'clock at Girls Community club the chapter is sponsoring a reception in celebration of United Nations day. Saturday night children of the county and parents are being asked to cooperate in the annual Halloween project staged to collect money for the United Nations International Children's Emergency Fund.

Cooperating on the reception today are members of Jackson County Bar association and the program they will present is themed to "World Peace Through World Law."

On the program will be Sam B. Harbison, association president; Frank Van Dyke and Robert Duncan. Attending will be county officials, and the mayors and other officials of Jackson county cities and their wives.

The public is invited to attend.

UN chapter members have the cooperation of parents, school teachers and representatives of various civic and service groups in carrying out the UNICEF Halloween project. Children going out on the annual "trick or treat" visits to friends and neighbors are asked to collect coins for UNICEF.

The children assemble at their neighborhood school at 6:30 p.m. where they are given an official UNICEF badge and labeled milk car-

tons for collecting coins. After the "Trick Is to Treat" tour of the neighborhood, the children are asked to return to the school gymnasium at 8 p.m. where they will be treated to cider and doughnuts provided by Jackson county bakeries and service clubs.

Committees in Medford, Jacksonville, Gold Hill and Central Point are working on the project. Flyers giving information about the UNICEF collection are being distributed to the various schools.

The UNICEF Halloween Project, started in the eastern United States several years ago, has been gaining momentum since that time. Many believe that it is an excellent way in which children of this country, who have such an abundance of food, clothing and other essentials, may be taught to share their abundance with children of other lands who have so little in comparison.
