

PARTY OUTFIT—Pretty party outfit that she will want to wear every day. In fabric woven with "locked-in" color. Wrinkle-resistant, moth and mildew-proof.
—By Richling Ades Richman

Clothes Wanted By Fashionable Teen-Age Girls

What to give the sub-teen and teen-age girls on your gift list? — clothes, of course! At this age the girls are very fashion-conscious.

And this year there is a wide variety of fashions sure to fit your budget and sure to delight the "teeners" too.

Stretch tights head the most-wanted list and are a "must" for the casual look the crowd is going for this year!

New and also very much in demand are the fringed plaid kilts (very short pleated skirts).

To guide you in buying what these girls want most — here is a summary of the highlights in sportswear. The latter being the basis for every "knowing" sub-teen and teen girl's wardrobe.

Dyed-to-match or blend-color outfits in solids, plaids or stripes . . . double breasted styling . . . Reversibles in vests and skirts . . . the suit look (Car coats, slacks, skirt), bulky knits and shaggy . . . Mutton sleeves and large collar blouses . . . Fur-like or pile collars, hoods and trims . . . all always appreciated: skirts, jumpers, slacks, Bermudas, blouses and sweaters.

The girls are very fond of trim and this year the most popular are fur, fringe, rieur, braid, novelty belts, gilded buttons and buckles.

Millinery too features the casual, soft look with hats emphasizing soft, blousy crowns, velveteen, hairy and shaggy felts as material. Raccoon is the big news in young millinery trimming.

In lingerie the teenagers will prefer the new two and three tier bouffant petticoats; some come with camisole tops.

At night the girls will take to soft, warm (often flannel) pajamas with breeze-proof legs that tighten at the ankle. Most of the sets double as lounge outfits too.

Today's Dolls Look Like Real

No longer are the most popular dolls those which resemble "make-believe" characters or famous children. Today's favorite dolls are those that look like real, average children.

The ultimate in this concept is the new family group of dolls created from government statistics as to average weight and measurement of children from six months up to school age. They are completely detailed and sized to look like their living counterparts.

Many dolls this year feature rooted hair which can be handled just like real hair and many of them come with their own hair dressing kits!

"Older" dolls will be dressed in the latest couturier fashions . . . needle point shoes, dark hued stockings, etc.

These "real life" dolls need life-like accessories too . . . and they are available now. There are formula making, diaper changing, colic curing and skin smoothing kits. Carriages are designed right from the plans for baby carriages. Doll beds can be folded and easily carried. Some are designed to hook onto auto seats as well.

The impact of the larger American family is very evident in the styles of dolls you'll see for this Christmas.
