## School News

**H. P. Jewett School**  
Bill Brewster, principal of the H. P. Jewett Elementary school, Central Point, said students of the school have been enjoying art classes the past few days with Warren Holbrook, art supervisor of District 6C. Several techniques, using various materials such as finger paint, tempera, chalk and water colors, have been used. The students expressed visually their concepts of the springtime activities in which their classrooms are participating.

The first tulips to be taken to Jewett school are going to be greeted by other gay tulips already there. Students in art craft are making papier-mache tulips from the cup-shaped divisions of egg cartons. The children paint them in rainbow colors.

Mrs. Viola Schwab's room has been studying about telephoning. The class practiced with a set borrowed from the telephone company. A film was shown on telephone courtesy.

Students in Mrs. Katherine Leavitt's room have been learning about the four seasons. They have been keeping a weather chart. The children in the room have drawn pictures of what they hope to do during spring vacation. Mrs. Leavitt's second grade students visited the Central Point library last week.

Results of a fire drill last week were reassuring, Brewster said. He considered the importance of students rapidly vacating the cafeteria during the lunch hour. The building was completely cleared in one minute and 35 seconds.
