

Siamese—

Those Playful Aristo-Cats

by WALT CHANDOHA

THEY MAY or may not be your favorite breed, but during International Cat Week—which begins today—you have to admit that Siamese cats have a certain sophisticated, internationally traveled air about them. I certainly find this so as a professional photographer specializing in cats.

Their sophistication may be because they came here from the Old World, but just where they originated is uncertain. It may even have been Siam—although they are rare there now.

Siamese are the most numerous of the so-called pure-bred cats, and I'm partial to them because they're so active and because they can hold rather intelligent conversations. I have a special fondness for a Siamese called Barney who talks incessantly and mostly to himself, but who likes to strike up a five-minute discussion with the human members of his household every now and again.

With their slim bodies, delicate bones, and long muscles, Siamese are a lithe and energetic breed and it's a rare specimen who doesn't enjoy a daily session of climbing, jumping, running—or playing with a shade pull.

They're pure white at birth and sometimes cross-eyed. But as their colors come and they begin flexing their muscles—and voices—they turn into what one author has called "the gayest thing on earth."

A well-marked Siamese looks as if he put snoot in soot.

Siamese are proud of their beauty and strike statuesque poses for Chandoha's photography.

Although good conversationalists, some are hard to look straight in the eye.

REGULARITY WITHOUT PILLS OR MEDICINES

Millions have eased away constipation with a good-tasting breakfast food

Corrects constipation due to lack of bulk

Has this happened to you? If you are bothered with constipation, have you fallen into a trap that may be both harmful and expensive?

Every time you get off schedule, do you seek relief with harsh laxative drugs—and find yourself taking pills or medicines in larger and larger doses?

It may come as a surprise to you that when constipation is caused by a lack of bulk in your diet (which is often the case), it can be corrected with a good-tasting cereal food.

This good-food way to safe, natural regularity is Kellogg's All-Bran—just a

half-cup of Kellogg's All-Bran once a day, with milk. There's a simple reason why Kellogg's All-Bran is so effective. It is whole bran—and bran is nature's best bulk-forming food. Even a small amount gives you all the bulk you need to stay on schedule.

If you'd like to ease away constipation this natural way, try eating Kellogg's All-Bran once a day for 10 days. But be sure that you get the original, appetizing All-Bran—Kellogg's All-Bran. It's America's favorite whole bran cereal by 3 to 1!

"My Back Was Killing Me"

Now, More Positive Pain Relief with Direct-Action Kidney Drug

Backache—stabbing pain—are often associated with faulty kidney function. DeWitt's Pills now have a combination of drugs with direct diuretic action to help keep kidneys clean of acid wastes that so often cause back pains, mild bladder irritation, getting up nights, loss of energy—even muscular pains. These drugs, combined in a new formula, give more positive relief than ever before! So effective, you even see they're at work—when "the blue comes through." With kidney function improved, DeWitt's helps you have more pain-free days, more restful nights.

DeWITT'S PILLS

STOP OILY SKIN TO CHECK PIMPLES!

Don't pick, scratch, squeeze or merely "cover them up!"

Doctors know that acne or pimples are caused by the germ called the *acne bacillus*. These germs invade overactive oil glands in the skin, cause blackheads and pus pockets; then your skin "breaks out."

What's needed is (1) to dry up the excessive oil that collects on skin; (2) to destroy acne germs on the skin, and (3) to stop itching and irritation so pimples can heal.

A doctor's formula, liquid Zemo has this effective 3-way action; also keeps skin looking cleaner!

Get liquid Zemo, Ointment, too. In regular and extra strength. To save—buy the large sizes of Zemo.
