

Hundreds of Presents Available for Women

It's easy to give wings to a woman's wishes at Christmas time... especially when local shops are showing hundreds upon hundreds of desirable, wished-for giftable items!

Most often the primary and determining factor is the price you have to pay - but you can flatter her wishes and pamper your budget too, with a bit of careful pre-planning.

Give Her Jewelry - You can choose the finest diamonds at extravagant prices if you can afford to, but simple costume jewelry items nowadays are crafted with all the precision and beauty of rare pieces!

Furs - Perhaps she's dreaming of a full length mink... but if your choice is a "man-made" precious pile fiber one, she'll cuddle into it with pleasure. Perhaps her yen for mink doesn't extend to coats - she may be thrilled with a gift of a handsome mink (or other fur) collar, a cape, a stole or perhaps a rich-looking fine orlon or cashmere sweater with a real fur collar.

New Watches - You needn't spend a fortune to find a glamour watch for your special "she." There's the great line-up ever, of frivolous fancies in dependable timepieces. With fancy bracelet

bands, novel faces, colors of the rainbow and striking designs, it's difficult to tell whether these novelty watches cost under twenty-five dollars or over a hundred!

Fine Perfumes - Of course, she loves the finest, and you do want to give her the best. But you don't have to buy the exorbitant decanter size, when her favorite fragrance will thrill her equally when you give her that smart purse size flacon (and you'll help her make it last longer when you complement it with a twin cologne so much less expensive, too).

So, if she wants the moon on a silver platter, shop around carefully - and give it to her on a "sparkle-like silver" aluminum!

Christmas Tree Hazards Cited

Everyone should have a beautifully decorated Christmas tree, but... everyone should remember that that same beautiful tree can be dangerous.

If you don't follow a few simple rules, your gay Christmas tree can become a grim fire-hazard!

Mount the tree in a stand that holds water. This will keep the tree fresh and green. Keep the tree away from open fireplaces, radiators, TV sets and electric lights.

Don't overload the tree's circuit by putting too many lights on one circuit. Make sure that the wires are not frayed! Turn off the lights when there's nobody around to watch them!

Trimming should be fire-proof. Keep the base of the tree free from combustibles such as loose papers and ribbons.

Lighted candles are a menace as well as outmoded. Don't use them!

Be sure to dispose of the tree in a fire-safe area. If you intend to burn it in the fireplace, don't leave it unattended, as more than just the tree may go up in smoke.

Yes - you can make certain that you and your family really do have a safe, and merry Christmas!

FRENCH IMPORT - This chic set combines a spray perfume pursuer with matching flacon of eau de toilette spray mist. Neither can spill or evaporate. Each spray is measured. A heavenly scent she'll love. "Flatterie" by Houbigant

Robes, Sweaters Good for Aged

Need some good ideas for what to give the "oldsters" on your list? Here are a few to get you started...

First for consideration might be a robe. New, warm but washable types, generally serve best... and come in a wide range of styles for your choice.

Sweaters are good for both men and women! An attractive stole for Grandmother is generally most appreciated.

Slippers, too, are popular with the older crowd. If you don't know the correct size, a gift certificate can be arranged.

At home entertainment... television, radio, hi-fi, phonograph... any one of these would be welcomed. Books, too, are good... so is a subscription to a magazine or book club.

Remember - folks in this age group still enjoy many activities and still like little luxuries! Give them something they can use, of course, but also keep it gay and gifty!

Jewelry Provides All Kinds of Good Gifts

This year, all types of necklaces, pins, bracelets and earrings will be high on every woman's most-wanted list of Christmas gifts, says the Fashion Coordination Institute.

The deep-plunging neckline, bracelet sleeves and the many other "fashion-focus" notes in this year's style scene all combine to provide an emphatic and beautiful foil for jewelry.

For the important classic look, symbolized by the tailored suit, the handsome adornment of jewelry, particularly gold, is almost a fashion necessity.

And, since the major fashion colors are distinctly neutral ones, jewelry is of stellar importance either as the tailored accent of glistening sheen or as the dash of color.

The bracelet-length sleeves have inspired new and wonderful variety in bracelets of both flexible and rigid designs. In narrow, color-sparkled bangles... richly textured twists and gleaming, polished curves often set with multi-colored jewels bracelets offer opportunities for the really wonderful gift.

Since many of the new bracelets are born to be worn one on each arm - a gift of paired and matching bracelets will be most appreciated.

The year's new charm bracelets are massively designed with richly textured, chunky charms dashed with brilliance and jewel colors.

New Necklaces - New necklaces underscore the beauty of new necklines with mounted stones linked

together in flashing colors, crystals with gold beads, pearls combined with the sleek and handsome look of pronged, linked or woven gold.

Chains, beads and pearls look smart in high-placed,

Cellophane Used In 'Stained Glass'

You can quickly make your own Cathedral "stained glass" window in your home!

Just take jewel-colored cellophane and cut into many shapes. Apply to a clear glass door or window with rubber cement or scotch tape.

Let your imagination wander with the subject and shapes that please you. The materials are very inexpensive and if you make a mistake, just start over again.

By crinkling the cellophane you get a textured look of pebbled glass!

The lights in your home at night will shine through the colors and design and you'll be amazed at the striking effect!

flat-lying chokers and in deep necklace "bibs" from 22 to 27 inches in length.

Pins poised at the waistline, scattered at a dropped shoulder line, used to center a midriff or to dramatize the length of a jacket do wonder-work with the season's new styling.

Versatile and significant, jeweled or "solid gold" pins are presented in many sizes and with fashion rightness for every "placement."

Graceful Shapes - The beloved circle, leaf, plume and literally dozens of other gracefully shaped pins arrive this year in new texture and double-texture interest that is fashion-fresh with the new fabrics and colors.

"Pins-in-groups," or the long-favored "scatter pins" return in enchanting new guises. In plain and jeweled designs they are important in all-of-a-size groups and in "sets" that vary size, colors and shapes for a related rather than identical look.

Another special "pin note" of fashion import this winter is the "accent" pair of pins worn on the left evening glove.

FUR-LIKE PURSE - Elegant accessory that makes an extravagant-looking gift. But it's really inexpensive. Made of fur-like Verel-fiber pile fabric that retains shape, texture and appearance in any weather. -By Ingber.

FOR THE GOLFER

Although the golf enthusiast usually prefers to select his own clubs, he is most receptive to such gifts as a golf bag, a pair of lightweight golf shoes, a golf cart, and the numbered club head "mitts." All are best in leather. Not in leather, but of course always welcome, are golf balls!
