Young British Wife Says War Ministry Messing Marriage to Soldier

London—UPI—A young British wife declared war on officials of the War Ministry today. She said they're messing up her marriage.

Pretty Dorothy Cooper claims the ministry is causing her "heartbreak and unhappiness" with a regulation which forbids her to join her soldier-husband in Malaya—because he's under 21. He's 20, and so is she.

Plans To Fight
Dorothy plans to fight it all the way to the House of Commons.

The ministry received her first salvo today: "Sir," she said in a letter

De Gaulle To Pay Visit To Britain

London—UPI—French President Charles de Gaulle will pay a three-day visit to Britain in April, it was announced Thursday.

The timing of the visit meant that an East-West summit meeting before May would hardly be possible.

The invitation was extended to de Gaulle soon after he became President in 1958. Fixing of a final date apparently was delayed pending settling Soviet Premier Nikita Khrushchev's visit to Paris, which is set for March 15.

De Gaulle will be the first French head of state to visit Britain in 10 years, since ex-President Vincent Auriol made the trip.

County Courts To Conduct Convention

Portland—UPI—Oregon's 36 county courts and boards of county commissioners and other officials will converge on Portland next week for the three-day convention of the Association of Oregon Counties. The convention will run from Wednesday to Friday.

Wine growing from Mexico was carried into what is now California by Franciscan fathers in the mid-18th century. For the first time in hundreds of years, no flax was grown commercially in Northern Ireland in 1959.
