

Adenauer, Ben-Gurion in Conference Aimed at Eradicating Racial Hatred

New York — (UPI) — West German Chancellor Konrad Adenauer and Israeli Premier David Ben-Gurion met for two hours today in an historic first confrontation aimed at easing the hate that Hitler placed between their peoples.

Adenauer said he was "deeply moved" by the meeting. Ben-Gurion said it had confirmed his judgment "that the Germany of today is not the Germany of yesterday."

The meeting began at 9:30 a.m., and Adenauer's 11 a.m.

appointment with U. N. Secretary-General Dag Hammarskjöld was delayed 30 minutes by its length.

The two men posed together for photographers and shook hands warmly on parting.

The unannounced meeting took place in Adenauer's suite in the Waldorf-Astoria Hotel, where both statesmen were staying on separate missions in this country.

Ben-Gurion, who led the Jews in creation of their new homeland of Israel, had come to America to receive an honorary degree. Adenauer, architect of West Germany's restoration to society, was on his way to presummit talks with President Eisenhower in Washington Tuesday.

The unprecedented meeting occurred when Ben-Gurion came down two floors from his 37th floor suite to Adenauer's quarters. Only two

other persons were present — Israeli Ambassador to Washington Abraham Harman and West German Ambassador Wilhelm Grewe.

No previous announcement was made of plans for the session, which was all the more unusual because the two

nations do not maintain diplomatic relations.

Ben-Gurion has repeatedly indicated he favors establishing full diplomatic relations between the two countries, but public opinion in Israel still is strongly against such a move.

Stocks Irregularly Higher at Opening

New York — (UPI) — Steels, autos and electronics featured an irregularly higher stock market today.

Youngstown Sheet and Republic rose a point or more in the steels where U. S. Steel added around a half.

Du Pont fell more than 1 and Allied Chemical nearly a point in the blue chips.

Motorola added more than 2 and Zenith more than a point in a mostly higher electronics section. Ford was up a point in the autos, American and General Motors a small fraction. Chrysler turned a small opening gain into a loss during the first hour.

Carter Products jumped more than 3 in the drugs, U.S. Smelting more than 2 in its section and Polaroid around 2 in the cameras.

Westinghouse and General Electric favored an easier price trend. New York Central picked up a solid fraction in the rails.

New Drug Helps Mental Patients

Chicago — (Science Service) — Mental patients formerly considered hopeless are now able to fight their illness with the aid of the drug LSD-25, two psychiatrists said here.

Drs. Arthur L. Chandler and Mortimer A. Hartman of the Psychiatric Institute of Beverly Hills, Calif., reported on the use of the drug, lysergic acid diethylamide, in 110 patients.

With LSD-25 as an aid, it has been possible to "reach" and work with patients who are otherwise unresponsive to psychotherapy. Several patients had had as much as six years of previous analytic therapy with no success. After 20 to 40 LSD-25 sessions, they were either discharged as markedly improved or appeared to be well on their way to the resolution of their basic problems, the psychiatrists said.

SOUND CUBA WARNING

Washington — (UPI) — A veterans' organization has warned Americans against travel and investment in Cuba. A resolution adopted Sunday by the National Executive Committee of Amvets also called on the U. S. government to "exert every effort to protect the personal liberty and resources of Americans presently in Cuba."

SOCIAL WORKER DIES

New York — (UPI) — Mrs. Adele Rosenwald Levy, 67, a social service leader who had served on citizens committees named by former President Truman in 1950 and New York Gov. Nelson A. Rockefeller this year, died Saturday night.

Matador Missile Crash in Formosa Strait Reported

Taipei, Formosa — (UPI) — A U. S. Matador guided missile veered off course in a test firing in January and crashed into the Formosa Strait between Nationalist and Communist China, a U. S. military spokesman said today.

The spokesman made the statement in response to a question from United Press International.

He said the six-ton Martin missile crashed before it came close to the Communist-held mainland.

Accusations Issued — Although such test missiles are not armed, Red China was considered certain to make much propaganda over the mishap. Peiping issued a torrent of accusations and warnings about American "hostile" intentions toward Red China when the Matadors were installed.

The Communists also did not have to worry about losing face or having to retaliate which might have been the case had the missile reached the mainland. But the crash site was not close enough for propaganda purposes.

The Matador is a winged guided missile — actually a pilotless jet dive bomber — with an operational range of more than 500 miles.

It is the largest missile guarding Formosa and can hop the 100-mile Formosa Strait and fly deep into Red China.

SINGER RETIRES

New York — (UPI) — Soprano Nadine Conner made her farewell appearance with the Metropolitan Opera by singing Marguerite in "Faust" Saturday night. Miss Conner made her debut at the Met in 1941. She said she was retiring to spend more time with her husband, Dr. L. H. Heacock of Compton, Calif., and their two children.

TREMORS SHAKE ALGIERS

Algiers — (UPI) — The Algiers region was shaken by three earth tremors Sunday but there were no reports of injuries or extensive property damage.

U.S. Conducts Training Exercise in Caribbean

Washington — (UPI) — The United States moved a large military force into the Caribbean area today in a training exercise.

The Air Force and the Army joined forces in "Operation Big Slam-Puerto Pine" — hauling 18,000 troops from throughout the United States to Puerto Rico.

The Defense Department said the exercise was to test the mobility of the Strategic Army Corps, the combat force maintained "at the ready" for

sudden need.

It was also a test of the ability of the Military Air Transport Service to airlift troops and equipment on a large scale to an overseas area.

Paris — (UPI) — Someone threw a "Molotov cocktail" gasoline bomb through the display window of a bookstore specializing in Communist literature Sunday. Firemen were able to douse the blaze before there was extensive damage.

Meanwhile, operation "Banyan Tree II" was still underway in Panama. In that exercise United States forces were

joined by troops from Peru, Brazil, Colombia, Chile and Panama.

The Navy was participating in both exercises and said it had other training maneuvers scheduled in the troubled Caribbean in the next few months.

The department maintained that all of this activity was routine, and was planned months before the strained relations between the United States and Cuba developed.

Camp Fire Girls

The Pretty Bluebirds of Talent visited Mrs. Iva Tuggle, 104 South First street, Monday afternoon to view her collections of rocks and shells, and other articles.

Mrs. Tuggle showed the girls many kinds of rocks in her garden, as well as many polished rocks which she has made into jewelry, book-ends and knick-knacks. She also showed them a collection of shells.

As a special treat, Mrs. Tuggle served a shamrock-decorated cake and gave each girl a piece of petrified wood mounted on a pin.

Making the outing were Mrs. James Engberg, leader; Judy Wright, Pamela Engberg, Susie Grimes, Barbara Smelzer, Thelma Krueger, Linda and Glenda Ponder, Belinda Klimik, all members; and Kathy Daugherty, a visitor.

The girls sang "Happy Birthday" to Barbara Smelzer, who was celebrating her birthday.

Tanda Group

The Tanda group held a meeting at the home of Linda Jefferson. We visited the radio station KYJC. We heard our voices played back on a tape recorder. For refreshments, Linda served her birthday cake.

The officers of the group are president, Julie Hoxworth; vice president, Linda Jefferson; secretary, Kathleen Christensen; treasurer, Susan Shelton; and scribe, Janice Lampkin.

Gin Rummy Title Pays Off \$17,225

Las Vegas — (UPI) — Jeweler Alex Berger was en route home to New Orleans, La., today with \$17,225 winnings in the fourth annual Gin Rummy Tournament.

In the final match of the four-day competition, Berger defeated Robert Nelson, Salt Lake City laundry owner, by a score of 526 to 341, to win the tourney.

In the morning semi-finals, Berger defeated Meyer Horn, Beverly Hills, Calif., and Nelson won from Mrs. William Lazar, Culver City, Calif.

The tournament, which featured \$72,712 in prizes, attracted 626 players from throughout the United States, Canada and Mexico.

TO OPEN BIDS

Salem — (UPI) — The State Highway Commission opens bids March 29 for work on the Thomas Creek-Brookings unit, Burnt Hill-Brookings section of the Coast highway. It calls for 7.73 miles of stone base, binder and aggregate production.

CHASSIS
UNITIZED BODY: Extra strong, extra solid with zinc-coated underbody box-section members.

FRONT SUSPENSION: Ball-joint front suspension with anti-dive feature. Coil front springs. Internally mounted hydraulic shock absorbers.

REAR SUSPENSION: Alloy steel, leaf-type rear springs for greater stability. Flotchies Drive. Direct-acting, angle-mounted hydraulic shock absorbers.

STEERING: Recirculating ball-and-nut type steering gear. Over-all steering ratio: 27.0:1.

BRAKES: Hydraulic, internal-expanding type. Total brake lining area: 114.3 square inches (station wagons: 137.2). Brake drum diameter: 9 inches.

WHEELS AND TIRES: Stamped steel disc wheels, 13-inch diameter. Tire size: 6.00x13, 4-ply rating except station wagons which are 6.50x13, 4-ply rating. White sidewall tires optional at extra cost on all models.

POWER PLANT
THRIFT-POWER 6: High-economy, inline 6-cylinder block. Overhead valves. Displacement: 144.3 cubic inches; horsepower: 90 at 4200 rpm; maximum torque: 138 at 2000 rpm; compression ratio: 8.7:1; recommended fuel: regular grade.

ELECTRICAL: 12-volt system, 54-plate battery. Centrifugal vacuum spark control. Positive engagement starter. 18mm anti-fouling spark plugs.

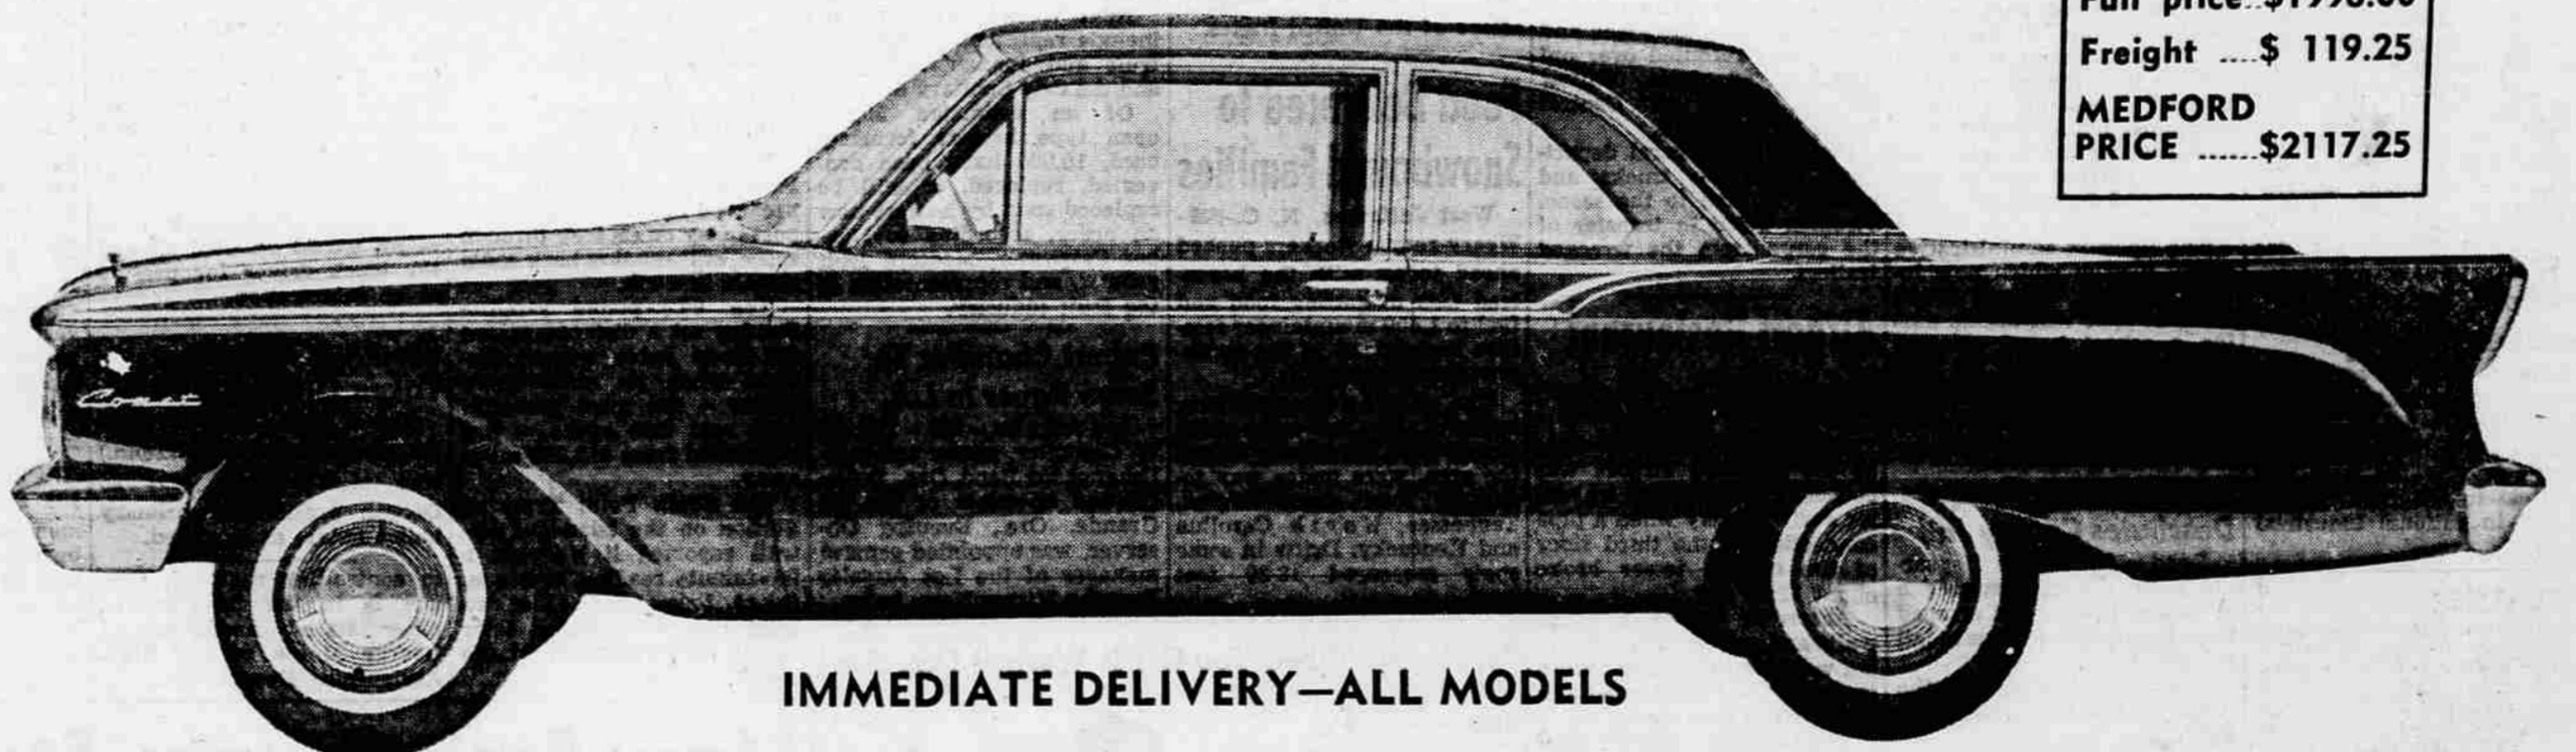

TRANSMISSIONS AND REAR AXLE
COMET DRIVE AUTOMATIC TRANSMISSION: 5 position selector lever. Selector positions: P(Park), R(Reverse), N(Neutral), D(Drive), L(Low). Fully automatic air-cooled fluid torque converter with 2-speed planetary gearset. Air cooled. Oil capacity (refill): 7.25 quarts.

THREE-SPEED MANUAL SHIFT TRANSMISSION: Selective gear type with three forward speeds. Gear ratios: First gear: 3.29:1; Second gear: 1.75:1; Third gear: 1.00:1; Reverse gear: 4.46:1. Oil capacity: 3 3/4 pints.

bright new star of the new-size cars—

COMET

a brand new car by the Lincoln-Mercury Division of Ford Motor Company

IMMEDIATE DELIVERY—ALL MODELS

BRIGHT NEW LOOK . . . RIGHT NEW SIZE . . . Comet has fine car styling for the economy-wise, and it's priced squarely within the range of the smaller American cars! Comet is two feet shorter than conventional cars, yet its 114-inch wheelbase is just right for sure-footed stability and a feeling of solid security.

On the inside there's living room for six passengers. (Lavish is the word for Comet fabrics and appointments). You ride in quiet, too—with sound hushing, heavy insulation all around. Sedan or wagon — Comet is just right for you! Plan to come in Thursday to see your next car!
