Girl Runs Up Big Telephone Bill; Company Seeks \$1,642

Fresno, Calif. - (UPI) - Teen-agers are renowned for their long telephone conversations, but 13-year-old Helen Jackson must be some kind of a champion.

The Pacific Telephone company is suing Mrs. Myrtle Jackson for \$1,642 in toll charges which Helen was responsible for during the 1958 Christmas vacation.

The company's records show that Helen made 462 long distance calls to Los Angeles. She made as many as 20 calls a day - some costing as much as \$35 - and called one family 123 times.

The calls were placed to eight families, most of whom have children near Helen's age. She gave the numbers of other Fresno subscribers, but the company traced the calls to the Jackson home.

Mrs. Jackson, a widow, said she is not able to pay the bill-but she put a chain and lock on the telephone and she's keeping the key.

Vets Asked To Return Questionnaire Cards

Totally disabled veterans, with the information requested, Brannock said. Those without dependents whose income is greater than \$1,400 a year may not receive a pension under present law.

Failure to return the reporting card within 30 days will result in the stopping of the monthly pension payment.

Brannock also pointed out that veterans and dependents receiving service - connected compensation payments will not receive cards and do not have to report incomes.

This income questionnaire has nothing to do with the new pension law which goes into effect July 1, 1960, he said. All pension recipients will receive further information on the new law in the mail during March. The questionnaire being distributed now must be returned to insure that monthly payments will not be interrupted.

The contact office, VA Domiciliary, Camp White, will assist any one with the completion of the income questionnaire card, Brannock said.

Incredible Rooster Lays Eggs in Pairs

Stellenbosch, South Africa - (UPI) - Farmer Herman Schumer could hardly believe it when the hired man told him one of his Rhode Island reds had laid two eggs.

So he decided to stand watch over the 18-week-old fowl which crows like a rooster and looks like a rooster.

"I saw the incredible happen," Schumer said. "The rooster laid another two eggs."

He said the rooster eggs weigh about two ounces and the ones laid by the hens average out at three ounces.

Bathyscaph Goes To Record Depth In Pacific Ocean

San Diego - (UPI) - The 75-ton, blimp-shaped bathyscaph Trieste has reached ocean depths in the West Pacific never before explored by man, the Naval Electronics Laboratory revealed today.

The Trieste plunged to a depth of 24,000 feet, breaking its own record of 18,600 feet set in November in the same location - about 200 miles southeast of Guam.

Under for Six Hours

The laboratory said the craft was submerged for six hours and 31 minutes. It was piloted by Navy Lt. Donald Walsh, officer in charge, and Jacques Piccard, co-inventor of the deep-diving vessel.

A series of dives with the bathyscaph was expected to continue through February, a spokesman said, in the Marianas Trench, which is believed to be 37,500 feet deep.

Hopes for Facts

The Navy said it hoped to establish facts about sunlight penetration, underwater visibility, natural underwater sounds, transmission of man-made sounds, water currents and temperatures, sea floor configuration and the effect of deep water pressures on mechanical devices.

Presumably, information gathered by the deep-diving tests would be used to develop nuclear submarines capable of traveling at even greater depths than at present.

Jackie Coogan Faces Drunk Charge

Los Angeles - (UPI) - Actor Jackie Coogan, former child star, faces trial before a jury Jan. 23 on a misdemeanor drunk driving charge.

Coogan, 45, pleaded innocent to the charge Thursday in Municipal Court. He was arrested Dec. 22 after his sports car smashed into a parked auto. Coogan suffered injuries in the crash and was hospitalized for three days.

DEMANDS LIFE SENTENCE

Berlin - (UPI) - The West Berlin prosecutor Thursday demanded life imprisonment for two defendants charged with killing 26 patients in an insane asylum in the last days of the Nazi regime. The defendants are Siegwalt Benasky and Gottfried Matthes.
