

Glide, Myrtle Creek Win In A-2 Tourney

Roseburg - Myrtle Creek and Glide, co-champs of the Umpqua Valley league, posted Friday night playoff triumphs to gain last night's finale here for the District 6 A-2 basketball crown and a state tourney berth.

Glide's short but quick Wildcats laced Phoenix 72 to 49 and Myrtle Creek fought by Glendale 66 to 53. The Friday losers were Rogue league entries in the tourney.

Willamette Has Three On All-Star

Portland - (UPI) - Willamette and Linfield dominated the 1960 Northwest conference all-star basketball team picked by the six coaches and announced Saturday.

Three players from champion Willamette and two from runnerup Linfield made up the first five. Four of them were repeaters from last season, including Jackie Riley of Linfield who was picked for the fourth straight year.

In addition to Riley the first five included Eddie Grossenbacher, Buz Wilfert and Larry Lynn of Willamette and Terry Woods of Linfield. Only Lynn failed to make the first five last year. It was the third straight year Grossenbacher has been named to the first team.

Winfert tallest

All except Wilfert, a junior, are seniors. Wilfert at 6-5 is the tallest member.

The second team was composed entirely of Lewis and Clark College of Idaho players. Daryle Hill and Ed Merritt from College of Idaho and Roger Fleck, Bob Fox and Royce McDaniel of Lewis and Clark were chosen.

Honorable mention went to Dan Prints and Dick Ramsey of Pacific; Dick Phelps, Ralph Lillie, Denny Michaelson and Jerry Johannes of Whitman; Gene Carlson of Linfield, Riso Sato of Willamette and Dave Ackerman and Ted Talbot of College of Idaho.

Riley won the league scoring title, having 320 points to 316 for Grossenbacher.

Rooks Nose Out Oregon Frosh

Corvallis - (UPI) - Two free throws with two seconds to play by Dave Hayward gave the Oregon State Rooks a 61-59 basketball victory over the Oregon Frosh Friday night.

Terry Baker led the Rook scoring with 19 points, but Gordon Scott of the Frosh poured in 27 points to lead all scorers.

FIGHTS

New York - (UPI) - Victor Zolozar, 159½, Argentina, outpointed Yama Bahama, 157, of Bimini (10).

Big Ten Votes—No Post-Season Games

Columbus, Ohio - (UPI) - The collegiate athletic world adopted a wait and see attitude Saturday over the powerful Big Ten conference's decision to stay out of all post-season competition.

The big question was how the action would affect athletic recruiting in the conference and the Big Ten's future relations with the NCAA.

The vote to stay out of all post-season competition came Friday following a decision by faculty representatives to kill all connections with the Rose Bowl football classic.

The action created an uproar when newsmen gathered to hear what they thought would be only routine matters, since the Rose Bowl issue was settled earlier in the day. The Rose Bowl vote was expected, but with a drawal from all post-season athletic events was a surprise.

Olympic Exception

The sweeping post-season rule includes the NCAA basketball tournament, track meet, swimming and baseball. It is subject to approval by member faculties and probably will become effective next September.

The lone exception was the Olympic tryouts. All other post-season track meets and other events were included.

The proposal came from the athletic directors and was immediately approved by faculty representatives, who have the final say. The motion required at least a 6-4 majority to pass.

It was believed the athletic directors felt the big Ten should not send teams to any post-season event, since the Rose Bowl was voted down. Faculty representatives, who were split 5-5 on the issue, went along.

Classification Prevents Work At Peak Area

Washington - (UPI) - Rep. Charles O. Porter (D-Ore.) said Saturday a federal designation prevented the Diamond Peak area in Lane county, Ore., from being developed for winter sports.

Porter said in a statement that the Forest Service informed him a 1957 classification of the 25,000 acres in the Diamond Peak vicinity as a "wild area" prohibited such development.

The opinion came from Forest Service Chief Richard E. McCordie. Porter said McCordie suggested development of nearby areas outside the wild-area preserve.

Porter said he hoped winter sports enthusiasts could find an alternate site.

Ross Giudice Gives Up Post

San Francisco - (UPI) - The number now stands at four for San Francisco Bay Area basketball coaches who won't be back for the 1960-61 campaign.

The latest casualty is Ross Giudice, who lasted just one year in the nerve-wracking business at University of San Francisco.

Here are the men who have quit their basketball posts in the last week.

- Pete Newell, the United Press International "Coach of the Year," announced his retirement at California.

- Walt McPherson at San Jose State.

- Giudice resigned, effective after Friday night's game, at USF.

- And Phil Woolpert, who took a "year's leave of absence" on the eve of the season's opening game last Nov. 27 to nurse his inner wounds, announced that he would not return to the game.

Klamath Gains 11 Spots in District 6 A-1 Mat Finals

Klamath Union High School, although running only third in total points at the time, had qualified 11 men for championship finals and was sure of at least four individual crowns after Saturday afternoon semi-finals in the District 6 A-1 wrestling tournament at Hedrick gym here.

Consolation and championship final matches were staged last night.

Grants Pass went into the evening action leading in total points with 53 and sure of two titles in the tourney. Eight Cavemen were in championship tangles.

Medford had a 52-point aggregate. The Black Tornado was certain of the 191-pound toga with Chuck Shaw and Monte Jones of the host city battling for the honors. Medford also had Terry O'Sullivan in the 178-pound finale.

Cramer Has 28

Klamath's tabulation was 45 and Cramer with four finalists had 28. Ashland had four.

However, third and fourth place winners, as well as first and second, were still to be determined after yesterday afternoon's contention. Points up to that time had been awarded one each for winning a match and for pinning a foe.

Last night's consolation losers got fourth place tallies. Losers in championship finals wrestled the consolation flight winners to determine second and third places in each of 13 weight classifications. Individual champions and second placers gain berths in the state A-1 tournament.

Finalists

In last night's finals Klamath had Gary Head and Milo Crumrine in the 98-pound title tussle, Dan Ross and Dale Crumrine in the 136 decider, Larry Wishart and Dave Gonzales going for top 141 honors and Art Mills and Dick Fwyning tussling for the 168 toga.

At 115 pounds, Lee Roley and Bob LaCombe, both of Grants Pass, were finalists and Bob Shores and Bill Cole of the Cavemen fought for the heavy crown. Cole was heavy-weight title last year and Roley and LaCombe took championships in 1959 at different weights.

Cramer had Gary Mead, 106, Charles Warren, 130, Dean Lamp, 148, and Al Lamp, 157, in title matches. Warren was 115-pound winner last year.

The tournament opened Friday afternoon.

TEAMS GAIN FINALS

Fresno, Calif. - (UPI) - Fresno State and Chapman Colleges fought their way Friday into the finals of the NCAA college division far west regional basketball tournament. Fresno's shooting accuracy and ball control won a 62-49 victory over San Francisco State while Chapman simply overwhelmed Trinity college of Texas 73-52 in another semifinal.

NIGHT HAZARDS

Chicago - Traffic accidents that occur at night are twice as likely to result in fatalities as those occurring during daylight.

Russians Pushing Electronic Brain

Washington - (Science Service) - The USSR is spending lots of men and money to develop better electronic computers, Samuel N. Alexander, chief of the data processing systems division of the National Bureau of Standards, told the Philosophical Society of Washington.

On a recent trip to Russia, he was told that 400 students are enrolled in the University of Moscow's computation 1 mathematics program.

"I think that may be more than, or at least equal to, the total number who take this specialty in all the Western world," he said.

Mr. Alexander said the USSR's present computers or electronic "brains" are less sophisticated than those in the West. "But the USSR seems to get quite acceptable results, so I am beginning to conclude they do it with better-trained men."

He said the USSR's calculations of satellite paths is an example of the country's ability to get good results.

USSR Chemical Papers Said Ignored

Atlanta, Ga. - (Science Service) - The USSR ranks second among all nations in the output of chemical literature but most of these writings go unnoticed by America's chemical engineers, Lawrence W. Ross of the Georgia Institute of Technology said here today.

In a paper prepared for the four-day national meeting of the American Institute of Chemical Engineers, Mr. Ross said, "Russia produces one-seventh of the world's chemical engineering literature, half as much as America." He said most of it is ignored in the U.S., because of the language barrier.

Mr. Ross said since Stalin's death there has been no "political chemistry" evident in Russian publications but that party-line political meddling had marred earlier scientific literature.
