Jack Hoffbuhr To Compete For Scholarship

Jack W. Hoffbuhr, Phoenix High school senior, has been selected to compete for a Civil Engineering scholarship, according to Frank E. Ross, education committee chairman for the Rogue Valley Section of the Professional Engineers of Oregon.

Hoffbuhr will enter semifinal competition against the high school seniors selected by the other three sections of the Professional Engineers of Oregon. The winner of the semifinals will meet the winners from the other Pacific Northwest - Rocky Mountain area states.

The scholarship is sponsored by the Armco Steel corporation and is being administered by the National Society of Professional Engineers. It amounts to $750 a year for four years or $600 a year for five years. A total of five scholarships will be awarded throughout the United States.

Hoffbuhr was chosen from a field of four applicants. Applicants were recommended by the principals of their respective schools because of their high scholastic standing, their leadership qualities, and their interest in science.

The other three applicants were Thomas D. Case, Grants Pass High school, David R. Ryn, Medford High school, and Roger D. Hout, St. Mary's High school.

In submitting Jack Hoffbuhr's name to the state scholarship committee of the PEO, Ross said: "It is difficult to reject our other thre applicants as each of them is a fine, intelligent, outstanding boy, capable of taking engineering training. We shall keep their names on file should other scholarships become available."

Hi-Lites in the History of Pharmacy

by Jim Foster

The word "druggist" in early America usually applied to people importing drugs and selling them wholesale.

So far as is known, the first American law mentioning the apothecary and having a direct bearing on Pharmacy is the Virginian "act for regulation of the fees and accounts of the practicers in physics." It was issued in 1736 . . . (More next week).
