**STOP PAYING HIGH PRICES FOR
VITAMINS**

A recent public service study of Patent Medicines in one of New York's leading evening newspapers, devoted one entire installment to VITAMINS and disclosed many interesting highlights about the sale of Vitamins and Vitamin-Mineral combinations.

One of the startling revelations in this frank article was the wide variance of Vitamin prices.

The following three paragraphs taken from the series, as it appeared, are of particular concern to everyone buying Vitamins.

"Any particular vitamin bottled under one label is, for all practical and therapeutic purposes, the same as if it is bottled under another label. The fact is, most of the Vitamin concentrates consumed in America are produced by only a few companies.

"The list of ingredients in a Vitamin compound is one thing the consumer can almost always depend on to be correct. Any company which fails to label the bottle with the exact formula and amount (or unit strength) of each ingredient risks a seizure by the U.S. Government.

"Bearing that in mind, it is interesting to pick up a few Vitamin catalogs and compare the prices charged by different companies for the same Vitamin compounds."

Following publication of the installment we received hundreds of phone calls requesting copies of the Hudson Vitamin Catalog.

This interest prompted us to tell the entire nation our story.
