This week we salute the leaders of tomorrow, the... FUTURE FARMERS OF AMERICA

FFA is an organization of, by and for boys who are studying vocational agriculture in the high schools of our nation.

Future Farmers of America chose the week of Washington's birthday each year for the observance of National FFA Week. Washington's first love was his farm, Mount Vernon. There he was one of the first in the nation to practice contour planting, crop rotations, fertilization, and other soil conservation and improvement methods. Today, through the guidance of the FFA, young men seek, like Washington, to do their very best to be trained, competent and foresighted.

The purposes for which the FFA was formed are: (1) To develop able agricultural leadership; (2) to nurture a love of country life;

(3) to strengthen the confidence of young men in themselves and their work; (4) to create more interest in the intelligent choice of farming occupations; (5) to encourage members in the development of farming programs; (6) to encourage members to improve the farm home; (7) to participate in undertakings for the improvement of agriculture; (8) to develop character, train for useful citizenship, and foster patriotism; (9) to participate in cooperative work; (10) to encourage thrift; (11) to encourage scholarship; (12) to encourage the development of rural recreation.

The Crater FFA...

The Crater chapter has a membership of 118 boys. For accomplishments during 1959 the chapter received the Gold National Emblem Award. Only 30 chapters out of 9000 in the nation receive this award each year.

The Crater chapter joins the other Southern Oregon chapters in extending sincere appreciation to their communities during National FFA week for assistance rendered that make FFA activities possible.
