Daley put the Crusaders into the last tie of the game on a long set, Bob followed with a long jumper and Daley added another jumper to put the Crusaders into the lead for good.

Black Tornado Chalks Up First Mat Win Over Pels

Medford high wrestling varsity is celebrating the first Black Tornado mat victory in history over Klamath Falls.

Tornado grapplers defeated the Pelicans 23 to 21 here yesterday.

The triumph went into the record when Chuck Shaw, Medford's unlimited weight participant, pinned Klamath's Charleton Currin in the third round of the concluding match. Shaw was leading 5 to 0 at the time but if he'd won by a decision the team match would have ended in a 21-eat tie.

Klamath led 21 to 18 after 11 bouts.

Each school took five individual scuffles and two bouts were draws. Medford margin overall was on the strength of two pins to the Pelicans' one.

Shaw scored his fall with 50 seconds left in the last round. Just before that, Chuck Holt had won by a pin for Medford in the 178-pound class. He put the Tornado into striking distance by breaking a 1-1 tie with a take-down and then a pin in the last 30 seconds.

Gary Head, Klamath, gained a decision over Jim Spitz, 88.

Oregon Webfoots Victors 63-53 Over OSC Beavers

Eugene-Oregon's Ducks broke a three-game losing streak here Friday night by beating arch-rival Oregon State 63-53.

After an early game 5-5 tie Oregon reeled off nine straight points to take a 14-5 lead and Oregon State never seriously threatened after that.

Oregon built a 33-22 half-time bulge and at one time in the second half had a 15-point lead at 45-30. With five minutes left the Ducks had a 57-42 bulge.

Oregon State's Jim Woodland kept the Beavers in contention in the second half as he hit for 17 points. But it wasn't enough to overcome the shooting of Glenn Moore, Chuck Rask and Charlie Warren.

Moore topped Oregon's scoring with 18 points. Rask had 14 and Warren 15 although being thumbed from the game with over five minutes to play for a scuffle with OSC's Bob Niles.

The win gave Oregon a 14-6 season record. Oregon State is 10-7.

Public Receives Distorted Image Of Drug Industry

Washington, (Science Service) - Charges of overpricing among manufacturers of tranquilizers have drawn fire from one representative of that industry here.

The public is getting a "distorted image" of the drug industry from the current hearings on drug pricing. The Senate hearings are also seriously disturbing public confidence in the medical care provided in the United States, he charged.

The drug industry welcomes scrutiny, Dr. Austin Smith, president of the Pharmaceutical Manufacturers Association, claimed. However, it does not welcome investigations that result in "scare" headlines.

He emphasized that seeking the facts, presumably of drug pricing practices, is "laudable." But to prejudice or to err by depending in part on what he termed "meaningless or questionable" figures is unfortunate.

Commenting upon recent allegations that the cost of some tranquilizers was at least 1,000 per cent more than cost, Dr. Smith said in an editorial in the American Professional Pharmacist magazine:

"Who in the news field would not be interested in the suggestiveness of charges of several thousand per cent markup? But are such figures meaningful? Of course not, if the base is computed on the cost of raw materials."

He then mentioned labor, overhead, selling and quality control costs as influential factors in determining the price of a drug.

He cited figures, which he claimed were gathered by associates, that showed profits for the drug industry in the boom years 1951 through 1955 averaged only 10.2 per cent. They have averaged 12.3 per cent for the past decade.

Although company profits in the drug industry are higher than in some other industries, without naming the "other" industries, they fall well within the normal range of industrial profits, he maintained.
