

**Information Sought  
On Decisions Groups**

Glenn Klein, county coordinator of the 1960 Great Decisions program, has asked group leaders to contact him on the number of groups organized. The information is needed in order that reports on a national basis may be kept up to date, he said.

Group leaders should mail opinion ballot summary sheets following each meeting to Mrs. Florence L. Lance, 128 South Holly st., Medford, he said. The summary sheets are available at the county extension office.

Klein states that other study aids also are available at the county extension office.

There is still time to form study groups, Klein said, and added he would assist those desiring to start the program.

**U.S. URGES RESTRAINT**  
Washington—The United States has urged Israel and the United Arab Republic to "exercise restraint in keeping" with their commitments under the United Nations charter.
