

# DuPont Verdict Reversal Asked

Washington (UPI)—The government has asked the United States Supreme Court to reverse a lower federal court ruling permitting DuPont to hold on to 63 million shares of General Motors stock.

In a brief filed with the high court, the Justice Department asked that DuPont be forced to divest itself of its 23 per cent stock interest in General Motors, the stock is currently valued at \$3 billion.

The department appealed a judgment by Federal Judge Walter J. Labuy in Chicago last Oct. which held that DuPont must give up all voting rights in General Motors but could retain its stock holdings.

The action is a continuation of a 10-year legal battle by the department to break up two of the nation's industrial giants.
