**"WE BUY TOGETHER TO SELL FOR LESS"**

This is the slogan of your **INDEPENDENT FOOD DEALER**

A few years ago, the independent food dealer discovered that he could not compete in the "price field" unless he could buy his merchandise in quantities that would permit him to qualify for all trade and quantity discounts.

In order to fill this vital need to bring groceries and associated items to the consumer at **LOWEST POSSIBLE PRICES**, a number of your local merchants have banded together and affiliated with a state-wide buying organization.

The organization, owned outright by independent food dealers, is called **UNITED GROCERS, INC.**

United Grocers, Inc., maintains a complete distribution warehouse in Medford and employs some 50 people, including management, office personnel, warehouse men and truck drivers. This huge buying and distribution center insures the Independent Food Dealers a selection and variety of over 5000 items to choose from. Also, a total inventory of nearly **ONE MILLION DOLLARS**, featuring all popular "brand names".

This is **BIG BUSINESS** for Medford, and gives the buying public an assurance that if groceries are bought right, they can be sold right.

SIGNED: MEMBERS OF UNITED GROCERS, INC.
