

Open Houses Slated In County Schools In National Week

Many schools in Jackson county will hold open houses this week in observance of American Education Week.

A back-to-school night is scheduled for parents of Medford High school sophomores Tuesday, Nov. 10, and open houses are scheduled in District 6C schools and in many elementary schools in the Medford district.

American Education Week is a special week of emphasis during which residents should reevaluate the importance of the schools in today's

world, according to Cecil Posey, executive secretary of the Oregon Education association.

Parents of sophomores at Medford High school will follow student class schedules Tuesday evening. Registration for parents who do not have schedules made out by their child will be held in the lower hall starting at 7 p.m.

A program will be presented by the high school orchestra and drama departments starting at 7:15 p.m. John

Drysdale will direct the orchestra, and Lenore Zapell will direct a scene from "Dino," the all-school play which is now being rehearsed.

Following the program, parents will attend 10-minute classes, during which teachers will explain course content and procedures. A social refreshment hour in the cafeteria will follow the classroom schedule.

Parents are invited to visit their children's classroom during the week between 9 a.m.

and 3 p.m. in District 6C, which includes Crater High school in Central Point, Central Point, Gold Hill and Sams Valley schools.

School officials have encouraged parents to visit the schools to increase their awareness of the important role education plays in the country, and to help realize that good schools are a responsibility of each person.

District 6C administrators pointed out that the purposes of American Education Week

is to increase understanding and appreciation, to explain the curriculum, current teaching methods and materials, to increase pupil appreciation of the school, to reveal school problems and needs, and to strengthen the bonds of cooperation between the school and the community.

Open house for patrons of Griffin Creek school will be held Nov. 12, and parents are urged to visit the classrooms between 7:30 and 8:30 a.m.

Teachers will survey the year's work in each grade

and classroom work completed so far this year will be displayed. First grade teachers previously held open house for parents of children, but they will be available Thursday evening for consultation, school officials said.

Refreshments will be served in the cafeteria at 8:30 p.m. by the first grade mothers.

About 65 per cent of Wyoming's population gains its living directly or indirectly from farms and ranches.

Eagles Plan Drive For Manila House

A fund campaign to support a youth training center in the Philippines is being prepared by the Crater Lake Aerie, Fraternal Order of Eagles, according to Jack Satterlee, president.

Satterlee said an "Eagle House" is being established in Manila to instruct Philippine young people in essential vocational trades. Support will be from local Eagles as part of a nationwide campaign.

The idea is an expansion of the "Eagle House" system undertaken with the aid of CARE which now operates

centers for adolescent needy in Berlin, Germany, and in Naples and Catania, Italy, Satterlee said.

The Manila house will use an initial \$10,000 for training equipment and hand tools. Classes will be given in woodworking, electronics, mechanics, metal craft and other basic skills.

Information on the program may be obtained from Satterlee at Spring 3-9056.

Nineteen billion glass containers are produced annually in the nation's 90 glass container factories.
