**GP Cavemen Nip Comet Wrestling Team 23-22**

Central Point - Crater high won the most individual bouts but Grants Pass collected more points on pins to nip the Comets 23 to 22 here last night in a wrestling engagement.

The Comets won six of the bouts, five on decisions and

**Redl Fills In On Ring Card**

Chicago - (UPI) - Unbeaten Carl Hubbard of Philadelphia and Steve Redl, an emergency substitute from Passaic, N.J., clash tonight in a televised 10-round welterweight bout at the Chicago Stadium.

Both fighters are unranked despite impressive win - lost records and reputations as knockout punchers.

Hubbard, who has yet to lose a match in 20 professional starts, has knocked out 11 opponents and was held to a draw twice by Willey Grey.

Redl, filling in for Rudy Stinch, third ranked welterweight who failed to pass the physical examination Tuesday, was installed as a slight favorite despite his last minute signing.

**Angling Hearing Set for Friday**

Portland - (UPI) - Oregon's 1960 sport fishing regulations will be tentatively set following a public hearing Friday at the state game commission's local office.

Winter and summer angling rules for all game fish will be covered at the hearing. After a two-week interval and publication of tentative rules, a second hearing will be held Jan. 22 after which final regulations will be adopted.

**'COUNT YOUR FINGERS'**

Copenhagen - (UPI) - When Acting Premier and Finance Minister Viggo Kampmann stepped onto the basketball court to shake the players' hands, the audience had some advice for the athletes. The estimated 6,000 persons started chanting "count your fingers... count your fingers..."

**TO APPEAR AT CLINIC**

Reno, Nev. - (UPI) - Ben Schwartzwalder, coach of Syracuse University's national football championship team, will appear at the University of Nevada's seventh annual football coaching clinic June 20-24.

**FORMER SENATOR DIES**

Seattle, Wash. - (UPI) - Former U. S. Sen. Norris Brown (R-Neb.) 96, who introduced the 16th Amendment legalizing the federal income tax, died here Tuesday. Brown served in the Senate from 1907 to 1913.

**12 Witnesses Heard On Proposed High Dam in Oregon**

Salem - (UPI) - Twelve public witnesses and two witnesses for the company testified Tuesday at the opening of the Oregon Water Resources Board hearing on the proposed high Mountain Sheep dam on the Snake river of Pacific Northwest Power company.

The last public witness Tuesday was William Brunt, representing the Senior and Junior Chambers of Commerce of The Dalles. Both chambers went on record favoring the proposed 690-foot project at the Oregon-Idaho border.

Charles C. Bonin of New York, of Ebasco Services Incorporated, consulting engineers to PNP, testified on technical aspects and said the chosen site is "unusually attractive and favorable" for an arch dam. The project is expected to cost \$250 million.

**PGE Head Testifies**

Another utility witness was Frank M. Warren Jr., president of Portland General Electric and a director of Pacific Northwest Power.

Warren said cost of electric power produced at the high

Mountain Sheep project would be lower than any new source known to the four sponsoring utilities of PNP.

Along with PGE, Pacific Northwest Power company is sponsored by Pacific Power and Light, Washington Water Power and Montana Power company.

**Supply To Diminish**  
The PGE president said that power companies have been advised by Bonneville Power Administration that beginning in September, 1963, there will be a diminishing supply of power available to the companies from federal powerhouses. Warren added that the major portion of the power that would be generated at the dam "will be required to serve Oregon customers of PGE and Pacific Power and Light company."

Earlier in the day testimony was taken asserting that the first power could be produced from high Mountain Sheep by 1966 if work on the project is started this year.

Principle opponents to the project are fish interests.

Those who testified in opposition to the dam included the Columbia River Salmon and Tuna Packers association, the Izac Walton League of Oregon, and the Columbia River Fishermen's Protective Union.

**1,200 Prisoners In Cuba Granted Blanket Pardon**

Havana - (UPI) - Prison doors were to swing open today for 1,200 Cuban criminals granted a blanket pardon in observance of Epiphany - the day when Latin Americans traditionally exchange Christmas presents.

No political prisoners were included among those to be released.

Other observances of the day included the social welfare ministry's presentation to poor children of thousands of toys bought by public subscription.

In Havana, the National Housing Institute turned 320 homes over to low-paid workers on a long-term payment plan.

**Flag-Making Charged**  
At the same time, it was announced that 16 persons have been arrested in the western province of Pinar Del Rio on charges of making flags for the anti-government "White Rose" society.

Pinar Del Rio is a center of resistance to Premier Fidel Castro's revolutionary regime, and arrests there occur almost daily.

Authorities here seized the unfinished, million-dollar Casion Del Rio Tuesday and turned it over to the National Tourist Institute. An American named Leon Nick is the registered owner of the casino, but the government charged he is only a "front" for its real Cuban owners.

**Thornton Rules on Klamath Elections**

Salem - (UPI) - An opinion by Attorney General Robert Y. Thornton Tuesday indicates that voters of Klamath county will elect a county judge and two county commissioners at the 1960 general election.

The unusual election for three county officers at one time is necessary because when former County Judge Charles H. Mack was named to the Oregon Tax Commission, one of the former county commissioners, R. R. Walker, was appointed to fill the unexpired term of county judge.

A new county commissioner, Frank Ganong, then was appointed to fill the vacancy left by the other appointments.

Under normal conditions only one commissioner would be elected at a general election.

**Oregon Jobless Claims Decrease**

Salem - (UPI) - Oregon unemployment insurance claims last week totaled 24,058, according to the state employment department.

Last year at this time the total was 32,600.

The department said that most of the sawmills shut down for the holidays should reopen this week and in the meantime adverse weather is still causing new layoffs in logging and construction.

The department said that very few layoffs have been noted in retail trade industries so far this season.

**4-H Club Founder Suffers Stroke**

Columbus, Ohio - (UPI) - Albert B. Graham, 91, founder of the 4-H Clubs of America, was confined in a private nursing home today following a slight stroke which affected his speech and right arm.

Graham, who was active in club work until an auto accident in November, was admitted to the nursing home in suburban Worthington Dec. 12, about two weeks after suffering the stroke.

His housekeeper, Mrs. James H. Pratt, said Tuesday that Graham spends a great deal of his time sleeping and he was "feeling very good."

**Body of Missing Elderly Man Found**

Vancouver, Wash. - (UPI) - The body of John Stenger, 79, was found Tuesday near Battle Ground. Stenger, who was almost totally blind, had been reported missing from his home since Monday. A deputy coroner said he died of natural causes.
