### Sen. Neuberger Plans Revisions In Seashore Bill

Portland—UPI—Sen. Richard L. Neuberger (D-Ore.) said today he had made substantial revisions in his bill to establish the Oregon Dunes National Seashore Area.

The new bill deletes the Sea Lion Caves area, but calls for it to be included later if the governor requests such action.

**Trouble Seen**  
They would allow cottage owners in the area to retain possession of their properties until the death of their youngest children, and would provide federal payments in lieu of taxes lost by counties by removal of private land from the tax rolls.

These and other changes were made to meet suggestions and criticism at recent hearings of the Senate Public Lands Subcommittee, Neuberger said.

The modifications would add 7,300 acres to the proposed park, bringing its total area to a maximum of 40,000 acres. The additions would include Tahkenitch lake and the Umpqua lighthouse state park embracing the high dunes south of the Umpqua river.

**Meets Criticism**  
"I have gone an awful long way to meet the criticism of the original bill," Neuberger said, "and some supporters even say I am making too many concessions. But I feel it is so important for our state to get this park, that I have gone as far as I can go to get it."

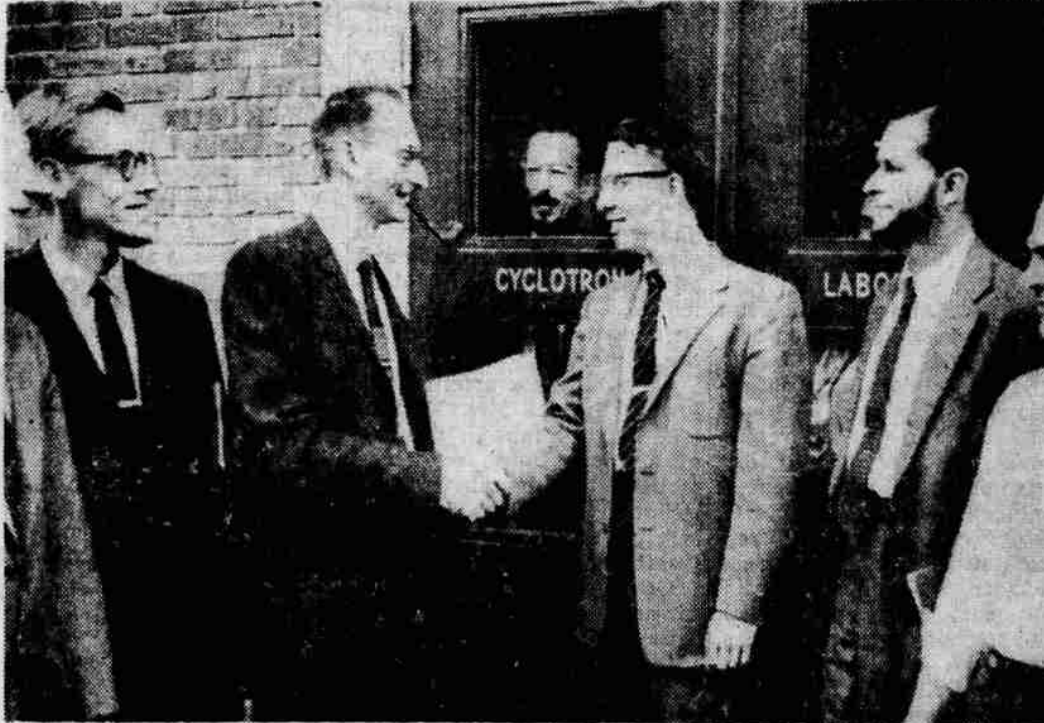

The original bill provided that property owners could stay for 25 years or until the owner's death, but the revised version extends private occupancy until the death of the owner's last surviving child who was alive when the federal government acquired the property.

Other changes would allow hunting of migratory waterfowl, and fishing, if the state approves, and provide for relocation of Highway 101 only with the consent of the state and without expense to the state.

### President's Cold Improved, Linger

Washington—UPI—President Eisenhower's lingering cold may have improved somewhat during his rainy golfing stay last week in Augusta, Ga., the White House said today.

Asked how the trip affected what the President has described as his chronic bronchitis plus a cold, Press Secretary James C. Hagerty said, "he still has those traces of it. It isn't any worse and it seems to be a little better."

**CONGRATULATED**—Dr. Joseph Palmieri, 610 prize with Dr. Emilio Segre, 54, for right, congratulates Dr. Owen Chamberlain outside cyclotron lab following announcement that Dr. Chamberlain had won the Nobel prize in physics. He shared the \$42-

### Two Meetings Set On Reorganization

A meeting in Grants Pass tonight and a public hearing in the Jackson county courthouse tomorrow night are expected to bring Jackson county two steps closer to a completed school district reorganization plan, indicated Alf E. Mekvold, county school superintendent.

The Jackson County School District Reorganization committee will meet with the Josephine county unit board tonight on the possibility of the Applegate school district being annexed to the Josephine county unit.

### Students Selected As Local Finalists In AFS Program

Six Medford High school students have been selected as local finalists for the American Field Service summer exchange program, Mrs. Frank Bash, local AFS president, has announced.

Chosen were Nancy Hinman, Mary Kay Harris, De Anne Taylor, Martha Simpson, Jim Frake, and Dick Ragsdale.

Students were screened last week by the local committee including high school and AFS personnel and other Medford residents.

More than 20 high school students here applied for the program which sends American High school juniors into foreign countries during the summer months. The students live with native families and tour areas abroad.

Mrs. Bash said that those selected have until Oct. 29 to complete additional forms to be sent to the AFS headquarters in New York City. Final decision of those making the summer trip and specific country assignments are made by AFS headquarters.

In past years Medford has had at least one or two finalists chosen to participate in the international program. Those from Medford who are accepted by New York will be notified in the late spring.

Members of the interviewing committee here were Mrs. H. D. Christensen, area chairman; Mrs. Robert Sleeter, summer program; Mrs. Jack Ingram and Mrs. Otto Ewaldsen, members for homes; Mrs. Weldon Kline, finance; Mrs. Grace Berg and Alex McDonald, high school businessmen; Ken Cook, Medford businessman; Carolyn Mencke, 1959 summer exchange student; Bob Hamilton, Medford High school student body president; and Mrs. Bash.

### Portland Youth Found Safe After Night in Woods

Timber, Ore.—UPI—A dramatic search ended on a happy note here Sunday afternoon when searchers found Kenneth Storlie, a 13-year-old Portland deer hunter, safe and well after he was lost overnight in the Tillamook burn.

It was feared that the boy could be unconscious in the timbered area because he had previously suffered from spasms which rendered him unconscious.

More than 100 volunteer searchers and police officers combed the area near Wheeler pond west of here.

Kenneth, calm and unexcited, walked into search headquarters with the man who found him, Farrell West of Timber.

He had become lost while hunting with his father, E. L. Storlie of Portland Saturday afternoon.

Kenneth said he had wandered for hours in the area shouting and firing shots with his rifle. He then went to sleep under a tree. He said he spent a cold night, but was unharmed.

### 15-Year-Old Shot In Hunting Mishap

La Grande—UPI—Ross Jay Chamberland, 15, was fatally wounded in a hunting mishap southeast of here in the West Eagle area early Sunday to push the state's hunting death toll to 22, 10 of them by gunshot.

State police said Chamberland was riding on the running board of his parents' pickup when the rifle he was holding by the muzzle accidentally discharged.

The bullet pierced his hand and struck him in the head, lodging in his brain. He died several hours later at Grande Ronde hospital here.

### Mrs. Lonch Pleads Guilty to Charge Of Manslaughter

Mrs. Esther Elizabeth Lonch, 31-year-old Medford woman, pleaded guilty in circuit court today to a charge of manslaughter.

The district attorney's information to which she pleaded guilty was amended and an earlier charge of second degree murder was dropped following her plea.

Circuit Court Judge Edward Kelly, at the request of District Attorney Thomas J. Reeder, ordered a pre-sentence investigation. Mrs. Lonch's attorney, O. H. Bengston, read a brief statement of what he called his own pre-sentence investigation. He said Mrs. Lonch is one of 11 children. Her life would not be wasted if given a chance for rehabilitation because she could obtain help from her family, he said. Bengston added her parents believe she may have received head injuries at the time of her birth.

When a child her mental processes were slow and she was subject to temper tantrums, Bengston reported. He also read a statement from a Los Angeles guidance specialist in the school system there, reporting Mrs. Lonch was slow mentally as a child and had difficulties in her parent-child relations.

The district attorney's information was amended to read that the fatal blow was struck "without malice or forethought and without deliberation." Reeder said the charges were reduced "due to the circumstances of the case."

Mrs. Lonch was charged with striking William B. Simons, retired 62-year-old railroad switchman, across the face and on the head with a shovel during a day-long drinking party at 2122 Crater Lake highway in August.

### Young Governors Speak on Elections

Hollywood—UPI—Two of the United States' youngest governors—a Republican and a Democrat—Sunday told a nationwide television audience what they felt the reactions of their states would be in next year's presidential elections.

Mark Hatfield, 37, Republican of Oregon, told a news panel Meet the Press, that he felt if the primary elections were held today his party would easily nominate Vice President Richard Nixon as standard bearer.

J. Howard Edmondson, the 34-year-old Oklahoma governor, said he felt that in the general election the Democrats would have more difficulty in defeating New York Governor Nelson Rockefeller than they would Nixon.

**WINNER**—Czechoslovakian Chemist Prof. Jaroslav Heyrovsky, 69, winner of his nation's first Nobel prize, is shown here in a recent portrait. He won the prize for discovering the polarographic method of chemical analysis by electro-mechanical means. (UPI Telephoto)

### Reds to Publish Pictures of Moon

Moscow—UPI—The Soviet News Agency Tass today reported the first details of pictures taken of the "hidden" side of the moon. It said a vast crater sea had been named the "Sea of Moscow."

Moscow—UPI—Russia will publish Tuesday the first photographs of the side of the moon never before seen by man, the Soviet news agency Tass said today.

The official agency said the pictures, taken by Russia's third rocket sent into outer space as it passed around the moon, would be published in Moscow newspapers Tuesday.

### Six Killed in Highway Crashes

By United Press International  
Oregon traffic accidents claimed at least six lives during the week end, four in a two-car mishap near Hillsboro. An addition an Athena man died in a Washington accident.

Jerry Lee Strunk, 19, Gold Beach, was injured fatally Sunday when a car in which he was a passenger left the road and struck a tree near the Gold Beach city limits.

Anders R. Kaid, 53, Portland, collapsed and died a short time after his car collided with another vehicle and plunged over a bank and burned near Corbett on Highway 30.

Four elderly Portland women were killed Saturday when their car collided with another vehicle near Hillsboro. Dead were Mrs. Lena H. Gill; Mrs. Florence Albright; Miss Estelle L. Chapman; and Agnes Burns.

Dale R. Scown, 37, Athena, Ore., and Walter E. Outcalt, address unknown, were killed Saturday night when their car overturned five times on a roadway south of Union Gap in Yakima county, Wash.

Meantime, Tass said, "the Academy of Sciences of the U.S.S.R. has set up a commission for naming the craters, mountain ranges and other features of the unseen part of the moon."

### Other Companies May Follow Path Of Kaiser Firm

#### Injunction Expected Tuesday Afternoon

Pittsburgh—UPI—Steel strike negotiators, racing a ruling on a back to work injunction expected Tuesday afternoon, held individual bargaining talks today with an indication that another strikebound firm may follow Kaiser Steel Corp. in negotiating separately with the union.

New developments included:—The third Circuit Court of Appeals in Philadelphia announced it would rule at 1 p.m. Tuesday on a union appeal of a Taft-Hartley back to work order.

—Kaiser Steel Corp. and the United Steelworkers Union began talks in Washington on a separate settlement for Kaiser's 7,500 workers.

—Indications were that a second major steel producer would follow Kaiser's lead in breaking with the industry stand against "inflationary" wage increases.

—In Washington, White House Press Secretary James C. Hagerty repeated President Eisenhower's "hope and desire that both sides will recognize the obligation they owe to the United States and try to get this, the strike settled by negotiation."

Kaiser announced Sunday night that it would bargain separately from the other 11 big steel company members of the industry co-ordinating committee involved in the 104-day strike.

**No Terms Announced**  
Kaiser did not announce whether any terms had been agreed upon with the union, but the industry committee which it deserted said a settlement such as Kaiser contemplated would cost the corporation 10 cents per man hour for the first year of a three-year contract.

The committee said for other companies, the same package would cost 17 cents per man hour, which "clearly represents" an inflationary agreement.

The other companies said they found terms of the Kaiser proposal "unacceptable."

However, an industry source told United Press International that one of the other companies composing the committee may also accept an agreement on the same terms as Kaiser. The industry source refused to identify the firm.

### Meeting Set on Air Pollution Abatement

Progress of lumber and fruit industries in air pollution abatement programs will be discussed at the air pollution control meeting called by the county court for 1:30 p.m. tomorrow, according to County Judge Earl Miller.

George Flanagan, Elk lumber company general manager, will report on the progress made by the lumber industry, local orchardist, will speak for the fruit industry.

Representatives of the various mills in the area are expected to submit written reports to be read at the meeting. Carpenter is expected to report on what progress growers have made on replacing open pots with less-smoke producing varieties.

### Five Members of Family Arrested on Burglary Charges; Home Said Arsenal

Albany, Ore.—UPI—Five members of an Albany family and a family friend from Colorado were scheduled to be arraigned here today on burglary charges in District Court.

All six were arrested Saturday in a cooperative move by local police, Linn county sheriff's officers, state police and Colorado and Washington authorities.

Police chief Roy Maddy said Howard C. Moore, 41, a former law enforcement officer, Sunday signed a statement admitting 12 burglaries in the Linn-Benton-Marion county area that netted some \$10,000 in firearms.

Miller said a deputy was being sent to Colorado to return Lusk, who has waived extradition.

Maddy and Miller said Moore, his son and Lusk tried to join the Albany police force and the Linn county sheriff staff, but had been turned down.
