Norblad Requests Fishing Protection

Washington—(UPI)—Rep. Walter Norblad (R-Ore.) said today he had asked Secretary of State Christian Herter in negotiations at Geneva next month to protect rights of the American fishing industry by insisting on the traditional three-mile limitation for all territorial waters. He said Canada's proposal for 12 nautical miles jurisdiction over fisheries contiguous to its shores "should be vigorously opposed." If this is accepted, Norblad said, "it would strike a very serious blow to our American salmon fisheries." A 12-mile limit, Norblad said, would exclude Oregon fishing fleets from their fair share of fish migrating off Canada's coast.

Schedule Told For Sacred Heart Church This Week

Blessed ashes will be distributed in Sacred Heart church tonight following a mass at 7:30 o'clock.
The blessing of the ashes took place this morning before the 8 a.m. mass and were distributed after the mass and again in the afternoon for the school children.
The use of ashes as a sign of mourning and the cleansing of the unclean is a centuries-old custom which is mentioned in the Old Testament. Ashes distributed on Ash Wednesday are made from palm fronds which were blessed the previous year. They are rubbed on the foreheads of the laity in the sign of a cross, according to the Roman Catholic liturgy.
Since the regular Lenten schedule of services will not begin until Monday, March 7, the calendar to be in effect for the remainder of the week in Sacred Heart church is as follows:
Confessions
Thursday there will be the usual 8 a.m. mass. Confessions in preparation for first Friday will be heard from 4 to 5:30 p.m. and again from 7:30 until 9 p.m.
Also at 7:30 p.m. all persons who are to be confirmed on Sunday except the seventh and eighth grade St. Mary's students, be in the church for practice.
Friday, the first Friday of the month, Catholics will receive holy communion in preparation for the sins of the world. Masses will be at 6:30, 8 and 11:15 a.m. and again at 6 p.m.
Because of confirmation ceremonies scheduled for Sunday, March 6, Girl Scout Sunday will not be observed on that date in the church. Instead, all Girl Scouts and Brownies of the St. Mary's neighborhood are to attend the 6 p.m. mass Friday and to receive communion with the group.
The usual first Saturday of the month devotions, recitation of the rosary and of the litany of the Blessed Virgin, will follow the 8 a.m. mass on Saturday. At 11 a.m. a mass will be said especially for children attending catechism classes at St. Mary's school.
Period of Self-denial
All Catholics, and others who are interested in observing a period of self-denial in commemoration of the passion of Christ, are invited to attend some of the services scheduled this week and the Lenten devotions which will be announced later.
Archbishop Edward D. Howard has suggested in his annual Lenten pronouncement that, during this period of fast and abstinence, the laity

Big Butte Flow Below Normal

Precipitation at Medford's Big Butte Springs weather station during February was 6.21 inches, which is 2.23 inches above normal for that month.

City Water Superintendent Robert Lee said that even with last month's above normal precipitation, the total for the agricultural year (September through August) is still only 16.26 inches, some 9.21 inches below the normal total of 25.47.

"This below normal precipitation on top of only 68 per cent of normal that fell last year, indicates that the

Springfield Voters Defeat Annexation

Springfield—(UPI)—Springfield voted down a proposed annexation by only three votes Tuesday. The annexation would have more than doubled the town's area.

The vote in the East Springfield area involved was 644 to 641. More than five square miles and 5,000 people would have been annexed into the present city.

Chief issue on which the vote was based was sewers for the East Springfield area. Within the city itself residents voted overwhelmingly to annex the area, but it did not count without approval of East Springfield residents.

Eugene Approves School Bond Issue

Eugene—(UPI)—Eugene school district voters Tuesday approved a \$3 million bond issue for secondary school construction that would add a third high school to the city.

It also voted in a five-year tax levy of \$300,000 a year for elementary school construction and additions. Vote on the bond issue was 2,072 yes to 2,026 no. On the tax, the tally was 2,734 yes to 1,975 no.

"attend daily mass; receive holy communion often; take part more frequently in exercises of piety; give generously to works of religion and charity; perform acts of kindness toward the sick, the aged and the poor; practice voluntary self-denial, especially regarding alcoholic drinks and worldly amusements; and pray more fervently."

the spring flow will be exceptionally low during this coming summer," he said.
"However, we are not concerned about the availability of water supply for the Medford water system, since the system has been designed with low water years in mind," Lee pointed out.
He said that the Willow Creek reservoir now contains 6,200 acre feet of water leaving only 800 acre feet to fill it which will easily be obtained.
But, he said, because of the anticipated low flow in Big Butte creek this coming summer, they expect a very heavy draw on the reservoir.

NEW BLEACH DISPENSER stores bleach, automatically dilutes and dispenses it at perfect time during wash cycle.

FIVE AUTOMATIC CYCLES provide ideal wash-rinse-spin action and temperature for any load, all basic fabric types.

FAMOUS FILTER-FLO washing system with non-clogging, moving filter automatically removes lint, soap scum, sand as clothes are washed.

NEW AUTOMATIC CONTROL decides proper drying time and temperature for every fabric. Turns itself off when clothes are dry.

DE-WRINKLER removes wrinkles from wash-and-wear clothing. Unwanted wrinkles go, but crisp creases and pleats remain.

SANITIZATION reduces harmful bacteria. Tests show G-E's drying process destroys germs that cause illness and infection.
