

FLOWER DESIGNS

QUENTIN R. HOWARD

By using a small piece of string and some unlined paper, you can be an artist. Dip the string into water colors. Coil the string onto the paper. Fold the paper firmly in half, leaving just one end of the string sticking out. Lay a book on top of the folded paper. Now grasp the string and pull out slowly. Open up the folded paper and you will see a flower design. No matter how many you make, no two will be alike. It's fun!

Puzzle In Grandpa's Album

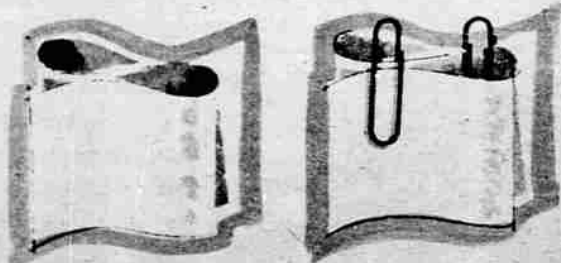

Find in this old picture a doll, a squirrel, a duck, a hen, a goat, a horse, and a dog.

TRICKY CLIPS

MAUDE E. HALLMER

Here is a really tricky trick! Fold a strip of paper and attach two paper clips as shown. With a quick jerk, pull the ends of the paper, holding one end in each hand. The clips will fly off linked together. It may not work the first time, but if you do it just right, it will always work. This is a good trick to show your friends at your next party.

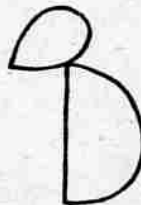

LET'S DRAW A MOUSE

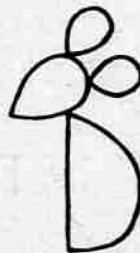

ANN DAVIDOW

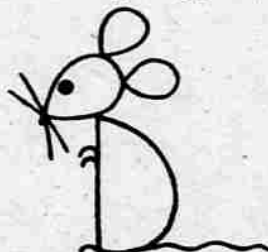

To make a mouse from letter "D,"
You must watch me carefully.

Perch a raindrop neat and sleek
On the "D's" top, at the peak.

Now add 2 more raindrops yet.
It should be getting pretty wet!

But to our surprise we see
No puddle, but a cute mouse-y!
