

DOLL NAMED "CREAM PUFF" is the name of this new doll 'cause she's sweet as cream and light as a puff. She has dimpled cheeks, curly rooted Saran hair, big blue eyes and adorable impish expression. Made of Plastisol; dressed in organza outfit with bonnet, slip and panties. She'll be loved! By Ideal Toy Corporation.

Santa Carries Bumper Pack Of Playthings

Santa will be carrying a bumper pack of toys and playthings this Christmas - with the value estimated at a billion and a half dollars.

"Learn by doing" is the motivating force in toys this season, reports Dr. Philip Lewis, Chicago Board of Education member and advisor to Toy Guidance Council - with a great deal of emphasis on the scientific.

Children are vastly interested in the mechanics of rocket launching, the workings of an atomic submarine, putting together a racing car or working with a model of dishwashers.

Playroom Kits
Playroom kits will indocrinate the juvenile contingent on basics of astronomy, chemistry, physics, electronics and atomic energy.

Vieing with the marvels of the superatomic world of tomorrow are dozens of Western style toys, many of them inspired by TV heroes! And, you'll see the largest rocking

horse round-up ever in toyland.

A record crop of board games reproduce the action of frontier style thrillers including Wells Fargo, Restless Gun, The Rifleman and Annie Oakley.

TV show formats such as "Concentration," based on solving rebus puzzles, and "Name That Tune," a form of musical bingo, are reproduced in games that appeal to a wide range of ages.

There are also a variety of maze games which make use of the most modern plastics. "Try-It," a clear plastic cube with intricate passage ways, tests the ingenuity and patience of players who strive to maneuver a ball from one end to the other.

A new plastic hobby kit, "Plaxicraft," provides non-toxic plastic beads in multi-colors which children form into designs in die-cut forms. When popped into the oven and baked at a low temperature, the result is a decorative permanent decoration for the playroom.

An intriguing addition to play for the junior hobbyist is a new composition molding material that resembles wood when it hardens. It can be sanded and painted, after it dries.

For girls - the newest trend in needle heeled pumps, fur stoles, "working" appliances and the last word in modular furniture are each reproduced in realistic miniature.

Here's Recipe For Yule Candy

Here's a holiday confection you will find delicious, Christmas-looking and very easy to make.

CANDIED FRUIT BARS
2 halves candied orange peel
2 halves candied lemon peel
1/4 lb. dates
1/2 cup citron
1 cup candied cherries
4 slices candied pineapple
1 cup figs
1 cup walnuts
Rind from 1 orange
1 1/2 cups sugar
1/2 cup water

Cut fruit in large pieces with scissors that are dipped in hot water frequently. Chop nuts. Mix together. Cut orange rind into thin slivers. Cook orange rind, sugar and water until syrup forms a 2" thread when tested from tip of fork (230 F on thermometer). Pour over fruit mixture. Pack the well-mixed fruit-syrup combination into a 9" square baking pan very firmly with your hand or back of spoon. Let cool until firm. When firm, cut off little bars with a sharp knife and wrap individually in waxed paper. Keeps well and makes grand little gifts.

Choosing and buying wine: Best - known appetizer wines are Sherry and Vermouth. Well - known white dinner wines (to serve with turkey, chicken, seafood) are Sauterne, Rhine Wine and Chablis, with several types and varieties of each.

Dinner Wines
The well-known red dinner wines (to serve with steak, roast, etc.) are Burgundy, Claret and Chianti with varieties of each.

Also excellent is Vino Rosso, a sweeter, mellow red wine. (Rose, a pink wine, can be served with all foods).

Well - known dessert wines are Port, Tokay, Muscatel, Angelica and Sweet or Cream Sherry.

Sparkling wines are Champagne and Sparkling Burgundy; these are served as appetizers, with the main course or as dessert wines, with any food.
