

EAGLE POINT Kindergarten Slated

By DOTTIE HARBISON
Eagle Point - Mrs. Edna Cunningham, who conducted a kindergarten in and around Eagle Point for about five years prior to her move to California, will once again make it possible for the four and five year olds to attend kindergarten in the Eagle Point area.

Mrs. Cunningham will move to Eagle Point shortly and will hold the kindergarten in the home of Mr. and Mrs. Charles Martin, 202 South E. st., from 8:30 to 11:30 a.m. on Mondays through Friday, starting Jan. 4.

Mrs. Cunningham is a member of the Jackson County Kindergarten association and several national and state organizations and works in conjunction with the methods taught in the Eagle Point Elementary school.

Youngsters are taught to work and play together, to express themselves through coloring, to count, write their own names, singing, to listen to stories, recite short verses and are given rest periods. Readiness workbooks are also used.

Registrations have already been accepted and anyone interested in further information may contact either Mrs. Donald Pulley at Hillcrest 6-3555 or contact Mrs. Charles Martin after 5:00 p.m. at her home or call Hillcrest 6-3004.

No youngsters will be admitted after the starting date of Jan. 4 and anyone interested is asked to register as soon as possible so that the right amount of material needed will be available on time.

Mrs. Edward (Claire) Chamberlain will be hostess for the

Eagle Point Home Extension annual Christmas party at her home on Brownsboro rd. Dec. 10, at 10:30 a.m.

The high school choir will present a selection of Christmas carols at 11:30 a.m., followed by luncheon. The afternoon meeting will start with arrangements being constructed of dried weeds to form center pieces and winter bouquets by Mrs. Robert Walsh and Mrs. Johnny Johnson. This is an open meeting and anyone is invited to bring candles to add to the display or ideas for nice Christmas gifts is asked to bring them.

A Christmas basket will be fixed as usual this year and each person is being asked to bring a donation.

Mrs. Otto Nagel and Mrs. Mike Heckenberger co-hostesses and have asked that everyone remember to bring their own table service. Mrs. Chamberlain has been hostess for the Christmas party for several years.

Child care will be available at Mrs. Phillip Hannaford's home on the Brownsboro Highway. Each child is asked to bring a sack lunch.

The Junior Chamber of Commerce will hold its regular meeting Thursday, Dec. 10, at the Scout house. Arrangements will be completed for the Christmas tree project and discussion of the work being made on the new Scout house will be included in the business, according to Donald Kimmel, president.

Mr. and Mrs. Harold Hanscom and children, Cheryl, Rose, Julie, and Bobby, motored to Fallon, Nev., Nov. 25 to visit Mrs. Hanscom's parents, Mr. and Mrs. Alfred Lilly, and other relatives. A family reunion was held Thanksgiving with parents, Mr. and Mrs. Alfred Lilly, a sister and her husband, Mrs. and Mrs. Lonny Lofthouse and children, Jerome, Candy Kay, and Lanny; a brother and his wife, Mr. and Mrs. James Lilly and children, Jimmy Dean and Linda of Reno; Mr. and Mrs. Howard Lilly of Fallon; and a cousin and family, Mr. and Mrs. Horn of Arizona.

The Hanscoms stopped at a scheelite mine where they observed tungsten being mined. Tungsten is mixed with steel to make it hard enough to withstand terrifically high temperatures. It is thus in the nose cones of rockets, thus preventing their melting. The Hanscoms returned to their home on Stevens rd. Nov. 29.

Mr. and Mrs. Dale Burns and son David, of Redding, Calif.; Mr. and Mrs. Jack Chamberlain and family of Fortuna, Calif.; and Mrs. Stella Johnson, of Lewiston, Calif., were guests of the Ed Chamberlain family over the Thanksgiving holidays and attended the wedding of a Dick Chamberlain, son of Mr. and Mrs. Ed Chamberlain.

Thirty-six members of the Ed Chamberlain family attended Thanksgiving dinner at the home of Mr. and Mrs. Wilson Smith of Medford.

Mr. and Mrs. Harold Barker of the Upper Rogue Grange will show pictures they took while traveling in Europe at the Eagle Point Grange hall Tuesday, Dec. 8, at 8 p.m. Two aviation films will also be shown in conjunction with these pictures.

The Eagle Point Grange has extended an invitation to the entire community to see the pictures. There is no charge and refreshments will be served following the program, according to Mrs. Robert Bitterling.

Device Simplifies Bacterial Tests

Grand Rapids, Mich. - (UPI) - Robert N. Frahm, a veteran Grand Rapids bacteriologist, has designed a unit that enables a novice to make positive bacterial tests as quickly and as cheaply as a trained and fully equipped expert.

Frahm, for 10 years the owner of an independent bacteriological testing laboratory serving dairy plants in the area, has developed a compact, table-sized laboratory that includes a kit for individual tests.

The kits are made up of pre-measured dilution tubes and agar, along with sealed plastic ware, all sterile when received. The test chemicals are used once and discarded. No sterilizing or "dish washing" - often responsible for as much as 80 per cent of a laboratory's time - is required.

PENNEY'S

ALWAYS FIRST QUALITY!

DOWNTOWN MEDFORD... GREATER SELECTIONS

SHOP EARLY... AVOID THE RUSH
