

Two Touchdown Passes Give West Edge in Last Minutes

San Francisco - (UPI) - Southern Methodist's brilliant Don Meredith threw two "do or die" touchdown passes in the last three minutes of the game Saturday to give the underdog West a bone-crunching 21-14 victory over the East in the 35th annual Shrine football classic.

Packing all the drama of a great game into the last quarter, Meredith, end Chris Burford of Stanford, and half-

back Dick Bass of College of Pacific brought the 60,000 partisan fans in Kezar stadium to their feet with their heroics.

The winning touchdown was set up when a pass interception gave the West the ball on its own 35. With a minute to go, Meredith tossed a dinky little pass to the sidelines that Bass bobbled then pulled in to score on a nine-yard play. The West, which appeared

beaten when it trailed with three minutes to go, got the tying score on a break. The East had the ball on its own 20 when Michigan quarterback Dean Look fumbled. Oregon's John Wilcox, who had a fine day, recovering one other fumble and intercepting a pass, recovered for the West. On the first play, Meredith faked back and then shot a high 21-yard bullet into the outstretched hands of Burford.

For his fine playing in the victory, Meredith was chosen the game's outstanding player. Lou Cordileone, 245-pound Clemson tackle, was named the outstanding lineman.

Second Half Spectacular
Nearly all of the spectacular play was reserved for the second half of the game.

The lone first half score came in the second period and gave the West a 7-0 halftime lead. Wilcox recovered a lost fumble on the East 18. Five plays later, fullback Jack Spikes of Texas Christian plunged over for the score.

The East tied it up in the third period on a powerful 59-yard march in 10 plays with Ohio State's Bob White plowing over from the two.

During this drive the line play was so vicious and hard hitting that the crack of helmet against helmet and shoulder pad against shoulder pad could be heard above the din clear up to the press box.

The East, now appearing to be in complete charge, went ahead early in the fourth period on a beautifully executed 52-yard pass-run play from Izo to end Don Norton of Iowa. Norton took the ball on the West 40, got two beautiful blocks in open field and ran alone into the end zone.

It was then that the East started making mistakes. The first came when Look fumbled and the West recovered to score and the second when the East voted against playing for a tie and started throwing passes with abandon while still deep in its own territory.

The line play was so rugged in the first half that the forward wall was taking all the play from the backs. Cordileone, Jim Houston of Ohio State, Ted Aucreman of Indiana and Dick Michael of Ohio State, frequently broke through to throw the West ball-packers for losses.

POACHERS MEET
A meeting of the Illinois Falls Salmon Snaggers and Steelhead Poaching club was held this Thursday and outsiders definitely were NOT invited. The meeting was at the falls, a place noted for its entertainment values, just at dusk and the members expected it to be a rewarding one.

Past experience has taught the members to exercise the proper amount of caution in this outing and they have little to fear in what they consider a rightful function.

CALL THE COPS?
Although it isn't the easiest thing for some people, the responsible sportsmen must realize that the only way to stop this obvious waver is to yell for the cops and keep on yelling until something is done. The problem of snagging and poaching is a constant one and the state police seem to need help in order to do something about it.

It's time the sportsmen let them know we want the laws enforced by doing something other than watching them try. Maybe it could be done.

THE ANGLER'S LOG
The water has been so cold the past week that only the most persevering and lucky fishermen have been able to connect. The temperature of the Rogue at Gold Ray dam has been below 40 degrees and that puts it barely above 40 in the lower river. Since 40 degrees seems to be the point that determines whether or not a fish moves, a nice warm rain is what we should order from the weatherman.

Illinois River - Has been cold and clear but some fish are moving. A big run is reported in the Briggs creek-Oak flats area. Earlier fish are scattered and hard to hook.

Klamath River - Has been very cold and clearer. Not much activity from fish or fishermen.

Rogue River - A big run of winter steelhead is reported up in the Marial area. Since this is the deadline until winter season opens, those who can make it down to Mule creek ought to give it a try.

Smith River - Cold and very clear. Lots of fish in the river but they won't hit the usual gear.

THE OPTIMIST'S CORNER
Make a resolution to fish oftener and take a youngster along.
HAPPY NEW YEAR!

SPORTS

COMING HERE - Willie Thomas, above, will be seen with the Harlem Globetrotters when they face the San Francisco All-Nations basketball team at Hedrick Junior High school gym on Thursday, Jan. 21.

The Globetrotters will be seen in a "Sports Spectacular" on station KBES-TV at 3 p.m. today.

Arkansas Winner in Gator Bowl

Jacksonville, Fla. - (UPI) - Jim Mooty, a sandy-haired speed boy who nearly quit football this year because of head injuries, bolted 19 yards from scrimmage in the third period Saturday to give Arkansas a come-from-behind 14-7 victory over Georgia Tech in the Gator Bowl.

The triumph climaxed the best football season in Arkansas' history and sullied the hitherto spotless bowl-coaching record of Georgia Tech's Bobby Dodd. Dodd's teams previously had won eight bowl games.

A Gator Bowl record crowd of 45,104 watched coach Frank Broyles' Razorbacks complete "meat grinder" touchdowns in the second and third periods.

Mooty, who had decided to give up football at the close of the 1958 season because of headaches, dizziness and temporary loss of memory resulting from high school head injuries, contributed vital rushing yardage in each march.

Mooty, who picked up 99 yards in 18 carries for an average of 5.6 yards per try, was voted the most valuable player on the Arkansas team. Maxie Baughan, Georgia Tech's All-America center, who played a brilliant defensive game, was elected the Yellow Jackets' outstanding player.

On his game winning run, Mooty took a pitchout from quarterback Jim Monroe, cut in over right tackle, picked up a key block and went over for the score. Fred Akers then kicked the second of his two conversions.

In the first period Georgia Tech quarterback Marvin Tibbetts sprinted 51 yards from scrimmage for a touchdown. However, Arkansas, which had possession of the ball for only four plays - including one punt during the entire first period, came storming back in the second.

Taking over the ball on their own 38 after a Georgia Tech quick kick, the Razorbacks ground out yardage in small chunks, taking 18 plays to complete their touchdown march. Joe Paul Alberty, 178-pound fullback, plunged over from the one.

FIRST SETTLES
Providence - First settlement in Rhode Island was made by Roger Williams in 1636.

Student Said Fair After Bomb Blast
Birmingham, Ala. - (UPI) - A 16-year-old high school student was in fair condition at a hospital Saturday with injuries received when a homemade bomb blew off one of his hands.

The student, Douglas Wages, set the bomb to go off at midnight, the start of the new year. Police said he returned to see why it had not exploded, picked it up and it went off.

ENERGY SOURCE
Carbohydrates furnish more than 50 per cent of the energy content of most diets for human beings.

ATHLETE DIES
Arab, Ala. - (UPI) - Billy Rhoads, a promising college football star, climbed atop a brush pile to flush a rabbit while hunting on New Year's Day. Suddenly, he stumbled and fell backward. His 12-gauge shotgun discharged and the blast struck Rhoads in the chest. He died moments later in the arms of his brothers, Harold, 22, and Glenn, 18, his companions on the hunt.

Young Rhoads, 20, entered the University of Alabama last fall and was an "excellent prospect" on the freshman football squad.

RUBBER PIONEERS
Brazilians are the world's oldest producers of rubber.

Woods, Water, Wildlife

By Hank DeVoss

The desire for a gun seems to be a necessary part of most masculine egos and there is no doubt that this Christmas saw many such desires fulfilled. The small frays feel naked without a tie-down holster and cap pistol; big brother may have a pellet or BB gun, or even a 22; Dad thinks a Magnum may help him make those long shots and must have one.

This is an accepted part of our day of life and yet if junior shoots a few songbirds to see if his gun works all right or if Dad shoots a guy over a hill a half-mile off, a hue and cry goes up to take away the guns. Certainly there could be a few so naive to think that a law will prevent criminals from possessing firearms and yet this seems to be the case.

Let's outlaw cars, they kill about 38,000 a year!
NO KNIVES PLEASE!

New York is again bound to make the limelight as the origin of misguided legislation through the introduction of a law to prohibit any person under 21 to have in his possession in any public place any knife or sharp-pointed or edged instrument that may be used for cutting or puncturing unless its possession is necessary for lawful purposes.

It's difficult to understand why the law doesn't include belt buckles, bottles that can be broken, combs such as those in vogue locally, rings, rocks in hand, etc. The point is that you can't pass a law to prevent a person from committing mahem on his fellow man by use of a weapon because almost anything can be a weapon.

Anti-gun laws do not serve the purpose for which they are intended because they do not get at the root of the matter, which is attitude of the person with the weapon. He's not thinking about law when he puts the weapon to use.

POLLUTION?
There should be some objection to the proposed landfill method of garbage disposal which the sanitary service wants to try this next year. The objection shouldn't be to the method itself but to the place where they want to dump the garbage. The proposed site is along Bear Creek downstream from Upton bridge on the side away from Central Point. A bulldozer is to push a bank up next to the stream and the garbage will be dumped right behind it. Then it will be mashed down and covered, first with rocks and clay and then with topsoil.

NO AT ALL!
One might wonder whether or not the garbage will be washed out into the creek during a flood. The answer is that there will be no more floods because the Talent project will prevent it. It's heartening to find such optimism in the valley since the '55 flood but let's hope it isn't misplaced. Since Gold Hill and Grants Pass use the river water for drinking purposes it would seem much more sensible to locate such a method for garbage disposal in a more remote and unaffected area. It would be foolish to wait until a possible flood caused a pollution problem and then consider such an alternative site.

Major College Stars Score 53-0 Victory

Tucson, Ariz. - (UPI) - Fullback Melvin Priddy and quarterback Richie Lucas romped almost disdainfully through the small college defenses Saturday to give the Major College All-Stars a 53-0 victory in the second annual All-America Bowl.

Priddy, a hard-driving back from Texas Christian University, scored three touchdowns, and was voted the most valuable player of the game. He carried the ball 16 times for 160 yards. The crowd of

14,500 in University of Arizona Stadium also watched Lucas, brilliant signal caller from Penn State, overcome a hip injury to pass for two scores and make another himself.

The victors outgained the small school stars, 497 to 147 yards, and limited the opposition to 39 yards by rushing.

All-American halfback Billy Cannon of Louisiana State failed to put in an appearance as scheduled, but the Big School aggregation never needed him.

After a scoreless first period, Priddy ran 19 yards to score the game's opening touchdown in the second quarter. Gordon Speers of Rice made it 14-0 at the half with a 24-yard TD run on a pass interception.

Get Third Period TD's
Dwight Nichols of Iowa State raced 10 yards and Fran Curci of Miami went 30 for third period touchdowns. Priddy added two more touchdowns in the final stanza on a 37-yard pass from Lucas and a one-yard plunge, Lucas chipped in with a 7-14 scoring run and hit Paul McGuire of The Citadel for 20 yards and the final touchdown just as the final gun sounded. The victors didn't bother to try for the extra point, with the field already covered by fans.

The rugged Major School line was led by tackle Jim O'Brien of Boston College and guard Bill Burrell, All-America from Illinois. In defeat, Garney Henley of Huron College was voted the top small college back and Al Badger of Southern Connecticut State the leading lineman.

William Shockley of Westchester Teachers College lost his bid for a moment of glory when his 35-yard return into the end zone of an intercepted Big School pass was called back because of a penalty.

Arkansas Winner in Gator Bowl

Jacksonville, Fla. - (UPI) - Jim Mooty, a sandy-haired speed boy who nearly quit football this year because of head injuries, bolted 19 yards from scrimmage in the third period Saturday to give Arkansas a come-from-behind 14-7 victory over Georgia Tech in the Gator Bowl.

The triumph climaxed the best football season in Arkansas' history and sullied the hitherto spotless bowl-coaching record of Georgia Tech's Bobby Dodd. Dodd's teams previously had won eight bowl games.

A Gator Bowl record crowd of 45,104 watched coach Frank Broyles' Razorbacks complete "meat grinder" touchdowns in the second and third periods.

WASHINGTON FLOAT-The University of Washington float, entitled "A Tall Tale Come True," emphasizes the football power of the Washington Huskies team, this year's Pacific Coast conference representative in the Rose Bowl game. The school's cheer leaders ride the float which is decorated with roses. Washington defeated Wisconsin, 44 to 8.

Independent Cage Loop Resumes

Medford National Guard and Glendale lead off a program of eight games this week in the Southern Oregon Independent Basketball league.

They meet at 2:30 p.m. today at Glendale. Butte Falls will host to Medford Big Y Markets at 7:30 p.m. Monday.

A Tuesday evening doubleheader is set for McLoughlin Junior high court here, Andy's Jewelers of Medford will take on Grants Pass and Southern Oregon college junior varsity will tussle the National Guard. Wednesday play will have Hawkinson Tye Tread of Medford vying against SOC JV at Ashland and Big Y playing Andy's at McLoughlin gym.

Glendale plays Hawkinson's here on Thursday while Grants Pass goes to Butte Falls. Hawkinson's and the Jayvees are unmarred in loop.

ICED VEGETABLES
Crushed ice completely buries the crates of vegetables which are shipped by rail refrigerator cars.
