Young Woman Executive Lists Success Recipe

By GAY PAULEY
UPI Women's Editor

New York—Attractive 35-year-old Geraldine Stutz poses in the executive suite of Henri Bendel, a specialty store long a landmark on New York's fashionable 57th street. The woman president, a native of Evanston, Ill., is undoubtedly one of the nation's youngest female executives. (UPI Telephoto)

undoubtedly prettiest woman executives.

"The basic talent to begin with; then the basic training and finally, caring enough about the job to work hard—I honestly believe these are the qualities," said Geraldine Stutz.

Miss Stutz, 35, is president of Henri Bendel, a landmark on New York's fashionable 57th street. For two years she has occupied the specialty store's executive suite—in celadon green with works of art from her personal collection decorating its walls.

We checked in to see how Miss Stutz is doing in a business highly competitive in any city, and in a position which most career women of any age would give their eye teeth to have.

The answer is quite well. And bossing 200 employees—many of whom have been with the store 25 to 50 years—apparently hasn't given her a swollen head.

Relaxed and Friendly

"So what's to be impressed about?" said Gerry Stutz.

The woman president is disarmingly unlike many executive types this reporter has interviewed. No chain of secretaries to break through; just

one assistant, a pretty blonde. No constant telephone interruptions. And no hard-hitting, brusque manner.

Instead, you meet a relaxed, friendly woman who looks about 25; who has dark brown hair worn in a short bob, dark eyes and the figure of a model—five feet, six-inches and around 110 pounds; a woman president who sits at her desk eating a doughnut and drinking tea from a paper cup.

"I'm usually here by nine each morning," she said. "I don't work late many evenings... I like to crowd in a lot of theater. But it seems like I haven't had a Saturday off since I took this job."

Miss Stutz, a native of Evanston, Ill., and a daughter of a contractor, wanted to be an actress. She studied at Mundelein college, which has turned out several successful actresses, but said that "somewhere along the line I realized I just didn't have it. So I switched my major to journalism."

She arrived on the New York scene in 1947 and got her first job as shoe editor of Glamour magazine. "I didn't know much about shoes," she said, "but the women at the top had tremendous confidence in me."

Waiting for Right Man

She polished her knowledge by hoofing it regularly to Europe to cover the fashion collections. And in 1954, the Miller Shoe company, owned

by the many-faceted Genesco corporation, lured her into merchandising.

Genesco's head, Maxey Jarman, was so impressed by her performance with the shoe business that six months after he acquired Bendel, he gave her the job of putting the store in the black.

Miss Stutz said she owns a chunk of Genesco stock, and some guesses have put her earnings as high as \$40,000 a year. But she refused to talk salary.

The store president doubted if her youth and good looks had been either an asset or handicap in the job. "The way you look and the age you are don't matter in business, long range," she said. "It is how well you do the job."

"But one thing, I am not a career woman in the traditional sense... not like one of those Roz Russell heroines in the movies. I love men, women, children and dogs and want to get married when I meet the right man."

"This is a pleasant way of making a living. It is not a way of life."

Milnes Selected to Play in Honor Band

Greg Milnes, son of Mr. and Mrs. Victor Milnes, 15 North Groveland ave., Medford, has been selected to represent Willamette university in the Western and Northwestern Intercollegiate Honor band, the college has announced.

The band is made up of top players in colleges and universities in the western states. It will play for the College Band Directors National association meeting at the University of California in Berkeley, Calif., this week.

Milnes, who was a member of the Medford high school band, is a junior pre-law student majoring in economics at Willamette.

They Crunch

New York — (UPI) — Make crunchy French fried onions with a corn meal coating. Peel medium sized Bermuda onions and slice 1/4-inch thick. Separate rings and dip into a mixture of 2/3 cup of enriched corn meal, 1/3 cup of flour and a dash of salt and pepper. Fry coated rings in 375-degree deep fat about 2 minutes. Serve hot.

Cherry Date

New York — (UPI) — Cherry date relish adds a festive to a holiday meal and takes just a short time to prepare. Combine 1/3 cup chopped maraschino cherries (about 15 cherries), 1 cup finely chopped pitted dates, 1 medium-size finely-chopped orange, and 1 cup chopped walnuts. Mix well. Serve with ham or turkey.

Holiday Dessert

Chicago — (UPI) — A holiday dessert that's easy to make begins with oatmeal bread mix. Prepare according to package

directions, and blend 1/2 cup of moist mince into the batter just before pouring into the foil pan. Bake according to package directions, cool, and serve with lemon-flavored hard sauce.

Modern Cosmetic Science Has At Last Discovered A NATURAL WAY TO REGAIN YOUNGER SKIN BEAUTY

Amazing New MOISTURE CONTROL Lotion* is Guaranteed to Make YOU LOOK YOUNGER... FEEL YOUNGER...almost overnight!

Now—a wonderful skin moisturizing emulsion for those past 'teen age'. In "TIME OUT", you'll find an exclusive ingredient called "N.M.F. 100" which performs miracles on dry, old-looking skin.

Creates Natural Moisture Balance ...Helps Smooth Dry, Scaly Skin

Only "TIME OUT" with N.M.F. 100 lets skin breathe and drink in moisture to help restore a dew-like complexion. You'll feel its smoothing results on the first application. Not only does it moisturize, but it also lubricates.

Tiny Age Signs Dim and Fade

Tiny wrinkles and crows' feet around the eyes, nose and mouth, first tell-tale signs of approaching age, quickly begin to fade and become unnoticeable because "TIME OUT" helps restore the natural moisture control.

*N.M.F. 100—(Natural Moisture Factor 100%) is a Natural Water Control Factor, which helps skin restore lost essential moisture by means of absorption. It enables liquids to wet the skin and be absorbed into the sub-surface cells. N.M.F. 100 automatically regulates the water metabolism of the cornium of the skin. You can also apply it in the morning under your make-up. Your powder will go on smoother, cling longer and your skin will receive the day and night benefits of this scientific moisturizing treatment.

Your Mirror Will Reveal Marvelous Results and Prove You've Found a New, Easy Way to Bring Back Youthful-Like Texture.

If you are over 25 and your skin is becoming dry, flaky, blemished, rough, red, chapped, weather-beaten or old-looking, chances are nature is failing to supply natural fluids which tend to keep your skin satin-soft. Sensational laboratory discovery proves that lack of moisture—not lack of oils—causes dry, crepey, wrinkled skin. That's why "TIME OUT" is so different—acts different. If you want long-lasting, exciting results you must condition your skin by using a "moisturizing agent". "TIME OUT" helps establish a normal equalizer of moisture in your skin.

Wrinkles, Crows' Feet Dim and Fade—Signs of Age Quickly Disappear. Skin on Face, Neck, Hands and Arms Becomes Youthful-looking and Glamorous.

New "TIME OUT" with N.M.F. 100 coaxes skin to drink in and retain its rich lubricating and moisturizing properties, causing skin to become firm and smooth. Tense, worry and frown lines (wrinkles and crows' feet) soften and disappear. Botherome age spots react noticeably because a healthy youthful skin retards formation of age-revealing pigment clots under the surface. "TIME OUT" may truthfully be called the modern way to young skin beauty.

New "TIME OUT" is a skin-youth cream for anyone over 25, brings wonderful, noticeable results "almost overnight". Try "TIME OUT" for one week. If you're not completely satisfied—your money will be refunded on request. Only \$3.50 plus tax—approximately 2 months' supply.
