London Man Has Ordeal by Love; Says A Bit Wary

London—UPI—For some people there are ordeals by fire. For others there are ordeals by torture. For George Marcel Bycroft it was ordeal by love.

For two years Gloria Smith 35, relentlessly pursued him. For two years the 38-year-old hotel keeper fought, struggled and wept in his efforts to be free.

He got out court injunctions seeking to restrain her from lavishing her attention on him. She replied by clipping love poems out of newspapers and mailing them to him.

He set private detectives to work to keep the former Royal Air Force Sergeant at bay. But she slipped through the guards, and the \$560 he paid them was of no avail.

Girl Arrested

He had her arrested but still she pursued him. He had her arrested twice more. But she would not give up.

On Sunday Gloria came to his hotel red-eyed from weeping only to find out he had fled to see his sister in Croydon, outside London.

Gloria got his phone number from the hotel and called him at his sister's house.

That night George Marcel Bycroft thought the coast was clear and returned to the hotel. There was she, sleeping in his bed. He had her evicted. She came back.

For the fourth time Bycroft resorted to court action. The court listened to his lamentations and sentenced Gloria to four months in jail.

But Bycroft's troubles are not over. The sentence was in absentia—Gloria was nowhere to be found. Police are hunting her and Bycroft . . . is wary.

Japan Says Reds Hold Contempt

Tokyo—UPI—Japan today formally accused Russia of "unjustified interference" in her internal affairs and charged the Soviet Union with holding an "attitude of contempt for international pledges."

The charges came in a formal statement issued tonight by the foreign ministry in response to a Soviet note Wednesday warning Japan that Russia would not return to Japan the northern islands of Habomai and Shikotan unless Japan abrogates the new U.S.-Japan security treaty.

The foreign ministry statement, following a decision by the government to reject the Russian note as an "intimidation" on the part of the Soviets, accused the Russians of acting in "complete contravention to international faith."

The Russians agreed two years ago to return the islands, north of Hokkaido in the Kuriles, as soon as a peace treaty is signed with Japan.

"To break former pledges on the ground that Japan's policies do not conform to Soviet wishes constitutes a grave question and reveals the Soviet attitude of contempt for international pledges," the statement said.

French Officials Lift Censorship

Algiers—UPI—French authorities in Algeria today lifted their censorship on news of the settler uprising although defiance to the government was hardening.

Officials said the censoring of reporters' outgoing dispatches was over.

At the same time telecommunications with the outside world were restored.

Censorship was imposed Sunday several hours after police and insurgent French settlers clashed in a street battle in which 28 persons were killed and 136 wounded.

Cottage Grove Boy Struck by Train

Cottage Grove—UPI—Ralph McKune, 6, Cottage Grove, was reported in serious condition today after being struck by an east bound freight train late Wednesday.

The accident occurred at the Southern Pacific depot. Police said the boy and an unidentified playmate were on a platform at the depot and had been warned by workmen that a train was approaching.

Officers said the lads darted across the tracks and the McKune boy was struck. His playmate was uninjured.
