

## Stocks Move Higher From Opening Level

New York — (UPI) — Stocks moved up from their opening levels today. Strength was scattered among the electronics and specials and even steels firmed in spots. Industrials scored their 13th advance in the last 14 sessions, and rails tacked on their seventh straight session of higher prices.

## Gov. Long Loses Bid for Election In Louisiana

New Orleans — (UPI) — Having been cast aside by the voters in favor of more decorous candidates, Gov. Earl K. Long faced a future of fast declining power in Louisiana government and politics today. He ran third in a field of six candidates for lieutenant governor — the law prevented him from running for governor — in a Democratic primary election Saturday and James A. Noe, 67, whom Long backed for governor, ran fourth.

**Loses Home Parish**  
In his home parish (county) of Winn, voters refused to elect him to the Central Democratic Committee. Long, 64, will serve as governor until next May. The faith of voters in him evidently was shaken by his escapades last summer during a southwestern tour, plans to divorce his wife and his public identification with strip-tease Blaze Starr and a woman recently arrested for soliciting.

**Runoff Scheduled**  
His successor will be chosen Jan. 9 in a runoff between the two leaders in the gubernatorial primary: Mayor deLesseps S. Morrison, 47, of New Orleans, and Jimmie H. Davis of Shreveport, a cowboy singer and movie actor, who has served one term as governor.

The lieutenant governor's race will be decided in a runoff between Mayor George W. Bowdon, 38, of Alexandria, who ran with Morrison, and state Rep. C. C. Aycock, 44, of Franklin, who ran with Davis.

**Steels Up**  
Lukens stood out in the steels with a gain of more than 2. U.S. Steel, Republic, Youngstown and Jones & Laughlin were up around a half or more. Universal-Cyclops trading ex-dividend was up around 3.

In the specials, U.S. Borax was up more than a point and Addressograph more than 2. Gains in electronics ran to more than 1 in Zenith, Litton and Western Union. Texas Instruments fell around 1. General Motors firmed in its section, as did Chrysler and Studebaker. Rails, aircrafts, oils and tires ruled steady to slightly higher.

## District Attorneys Pick Newport Man

Portland — (UPI) — A. R. McMullen, Newport, Lincoln county district attorney, was elected president of the Oregon District Attorney's association at its annual convention here Friday. He succeeds Winston Bradshaw, Oregon City, Clackamas county district attorney. Walter Foster, Dallas, was named vice-president; Charles Raymond, Portland, secretary-treasurer; and Courtney Johns, Albany, and Francis W. Linklater, Hillsboro, were named to the executive committee.

## Water Board Asks Recreation Area

Portland — (UPI) — The Oregon Water Resources board has requested the Federal Power commission at a hearing here to set aside a 100-mile stretch of the Deschutes river below Pelton dam for recreation.

The board asked the commission to adopt their decisions which would reserve the portion above the Pelton dam for Portland General Electric's proposed Round Butte dam project. The suggestion came in the fifth day of the commission's hearings on the dam.

**IKE VISITS POPE**—President Eisenhower laughs heartily at a humorous remark made by Pope John during a visit to the Vatican. With the President, and also enjoying the joke, are Lt. Col. Vernon Walters, official interpreter for the President, and Barbara Eisenhower, behind the Pope. —(UPI Radiotelephoto)

## Pope Calls on God to Assist Eisenhower in Peace Efforts

Vatican City — (UPI) — Pope John XXIII greeted President Eisenhower with a smile and a handshake here Sunday and called on God to help his "noble efforts" to promote world peace.

The whirlwind Eisenhower visit to the Vatican—the first paid by an incumbent president in 40 years—broke numerous precedents. Although it was nominally a private call, it got most of the trimmings usually reserved for formal "state visits."

For the first time that anyone could remember, Domenico Cardinal Tardini, Vatican secretary of state, was present at Eisenhower's meeting with the Pope instead of awaiting a formal call from the President later.

**Pope Speaks in English**  
The President was accompanied by his interpreter, Lt. Col. Vernon Walters, but his services were not needed. The Pope spoke English, doing so on an official occasion for the second time in his reign. The Pope welcomed the President with a brief address in Italian. They spoke together in English in the papal library, and then the Pope read a brief farewell message in English. "We earnestly invoke the power assistance of God . . .

in your noble efforts as the untiring servant of your people and the cause of peace in the world," the Pontiff said in his welcoming address.

**Inspired by Approval**  
"We beg your excellency to discern in these words of ours an expression of the sentiments of benevolence and admiration which we cherish for

## Room, Trailer House Damaged in Blazes

City firemen were summoned about 2:20 a.m. today when a fire was reported at Bateman's cafe, 2592 North Pacific highway. They said that a truck driver, sleeping in a rear room had moved an electric heater too close to the bed. Blankets and mattress were ignited. Damage was reported confined to the bed.

Contents and interior of a trailer house owned and occupied at Camp U Rest by Mr. and Mrs. Walter A. Lamb were damaged by fire about 12:15 p.m. yesterday. Mrs. Lamb told firemen that she heard an explosion after lighting the oven and found fire around the range in the 40-foot trailer. The camp is at 3761 South Pacific highway.

the American people . . . we are glad to extend from our heart to your excellency personally."

Later, at the airport, Eisenhower told Premier Antonio Segni that he was "inspired by the Pope's approval of the efforts made by the countries of the free world to achieve peace and justice."

Pope John set another precedent by addressing about 100 newsmen accompanying the presidential party before he talked to the President.

## Salem Family Hurt In Car-Train Crash

Salem — (UPI) — One member of a family of four involved in a car-train collision remained in "critical" condition Sunday at Santiam Memorial hospital.

Injured when their car plowed into a Southern Pacific freight train near Aumsville were Terrence R. Jobb, 37, Salem; his wife, Margaret, 33, and two daughters, Pattie, 2, and Cheryl, 9. Hospital attendants said that Pattie was still in "critical" condition. The other members of the family were reported recovering from minor injuries.

**PRESIDENT GREETED THROUGH**—In a motorcade from Esenboga airport to the Turkish capital, President Eisenhower raises both hands in response to a tumultuous greeting by crowds in the streets of Ankara. The route of the Presidential motorcade was bedecked with some 5,000 Turkish and American flags. —(UPI Radiotelephoto)

## Ike Gets Stupendous Welcome During Goodwill Stop in Greece

Ankara, Turkey — (UPI) — President Eisenhower, warmed by the most "stupendous" welcome ever given a foreign visitor, left today for Pakistan to the sound of further cheers and the Turkish farewell—"Allah go with you."

Eisenhower's welcome was an uninhibited one in which Turks danced and sang in the streets and filled the night with fireworks while he conferred with President Celal Bayar. Homemade banners along every foot of his travels proclaimed Turkish-American friendship.

His departure from Ankara was almost as electrifying as his arrival and it was a smiling and alert President who

looked up at a huge banner stretched across Esenboga airport terminal and set him to grinning as he read: "Take our love with you, Ike."

**Gives Turkish Farewell**  
"I am deeply touched by the symbol of true affection between Turkey and the United States," Eisenhower said in a farewell statement. "The visit was far too short. This country takes hold of my heart . . . our two countries have been friends for a long time. I think the bonds are growing stronger and firmer each year, each month, each day."

He ended then with the Turkish farewell, "Allah Ismarladi," and turned toward his plane for the four hour

and 11 minute flight to Pakistan.

Behind him Eisenhower left guarantees to calm the fears of Turkey that the West will go soft in its eagerness to relax the cold war with Russia. He and Bayar issued a communique agreeing that "the future of humanity depended above all" on the ability of free nations to compose their differences and face the threat of Communism together.

**Inspects Honor Guard**  
Before leaving Eisenhower inspected an honor guard of Turkish soldiers and turning to the commander said, "if all the soldiers in the Turkish army are like these you may be proud and we may be proud."

"Yes, sir, we are awaiting your orders," the commander replied.

Eisenhower, up almost until midnight Sunday for conferences with the Turkish leaders, flew to the airport today by helicopter with Premier Adnan Menderes and Foreign Minister Fatin Rustu Zorlu.

Before leaving, Eisenhower insisted on shaking the hands of the motorcycle police who had escorted them. And although he mounted a helicopter for the trip to the airport the 20 miles of road along which he flew was lined with 18,000 troopers and police.

## 18th Anniversary Of Japanese Attack Finds Fleet Strong

Pearl Harbor — (UPI) — U.S. Pacific Commander Adm. Harry D. Felt said today on the 18th anniversary of the Japanese bombing of Pearl Harbor that he hoped the attack taught the American people "never to allow weakness to invite disaster."

And Adm. Herbert G. Hopwood, Pacific Fleet commander in chief, said no enemy ever again would take the fleet by such a fatal surprise.

**A Mighty Force**  
Hopwood said his 250,000 men and officers and 450 ships were today a "modern, mobile, flexible and mighty force constantly on guard, ready to move to deliver a powerful attack upon anyone foolish enough to strike at our nation or our allies."

Felt and Hopwood made their statements as they prepared to join with Sen. Barry Goldwater (R-Ariz.), Hawaii's Lt. Gov. James Kealoha and other dignitaries in a solemn anniversary ceremony aboard the rusted hulk of the battleship Arizona. She lies half buried in the mud of Pearl Harbor with 1,102 entombed bodies of men who went down

## TO HOLD HEARINGS

Washington (UPI) — A House post office subcommittee plans to hold hearings next year on sexy movies, books and magazines. Chairman Kathryn E. Granahan (D-Pa.) said Sunday one purpose would be to determine whether the publishing industry should adopt a purity code patterned after that of the motion picture industry.

More than 200 species of birds have been identified recently in the Big Bend National Park which covers 1,007 square miles in Southwest Texas.

# Better than Gold

Our Exclusive "Better Than Gold" proportion fit nylons are exactly what the name implies. You never buy a single pair . . . because you always buy a box!

### FULL-FASHIONED STYLES:

- dress sheers, 60 gauge, 15 denier, dark seam, box of 3 pr. . . . . 1.95
- dress sheers\*, 60 gauge, 15 denier, selfseam, box of 3 pr. . . . . 1.95
- dress sheers\*, 100% stretch, self seam, box of 3 pr. . . . . 2.50
- walking sheers, 30 denier, self seam, box of 3 pr. . . . . 1.95
