

ATTEND CONFERENCE - Robert Duncan (left), Medford, speaker for the state house of representatives, and Philip Krouse, Applegate 4-H club member, conferred during the state 4-H club conference in Salem recently. Krouse won an expense-paid trip to Washington, D.C., in April. Krouse and Carolyn Tieg, Talent, were Jackson county's delegates to the annual "Know Your State Government" conference. Duncan explained the legislative branch of Oregon government to the 59 4-H delegates.

Dr. Osgood Named To State Office

Portland-Oregon's leading polio fighter last week was promoted to one of the top state public health posts. Dr. Samuel B. Osgood, who in the 1954 Salk vaccine field trials and since has been one of the prime-movers in the campaign for universal vaccination against paralytic polio, was named director of the local health services division of the state board of health. Announcement of the appointment was made by Dr. Richard H. Wilcox, who held the same post until he became state health officer Jan. 12. In his new job, Dr. Osgood will coordinate all work between state and local health departments in Oregon, assist recruitment and training of local public health workers, and supervise allocation of state and federal grants for community health services. Dr. Osgood, formerly Josephine county health officer, joined the state health board staff in 1949 as director of the epidemiology and venereal disease control programs. Illinois recently banned racial or religious discrimination in the state's crematories.

Family Counseling Will Be Discussed on Program

Mrs. Freda Burnside, western states consultant for the Family Service Association of America, and Dr. John Waterman, psychiatrist, director of Oregon's mental health program, will be guests on the Jackson County Tuberculosis and Health association television program over KBES-TV at 5:30 p.m. Monday, Feb. 15.

FHA Mortgage Funds Still Available

Federal Housing administration mortgage money is still available in the western states for home buyers eligible for the services of the voluntary home mortgage credit program, according to John G. Anderson, executive secretary, VHMCP region 7, San Francisco.

Since September, 1958, Anderson said, the agency has been placing FHA loans at an average rate of \$1 million per month for home buyers in small communities and for minority group buyers.

Without charge, VHMCP attempts to find a private lender willing to make FHA loans on reasonable terms to would-be home buyers who have been unable to get such financing from local or reasonably accessible lending sources.

To be eligible for assistance, applicants must be seeking to buy or build a home in a small community remote from metropolitan centers or must be members of a minority group. There are no area limitations for minority applicants.

Commercial nickel produced as cathodes in electrolytic refining is 99.9 per cent pure nickel with a fractional part of cobalt included.

SPECIAL DEALER DAYS ANNOUNCEMENT

13 Medford Auto Showrooms Will Be...

OPEN TODAY

12 noon till 6:00 p.m.
