BLAZING TRUCK—Traffic was blocked for about five hours on Highway 99 near the Dardenelle in the Gold Hill vicinity following collision of two trucks and trailer combinations Saturday, state police said. The other truck can be seen barely out of camera range to the right. A Portland truck driver reportedly escaped unhurt from the blazing cab of his truck. Central Point rural firemen extinguished the blaze and flushed the fuel. The trailers carried general cargo, including detergent, which poured out onto the highway. (Knackstedt photo)

Moscow—(UPI)—Premier Nikita Khrushchev's illness which forced sudden postponement of his visit to France created scarcely a ripple of excitement today in Russia. Details of the flu attack were kept secret.

School Districts Vote Wednesday

An election on reorganization of Rogue River and Evans Valley school districts will be held from 2 to 8 p.m., Wednesday, according to County School Superintendent Alf B. Mekvold.

Polling places will be the Evans Valley elementary school and the Rogue River High school.

The plan to join the two districts was approved by the state board of education at its regular meeting in Salem on Feb. 19.

If the overall majority of both districts approves the reorganization plan it will be passed and become effective July 1. However, if 60 percent or more of the voters of either district turns it down it will fail. Reorganization proceedings may be held up by district petition. If the plan is rejected during a second election then the current plan is ended. The Jackson county reorganization committee must then propose a new plan, revise the current plan or wait a year and propose the same plan.

The Phoenix administrative school district which now includes Talent, Wagner Creek and Phoenix, will decide during a school board meeting tonight on whether to hold a school board election immediately or wait until the May 2 annual school meeting.

Week End Auto Mishaps Claim Lives of Three

By United Press International
At least three persons died in Oregon week end traffic accidents, two of them in Portland.

Gary L. Kearney, 4, Portland, was killed Saturday when he tumbled out the rear of a car and was struck by another.

Hugh Ellis, 68, Portland, was killed Saturday night when struck by a car in south-

Traffic Blocked as Truck Overtakes

A Portland truck driver, Clark Edward Jordan, 35, escaped apparently unhurt when the truck and semi-trailer he was operating overturned Saturday night. The wreck blocked the road for about five hours on Highway 99 near the Dardenelle in the Gold Hill vicinity, state police said.

Officers reported that the accident, about 10:15 p.m., involved two northbound Pacific Motor Trucking company double semi-trailer rigs. They were told that Jordan was following a rig manned by Benjamin John Presnall, also Portland.

Presnall applied his brakes and pulled to the shoulder of the highway, according to the report. Jordan braked, his rig started to fishtail and he attempted to pass the other truck. However, the rear of a trailer hooked on to the front of the other truck and Jordan's combination flipped on to its right side. While the vehicle was sliding, its fuel tank ruptured and caught fire. The operator crawled out through a window.

Rural Firemen
Central Point rural firemen were summoned to extinguish the blaze and flush down the fuel. Their action, police said, prevented fire from spreading to paint thinner which Jordan was transporting along with general cargo. The other rig also was hauling thinner.

Central Point police and sheriff's deputies assisted state officers at the scene and traffic was rerouted over old Highway 99 from Willow Springs, north of Central Point, to Gold Hill.

Central Point rural department sent two trucks and around 10 men to the scene. Firemen aided in transfer of the cargo from the wrecked trailers.

Castro Delivers Bitter Attack Against U.S.

Havana—(UPI)—Premier Fidel Castro delivered a bitter tirade against the United States today and told Cubans they would have to prepare themselves for a "long struggle" against economic subversion and "aggression from abroad."

The premier told his countrymen they must tighten their belts and get used to the idea of spending millions of dollars on arms to save Cuba from the "powerful interests" threatening it.

Rifle National Symbol
Comparing Cuba with the Algerian nationalists in their five-year-old war against the French, the premier declared: "For those interested in knowing, we can say we have more arms than the Algerian patriots."

The national symbol of Cuba at this moment, he said, should be "a man working with a rifle at his side. We can neither abandon the rifle nor our work."

Castro spoke over television for 2 hours and 15 minutes in the early morning hours following a day-long patriotic rally marked by new denunciations of the United States.

Governor Hopes Announcement Will Be Tuesday

Situation Being 'Reevaluated'

Salem—(UPI)—Gov. Mark Hatfield said that as of this morning he had not made a "final" decision on whom to appoint as the successor to Sen. Richard L. Neuberger (D-Ore.).

Holding up the decision was the deadline for withdrawal of candidates, 5 p.m. today. He said he hoped the announcement would be Tuesday.

Might Reopen Door
Although Hatfield Thursday ruled out of contention all persons actively seeking election to the Senate—thus including Sen. Neuberger's widow Maurine—the indication today was that the door might be reopened for her appointment.

Mrs. Neuberger, who filed for her husband's senate seat, is considered by many Democrats and Republicans as well, as the popular and logical choice.

'Reevaluating' Situation
Under a 1953 Oregon law, authored by the late Sen. Neuberger, Hatfield is required to name a Democrat to the position. However the law has not been tested in the State Supreme Court.

The governor said he was "reevaluating" the situation, taken as an indication Mrs. Neuberger still might get the appointment.

Court Interested in Smudge Pots

A meeting will be called some time next week to get progress reports on steps being taken toward prevention of air pollution in Jackson county, County Judge Earl Miller said today.

Miller said he is particularly interested in exactly how many old style smudge pots have been converted or replaced by the less smoke producing types in the various fruit orchards.

"I want to pinpoint what the actual conversion rate is," Miller said. "I will ask for a list of names of the various orchardists and what their rate of conversion is."

Miller was keenly interested in reports that tires were being stockpiled in the Phoenix area for the orchard heating season due in a week or two. He said he is planning to contact those orchardists personally.

"This thing must be done voluntarily or enforcement legislation will be needed," Miller remarked.

Next week's meeting will include representatives of the fruit and lumber industries and the City Sanitary Service.

Of an estimated 50,627 open type heaters formerly used, 10,000 have been converted, replaced, or will be replaced soon by heaters now on order, according to Dunbar Carpenter, Medford fruit grower, and representative of the fruit industry.

Attempts To Reach Miners Continued

Logan, W. Va.—(UPI)—Coal-grimed rescue squads early today began digging three different routes in their effort to reach 18 miners sealed in a coal mine for more than six days.

The exhausted crews late Sunday night inched to within 150 feet of one of two areas where mine officials believed the trapped men may have barricaded themselves from the dense smoke and deadly gas fumes spawned by smoldering fires.

The miners have not been heard from since 8:30 a.m. (e.s.t.) Tuesday when a slate fall ripped down electric cables and started a fire in the Holden No. 22 mine in southwestern West Virginia.

Satellite Sends Strong Signals

Washington—(UPI)—The U.S. Pioneer V, sun satellite, approached the half-million-mile post today on its trek through space, still sending back radio signals to earth.

The 94.8-pound satellite Sunday set a distance record for deep space communications when its radio transmitter—the most powerful ever sent into space—was monitored from 412,000 miles away.

The South Point Tracking Station on the island of Hawaii reported it began a 20-minute reading at 2 a.m. (e.s.t.) today and other attempts were scheduled later in the day, elsewhere in the world.

Many Seek County, State, National Posts

A Talent man Friday afternoon filed for nomination for Jackson county treasurer, bringing to 12 the number of candidates seeking nomination for county offices in the May 20 primary election.

Filing for the Republican nomination for treasurer was Chester (Chet) L. Rapp, 30, of route 1, box 585, Talent.

Rapp, who is a car salesman for the Jim Busch Ford Sales company, Ashland, has lived in Jackson county his entire life. He attended Talent and Ashland schools and is a graduate of Southern Oregon college, majoring in elementary education.

Rapp served as an instructor in the U. S. Air Force for four years. He is a member of Theta Delta Phi, men's honorary fraternity, and the Ashland Elks club.

This candidate is single and makes his home with his parents.

With Rapp's filing all county offices had candidates from both parties.

One Jackson county resident, Dr. Edwin R. Durno, 2512 East Main st., Medford, a Republican and present member of the state senate, filed for U.S. Representative from the Fourth Congressional District. He is seeking the position now held by Charles O. Porter, Democrat, Eugene.

In addition to county offices, candidates from Jackson county also are seeking nomination to the house of representatives and for justice of the peace in Gold Hill and Ashland. Only one candidate has filed for circuit court judge for Jackson and Josephine counties, position No. 2.

Those who have filed for nomination in the primary May 20 are:
