

### Ashland Council Adopts Ordinance

Ashland - A measure approved by the 1959 state legislature which regulates the sale or furnishing of tobacco to minors was reinforced in an ordinance adopted by the Ashland city council last week.

The measure also regulates the use and possession of tobacco in any form by persons under 18 years old.

Provided for is a fine of not less than \$5 nor more than \$50 for persons convicted of furnishing tobacco to a minor for the minor's consumption, according to the ordinance.

A fine of not more than \$5 or a jail term not to exceed two days for each offense is stipulated for a minor who smokes or is in possession of tobacco in a public place. The same penalty applies to any proprietor or employee of a business establishment who allows a minor to use tobacco while on the premises.

Retail sales of room air conditioners are expected to total between 1,600,000 and 1,750,000 units this year - an 18 to 30 per cent increase over 1958. Air conditioner manufacturers invested 7 per cent more advertising in daily newspapers in the first six months of this year than in 1958.

### Week's Sewing Buy

9335
